THE GROWTH OF WOOL IN INDIA

For some years past the Bradford Chamber of Commerce have made efforts, through the aid and co-operation of Her Majesty's consuls in different parts of the world, to stimulate the production of wool required in the vorsted and woollen districts, and for that purpose they sent out some years ago a small flock of Leicester rams and ewes to India. The sheep were intrusted to the disposal of Mr. P. M. Dalzile, at that time Her Majesty's collec tor of customs at Kurrachee. OH 'CHANGE

Oct. 30th, 1865. Paper price of ounces, \$417} Do. sovereigns \$128 First price of patacons. 26 15

Lest 26 10 The only business done on 'Change to-day we 243,500 were sold at 26.15, and 122,000 for the end of November at 26.15; but the business in specie is now so limited, that no operation fast vanishing. In gas shares we notice a sale of 50 shares at 25 per cent, premium, 'at which rate there are buyers. The non-arrival of the French lers save at an increased rate. In the wool markets the arrivals are heavier, but the prices rule very flat, notwithstanding that one wool sold today at 90. The sales in the South Plaza are as follows :--

4 carts, Mr. Keens, at 714 3 do., native owner 73. 2 do. do. 75. 4 do. do. 70. 2 do. do. 5 do. Mr. Arthur's 85. 3 do. Mr. 1 do. Mr. Carroll

About 30 carts unsold. Nothing at the station ome wool from the Espartillar expected. In the North Plaza the prices obtained were no so good, and there seems to be less animation in this market.

4 Carts at 80-Mr. Slevin 2 do. 78-no carretilla. do. 70-

65-with abrojo grande. do.

We hear that Sr. Stegman's wool is shortly expected to arrive. Sr. Gandra's wool has not vet been sold. Sheepskins are active; 230 mata lero at 225 per dozen; 40 dozen at 18 rls.

The Brazilian Government has chartered the ridean National dollar per head for 1,000 soldiers

Money rules very abundant : paper money of irst class signatures can be obtained at one per cent per month, and gold at 3/4: indeed. w never remember a year when at this period monsmall boat was going to the mole head ey was so cheap and abundant and paper dollars

We heard of a sale of a cargo of salt, Cadiz, a 17 rls. Salt has a decided upward tendency.

Wool buyers on 'Change complain bitterly of the burry state of the wool which as yet has come to market; some of these buyers state that their orders are such that if even they got woo at half price they could not take it. This dirty state of the wool is causing a depredution in price and a general disinclination to b:

Some sales in the camp of small lots of woo ere reported, but they are unimportant,

The saladeristos, we learn, are preparing to commence operations. Novillos are in good condition, but estuncieros have great pretensions. Sr. Martinez wool of Areco is expected in the

narket in a few days, as the carts have already started. In another week the market will be full
