

a long time, and on representations being made by the local committee, the Government replied: "Very well, gentlemen, if you will give a guarantee that the accounts will bear examination, and to repay any excess, the amount claimed will be handed over."

Mr. Herpath.—Was the exact amount claimed paid by the Government?

The Chairman said the exact amount was paid at par of the exchange rate for the sovereign at Buenos Ayres. This involved a loss of 1 1/2 per cent.; but the committee judged it best to take the money. He thought that the local committee acted most judiciously in adopting such a course.

Mr. Wheeler seconded the resolutions. Mr. Balman said that the report, in the absence of accounts, did not show the shareholders the actual condition of their affairs. The prospects now held out were certainly flattering, but their prospects had been flattering from the very commencement. The fact remained that the railway had been at work for two years and they had not yet obtained a dividend.

to the question of income tax. At last meeting it was much discussed. Many objected to its being deducted from the debentures, and in practice it was found difficult to carry out the resolution as passed. The board had therefore come to the determination that it would be most convenient for the company to pay the income tax. (Hear.) The chairman concluded by moving a resolution to this effect, and also that the report of the directors be approved and adopted.

LA VERDADERA CHOCOLATE. Many people suffer from their know not what. It is not the sick that are not well. There is no name for it. It is simply weakness—a breaking down of the vital forces. Whatever its cause (and it is very numerous) its symptoms are in the main the same. Among the most prominent are extreme lassitude, loss of appetite, indigestion, a sour stomach, and a frequent inclination to vomit. Now, what these symptoms really want is vigor and strength, and as a matter of fact, the only remedy that can restore the system to its normal health is CHOCOLATE.
