Letter

To the English Public. PROFESSOR CALVERT'S DISINFECTANT FLUID AND POWDER.

The Cheapest and Most Recommended.

The air of every house in the city and of every casel in the port of Buenos Ayres should now be vessel in the port of Duenos Ayrea should now be saturated with the fumes of this Disinfectant. Hydrate of Phenyle [the base of Calvert's Dis-infectant], a preparation of coal tar, has been pro-nounced by the medical profession of England and other parts of Europe as one of the most and other parts of Europe as one powerful Disinfectants yet known. It has been used with great success in hospitals

putrid fevers, small pox, &c.
Dr. Christopher Johnson [celebrated Physician] in Sept., 1865, writes:—"Hydrate of Phenyle is to tar what quinine and morphia are to bark and opium, so whatever tar can do in curing or preventing disease Hydrate of Phenyle may be expected to do much more effectually. Tar is one of the oldest renledies known and its Disinfectant powers are manifest after a lapse of ages in Egyp-tian mummics. . . . Hydrate of Phenyle is a powerful Disinfectant, much safer that chlorine, and I have no hesitation in recommending its use to correct bad smells of every kind and pre-

vent or retard infection.

The Fluid, in Bottles, as \$5 and \$8. The Prune, in Dotties, as 50 and \$5.

The Powder, in Packets, \$5, \$10, and \$16.

THROAT, CHEST, AND LUNGS

The true Mexican Anacahuita, from which our Pectoral is made, is a remedy for Pulmonary Discuses, which has been known and fully tested in that country for many generations. The native Indian tribes were probably the discover-ers of its wonderful medicinal virtues, as it is among them where we first find it in use; later we find it prescribed by the leading College of Physicians in Berlin, and much prized by them as a safe and reliable remedy for some of the worst forms of Pulmonary Affections. Our own experience since we first introduced our Pectoral of Anucahuita, now over ten years ago, has been of the most satisfactory and encouraging nature. From Cuba, Mexico, West Indies, Brazil, Bucnes Ayres, Chile, Peru, Ecuador, New Granada Venezuela, and Central America, we have man letters and certificates of cures effected by it engially in such diseases as Consumption, Coughs, Asthma, Colds, Croup, Bronchitis, Hoarseness,

Pleurisy, Scre Throat, Hectic Fever, and Difficult Breathing.

We have combined in our Pectoral various other valuable medicinal herbs, which we find makes the action of the Anacabuita more speedy

BANK MAUA AND CO.

101--Cangallo--103. BUENOS AYRES.

The immense advantages of Accounts Current are now so generally felt and appreciated in the two great emporiums of the River Plate, Montevidee and Buenos Ayres, that there are very few Merchants who fail to keep one at the bank in which they place the most confidence.

The Bank of Maua & Co. in Montevidee has already provided for the working classes in that city a affe and profitable depositary for their savings.

The sums deposited in that very important in-stitution are daily increasing, and already reach s very large amount.

These advantages have not hitherto been en-These advantages have not hitherto been enjoyed in this city by an immense number of clerks, artisans, working men, and sorvants of all classes and conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need, sickness, or old age, instead of spending them in the immoral gambling, in lotteries, and other frivolities. The Bank of Maua & Co. of this city, following the noble example of their firm in Montevideo,

now offer the same facilities in this city, and has

book, in which will be entered the amount deposited and withdrawn.

The depositor is permitted at any time to withdraw the whole or part of the sum deposited; in the former case the interest will be calculated up

Buenos Ayres, 2nd January, 1867.

P.P. MAUA & Co., M. A. DE FREITAS AMORIM.

First—The Bank receives at interest any sum from Twenty-five Dollars currency or one Silver Dollar upwards.

Second—The interest allowed is six per cent. (6 p.S) per annum, which is liquidated every six months.

Third—The depositors can at any time retire the whole or part of the money deposited.

Fourth—Once the money deposited exceeds twenty-five thousand dollars currency, or one

thousand dollars silver, the depositor, if he wishes can open an account current, according to the rules established by the Bank.

Fifth—In case the depositor loses his puss book, it can be replaced by one the roll of the public newspapers.

It is a sure and speedy relief. With the very elite of fashion it has for 25 years maintained its ascendancy over all other perfumes throughout the West Indies, Cuba, Mexico, and Central and South America, and we confidently recommend it as an article which, for soft delicacy of flavor, richness of bouquet, and permanency, has no equal. It will also remove from the skin

a marked improvement, both in local and grazal
aymptoms. There will be observed a remarkable
increase of nervous power, a better appetite,
greater regularity of the bowds, better digestion,
less cough, less expectoration, less susceptibility
of catching cold, less perspiration at night, etc.
