## MAUA BANK.

CALLE CANGALLO, Nos 101-103

The Offices of this Bank having been removed to the above spacious building, in order to suit the increasing flow of business, the public is informed that the following transactions are carried on in currency and specie in this Bank:

First—Bills and obligations with good signatures are discounted on conventional terms.

Second—Money is advanced on mercantile and other securities approved of by the Manager.

Third—Accounts current are opened with Merchants or other parties who may prefer depositing endorsed and, transferable securities, against which they may draw up to an amount previously convened under conditions established for such class of operations.

Fourth—Money is received in account current, bearing interest from day of deposit, which is accumulated in favor of the parties every three months, the depositors being allowed to retire at any time, by means of checques, part or the full amount at their wish, save when the quantity exceeds three hundred doubloons or one hundred thousand dollars currency, in which case forty-eight hours' previous notice is required to be given at the Treasury of the Bank.

Fifth—Bills or letters of credit are drawn and taken on Montevideo, Rosario, Sta Fé, Salto Oriental, Paysandu, Rio Janeiro, and other places in the Brazils, England and France, as also on other places, of which notice will be given hereafter.

after.
Finally, the Bank undertakes and executes all

ing operations.
The establishment is always open from 9 a.m.

#### MY TRIP TO ROSARIO. To the Editors of the 'Standard.' Gentlemen.

Allow me to corroborate what an English merchant said of the steamer Iron King and her worthy captain, Thompson. She is certainly the fastest rope, for a very large supply of manuboat on the line to Rosario, having arrived there in the forenoon lately. whilst another boat that started from this port at the same time, and took a shorter route, did not arrive until five o'clock in the afternoon. In a word, the whole, even to the bill of Custom House are in advance of last fare, is sterling.

I found Rosario dull, but it realized in climate, position, and prospects, in of their surplus, which had a tendency my opinion, all that is said of it; I to keep it down, but as they have now admired the neat manner the metal for ceased selling, it is again rising. the railroad is piled, and also the great quantity there is of it, likewise the easy way of unloading the vessels; all this is 'sterling.' I was sorry to see them rolling in earth from the 'barranca' as ballast, this is 'not sterling.' Seeing the great number of bullockcarts in the plaza, methought copper would answer better: the Iron King of interest with proper securities. brought down a good quantity to B. ## SAVINGS BANK. BANK MAUA AND CO. BUENOS AYRES.

The immense advantages of Accounts Current are now so generally felt and appreciated in the two great emperiums of the River Plate, Montroides and Busnos Ayres, that there are very few Merchants who fail to keep one at the bank in which they place the most confidence. The Bank of Maus and O. in Montroides has already provided for the working classes in that city a sofe and profitable depositary for their savings.

The sums deposited in that wost important institution are daily increasing, and already mach a major large manual.

the tests a sofe and profitable depositary for their savings.

The sums deposited in that most important institution are daily increasing, and already reach a very large amount.

Those advantages have not hitherto been enjoyed in this city by an immense number of cloths, artisans, working men, and servents of all classes and conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in sain of most, sickness, or old age, instead of spending them in the immoral gambling, in lotheries, and other frivalities.

The Bank of Mana and Co. of this city, tollowing the noble example of their firm in Montevides, were effect the same facilities in this city, and will open a Savings Bank at No. 103 Calle Cangallo, from Nine a.m. till Three p.m on Week Days, and on Sundays and Holidays from Ten am. to Twelve m., for the reception of the savings of the classes already mentioned.

The Bank will deliver to each depositor a pass book, in which will be entered the amount deposited and withdrawn.

The depositor is permitted at any time to withdraw the whole or part of the sum deposited; in the foreser case the interest will be calculated up to date.

The Bank of Maua and Co. is sufficiently known to the Public by the benefit derived from the course of its operations, which are regulated on the strictest and so:indest principles, and always directed to promote the general welfare

The trans of Maua and Co. are also persuaded that this new oranch of their business will render tumense service to the working classes of Buenos-Ayres and its neighbourhood.

Bonds purchased, 143,300 hard dollars The Bienhechora offers three various modes of Insurance to its subscribers: 1st, with the loss of capital by the death of the Insured party; 2nd, without loss of capital in said event; 3rd, with mere compound interest.

In the first form the Insured party has a right to:
1 To compound interest on the bonds

purchased by the capitals received by the Company. . To a propertionate share of the capitals and interest of those who die in

their respective sections. . To a proportionate share of the Capitals and Interests of forfeited sub-

scriptions. To a proportion of gains resulting from increased value of the National Bonds acquired by the inversion of

In the second form the Insured claims Compound Interest on the National Bonds purchased by the Association, A proportionate share of the Interest due on the Capitals of those who die in the respective sections, which capitals are returned to the subscribers

. A proportion of the interest due on forfeited shares. A proportionate share of the profits arising from the increased value of the National Bonds, acquired by in-

version of funds. Finally, in the third form, gives a right to the corresponding interest produced by the Bonds purchased with their subscriptions, and the successive reinvestment of such interest, effected quarterly, when the coupons are paid up by the public treasury.

are paid up by the public treasury.

So marvellous are the benefits arising from the employment of Capitals in Public Funds, assisted by the combinations offected by "La Bienhechora," based upon the Mortality Tables of Deparcieux, and the interest produced by the 6 per cent. Consolidated Bonds, that taking for a model, the result given by other companies established precisely in the same form and basis, but with an accumulative interest much inferior to that gained by the "Bienhechera,' that it is enabled to present as positive the following tables showing the gradual progression of capitals for a subscription of:
