REVIEW FOR EUROPE.

The great event of the fortnight has been the public inauguration of the Telegraph line between this city and Montevideo.

The Paraguayan war still continues, and the last steamer from headquarters brings the news of another engagement which took place on the 4th inst.

THE WAR IN THE NORTH. The Esmeralda brings dates to the 6th inst. The story of a battle on the 4th inst. was a revelation.

THE BELGRANO RACES. On Saturday the long talked-of races came off. At an early hour it was pretty evident to the casual observer that there was something more than ordinary importance about to take place in the suburbs.

large, we believe that the land in question will be sold cheap, and the great bulk of the territory offered for sale pass into the hands of English owners.

The Provincial Government of B. Ayres has commenced a special meeting of the Chambers for the purpose of fixing the value of the paper dollar and the price of public lands.

As regards the Public Land Law, it is to be hoped that the Legislature will at once dispose of this question.

All our railways are doing at present a great trade: the Southern Railway probably stands first on the list.

The Northern Railway is also doing a very large business. The Government has named a committee to inspect and report on the state and condition of the road.

The wool markets are now crowded, and heavy arrivals in the Plazas each day. Prices however have sensibly declined, and the principal sheepfarmers are shipping their wools this season.

DEPARTURE FROM SINBAD. Our graphic and popular correspondent of the war is, we are happy to learn, now convalescent, as will appear from the following:

Yours, SINBAD.

THE BELGRANO RACES. On Saturday the long talked-of races came off. At an early hour it was pretty evident to the casual observer that there was something more than ordinary importance about to take place in the suburbs.

The betting during the day was very heavy, and the foreigners lost a good deal of money and grumbled about one or two of the occurrences above alluded to.

GRAND FETE AT VILLA LUJAN. On Saturday, being the feast of the Immaculate Conception, was the festival day of Villa Lujan.

Breakfast was laid out in first-rate style at the Municipal school-house, and after this important item in the day's programme we proceeded to the church.

The races at Belgrano were well attended, on Saturday, and the weather was all that could be desired.

The municipal banquet came off at 7 p.m. at the large hall of the new school. The table was elegantly decked out, and covers were laid for 60 persons.

THE TRAIL STAKES, of \$400 each, with \$4,000 added, Once round, 147 fms. For horses that have never before run at Belgrano.

The Governor of Rioja is hourly expected in San Juan, from official despatches already received; although no fear is entertained of the revolution spreading to this province.

LATEST FROM ROSARIO. Rosario, 4 December, 1866.

We see by your paper that there is a dissatisfaction expressed in reference to the sentence passed on the murderer of Mr. Marshall.

The Cordova Government not content with supplying the requisite Paraguyan contingents has magnanimously placed at the disposal of General Paunero all the National Guard which the General asked.

We may therefore regard this disgraceful riot as among the things that were, and we shall have well profited of the past danger if it but serve as a caution to us in future against those ruffians who would avail themselves of our free institutions to trample on the Government and rights of the people.
