IMPORTANT FROM MONTEVIDEO.

Montevideo, June 11, 620 P.M.

Although the weather has been wet

the Bolsa has been well attended.

Few sales effected in local securities.

Bank paper in considerable request,

and Maná has sold in large quantities

at 24 and 24 1/2 dis.; Italian Bank paper

has changed hands at 24 dis. No

transactions reported in the paper of

the Montevideo Bank.

Exchange upon London passed at

51 1/2 and 52, gold; on France, business

done at 5.35 and 5.40; on Rio, 500

ounces have been done at 46,000 per

ounce; on Buenos Ayres, 1/2 per

cent. discount.

To-morrow the Camaras will leave

sitting, but a permanent Commission

has been named.

Nothing further positively known of

the intentions of the Government with

regard to the Bank question.

It is privately rumored that an ar-

rangement will be arrived at by which

the defunct banks will be entirely shut

out.

Average on cargo of Sirena, from

Buenos Ayres to Bahia Blanca, \$1.62

Average on cargo of Febo from

B. Ayres to Bella Vista, \$1.2,950 08.

The loss of the Eponina, formerly

the Porteña, in the river Paraguay

was disputed by the Company, but the

question was decided in favour of Sr.

Galvan, the owner. Still, the Com-

pany hopes to be able to cover this

loss, as a claim has been made on the

Brazilian Government for the amount,

which, it is thought, will be admitted

by that Government. The total loss

is put down at 110,000 pats., and,

further, the gains on the contract,

which paid \$10,000 per month.

Thus after deducting \$168,007 the

total of the foregoing losses, there still

remain \$1,33,765, which was distrib-

ed accordingly, dividend of \$116

per share, \$116,384 and \$117,381 40c.

placed in the reserve fund which now

amounts to \$7,62,837.69, besides an ex-

traordinary reserve fund of \$1,20,000.

The agency in Montevideo is now

beginning to pay, within the last year

its business has increased immensely.

Mr. Edward Lamb and Mr. Mariano

Casares were elected Directors at the

meeting.

We note that the total amount of

premiums paid during the year is

\$1,115,565.

The total cost of management for

the year is also an interesting item—

it only amounts to \$4,346, which is

extremely reasonable. The share-

holders, however, presented the em-

ployees of the Company with the sum

of \$1,024, to be distributed.

Such statements are, indeed, fit mat-

ter for publication, and we compli-

ment the shareholders of this Company

on its thriving fortunes. The report

in question is signed by Mr. Thomas

Armstrong, President; Mr. J. Parra-

vizca, Vice-President; Messrs. M.

Casares, Ambrosio Lezica, B. Itur-

raspe, A. Demaroli, Directors; and

Mr. F. F. Moreno, Manager.

RIVER PLATE WOOL.

The advices received by the packet,

respecting River Plate wool, are of

great importance, and show that even

in the face of unprecedentedly heavy

arrivals, prices have not given way as

much as it was feared.

The bulk of wool shipments from

Buenos Ayres have been to Antwerp,

whilst those of the Banda Oriental

are to England, but we note, with

much pleasure, that our wool trade

with England is steadily on the in-

crease. The imports of River Plate

wool to England for 1868, up to 31st

May, amount to—10,058 bales, against

8,600 bales, for same period in 1867,

and we note since the year 1861, our

wool trade with England has been

steadily advancing up to 1866, as will

appear by the following—

River Plate wool. 1861 9,375 bales

Do do 1862 9,560 do

Do do 1863 15,398 do

Do do 1864 15,699 do

Do do 1865 15,055 do

Do do 1866 18,718 do

Do do 1867 16,495 do

31st May do 1868 10,058 do

Again we find, from the manufac-

turers returns in England, that the goods

made from Australian, Cape, and River

Plate mestiza wools are steadily on

the increase.—

For the year 1866... £1,858,726

Do do 1867... 1,920,461

To May 31, 1868... 1,302,222

Whilst the goods made from long

wools, English, Alpaca, &c., show a

falling off—

For 1866... £6,410,265

For 1867... 5,807,221

Goods made from Russian, East

Indian, Turkey and other coarse wools,

and Scotch Highland wools, also show

a decrease—

For 1866... £718,258

For 1867... 711,690

The arrivals of River Plate wool

have fairly astonished the Belgian ma-

nufacturers. At the Antwerp auctions,

which closed on the 20th May, 30,000

bales B. Ayres and Montevideo were

offered, of which 26,000 bales sold.

As the sales progressed, competition,

not at any period active, became very

slow, and prices still further declined,

showing at the close, a fall, compared

with March auctions, of 3d to 1d per

lb. The condition of the present clip is

much complained of, and two-thirds of

the wool sold at these auctions realised

only 6d per lb. or less. A fair style of

merino and mestizo sold at 6 1/2d, and

exceptional parcels of B. Oriental at

8d to 9d per lb.

But from the accounts received by

this packet we learn the following re-

specting the Antwerp Wool Market:

The sales since auction about 1,500

bales. Stock including arrivals to

date, 30,000 bales.

Demand was

ATTACK ON TIRO. The advices from head-quarters, by last mail, are unusually insipid. The Allies are in the same position, and the town of Curupaiti is rising in importance...

The British gunboat Beacon has arrived, and gone up to anchor in front of Curupaiti. At the 'Te Deum' in Corrientes General E. Mitre, and all the great Brazilian authorities attended; also the Foreign Consuls, and at night the 'fuecion' wound up with a grand ball in ex-Governor Lagragna's house.

A French 'café chantant' is about to be started in Corrientes. It is thought it will pay well. The Brazilians in the Gran Chaco, are very busy since the last affair, and great preparations are going on for an attack on the last foot-hold of the Paraguayans in the Chaco, Timbo, which is represented as a very strong place, and with a numerous garrison.

When the steamer left, the attack was thought had taken place, so heavy was the cannonading heard at Corrientes. The 2nd of the Line, with General E. Mitre, is now quartered in Corrientes. The hospitals are all full, and medicine and lint running short. Orders for supplies have been sent to Montevideo.

According to latest accounts Caceres is in the Department of Esquina, and there seems no doubt of his having drawn some men from the Alto Uruguay. Colonels Reguera and Ocampo are in the Villa Mercedes, on the other side of the Corrientes river, and it would not be astonishing that whilst they seek him there he may suddenly appear on this side.

Much division is said to exist among the members of the Government. After the decree fixing the day of elections to the Provincial Parliament, it was found out that Minister Lagragna was endeavoring to secure the return to the Chambers of his own private friends, whilst his colleague, Minister Gregorio Pampin, was away in Goya taking measures for the submission of Caceres. The Governor requested Lagragna to resign. Five days have, however, elapsed, but nothing has been done.

Two candidates for the Governorship are in the field, Dr. Torrent and Don Juan Vicente Pampin; the latter seems to have far greater chances of success, and is said to be the best man of the two. He is supported by the present Provisional Governor, and relies upon the influential family influence of the Lagragnas and the Pampins.

UNITED STATES.

New York, June 5 1868. Immediately upon the acquittal of President Johnson the managers and some of the members of the House of Representatives had Mr. Woolley, a Democratic agent and witness at the trial, arrested. He was charged with bribery and corruption of senators, to induce them to vote for the acquittal, and also with being in collusion with the secretaries of the President. Mr. Woolley declines to testify, and remains imprisoned. The impeachment managers have made a lengthy report, asking that Charles Woolley be forced by the House to give evidence. This report also cites Thurlow Weed's testimony, admitting that senators were induced to vote for acquittal by bribery. The plot was discovered by the seizure of all the telegraphic despatches of the Western Union Telegraphic Company at the Washington offices. A further demand was made, but resisted by the company.

The noting at Hayti continued. The Cacos had surrounded Port-au-Prince and defeated General Chevalier. Salnave had reached Port-au-Prince, and had issued a proclamation, stating that the consulates would be attacked if the refugees were sheltered, and extreme penalties would be inflicted. The consulates were crowded.

The American Minister had demanded assistance from Washington. Advices from Jamaica to the 16th state that the Episcopal Congress, after a session of three days, had adjourned without accomplishing anything.

From Mexico news has been received to the 17th inst. The internal insurrections continued. The insurgents possess the mountains around Puebla, and had proclaimed General Marquez regent. The States of San Luis Potosi, Sabasco, Queretaro, and Mexico were at their mercy.

From Ottawa it is stated that witnesses in the M'Gee assassination case have been waylaid and badly beaten.

THE CHICAGO CONVENTION.

The following Resolution were adopted at the National Republican Convention just held at Chicago, and constitute the Republican Platform: "The National Republican party of the United States, assembled in National Convention, in the city of Chicago, on the 20th day of May, 1868, make the following declaration of principles:—

"First.—We congratulate the country on the assured success of the reconstruction policy of Congress, as evidenced by the adoption in the majority of the States lately in rebellion of Constitutions securing equal civil and political rights to all; and it is the duty of the Government to sustain those institutions and to prevent the people of such States from being remitted to a state of anarchy. (Cheers.)

Second.—The guarantee by Congress of equal suffrage to all loyal men at the South was demanded by every consideration of public safety, of gratitude, and of justice, and must be maintained, while the question of suffrage in all the loyal States properly belongs to the people of those States. (Cheers.)

Third.—We denounce all forms of repudiation as a national crime (prolonged cheers), and the national honor requires the payment of the public indebtedness in the utmost good faith to all creditors at home and abroad, not only according to the letter, but the spirit of the laws under which it was contracted. (Applause.)

"Fourth.—It is due to the labour of the nation that taxation should be equalized and reduced as rapidly as the national faith will permit.

"Fifth.—The national debt, contracted as it has been for the preservation of the Union for all time to come, should be extended over a fair period for redemption; and it is the duty of Congress to reduce the rate of interest thereon whenever it can be honestly done.

"Sixth.—That the best policy to diminish our burden of debt is to so improve our credit that capitalists will seek to loan us money at lower rates of interest than we now pay, and must continue to pay, so long as repudiation, partial or total, open or covert, is threatened or suspected.

"Seventh.—The Government of the United States should be administered with the strictest economy, and the corporations which have been so shamefully nursed and fostered by Andrew Johnson call loudly for radical reform.

"Eighth.—We profoundly deplore the untimely and tragic death of Abraham Lincoln, and regret the accession of Andrew Johnson to the Presidency, who has acted treacherously to the people who elected him, and the cause he was pledged to support; who has usurped high legislative and judicial functions; who has refused to execute the laws; who has used his high office to induce other officers to ignore and violate the laws; who has employed his executive powers to render insecure the property, the peace, liberty, and life of the citizen; who has abused the pardoning power; who has denounced the National Legislature as unconstitutional; who has persistently and corruptly resisted, by every measure in his power, every proper attempt at the reconstruction of the States lately in rebellion; who has perverted the public patronage into an engine of wholesale corruption, and who has been justly impeached for high crimes and misdemeanors, and properly pronounced guilty thereof by the vote of 35 senators.

"Ninth.—The doctrine of Great Britain and other European Powers, that because a man is once a subject he is always so, must be resisted at every hazard by the United States, as a relic of the feudal times, not authorized by the law of nations, and at war with our national honour and independence. Naturalized citizens are entitled to be protected in all their rights of citizenship, as though they were native born; and no citizen of the U. States, native or naturalized, must be liable to arrest and imprisonment by any foreign Power for acts done or words spoken in this country; and if so arrested and imprisoned, it is the duty of the Government to interfere in his behalf.

"Tenth.—Of all who were faithful in the trials of the late war, there were none entitled to more especial honour than the brave soldiers and seamen who endured the hardships of campaign and cruise, and imperilled their lives in the service of the country; the bounties and pensions provided by the laws for these brave defenders of the nation are obligations never to be forgotten; the widows and orphans of the gallant dead are the wards of the people, a sacred legacy bequeathed to the nation's protective care.

"Eleventh.—Foreign immigration, which in the past has added so much to the wealth, development, and resources, and increase of power of this nation, the asylum of the oppressed of all nations should be fostered and encouraged by a liberal and just policy.

"Twelfth.—The Convention declares itself in sympathy with all the oppressed peoples who are struggling for their rights."

RIVER PLATE WOOL CIRCULAR.

Liverpool, June 6, 1868. Chiefly owing to a more abundant supply the wool market is scarcely as firm as it was last month; prime parcels sell freely, but anything faulty (i.e., weak-stapled, very dirty, or very burry) meets with restricted competition, and prices favor buyers. Trade in the manufacturing districts here and on the Continent is on the whole only tolerably good, and in some departments barely remunerative. Pre-

sent favorable prospects for the grain harvest assist to promote a latent feeling of confidence.

In River Plate Wools the principal feature has been the public sale in London of 709 bales unwashed Banda Oriental this day. They enjoyed the competition of the large concourse of domestic and foreign buyers who always attend the auctions of Australian and Cape Wools. There was well sustained bidding and good competition, and the purchases were made about equally for home trade and export. The following prices were paid for the leading parcels:—

Miguetele—149 bales. The fleeces sold at 74d to 8d per lb.; lambs at 84d; bellies at 5d.

Sau Carlos—216 bales. The Merino sold at 83d per lb.; 1st Mestiza at 8d to 84d; 2nd Mestiza at 74d; 3rd Mestiza at 64d; lambs at 84d to 84d; bellies at 4d.

San Pedro—276 bales. The Merino sold at 74d to 74d per lb.; 1st Mestiza at 64d to 64d; lambs at 74d to 74d; bellies at 4d to 4d.

On 25th ult. 202 bales Montevideo were sold in London, chiefly 1st and 2nd hand-washed Mestizo at 84d to 13d, and Creolla 74d; washed fleeces 104d to 13d.

At Antwerp and Havre the demand has subsided, and prices are 1d per lb. below the rates current in March and April, when supply was deficient. Public sales of about 35,000 bales will begin at the former place on 14th July, and of 11,000 bales at the latter on the 9th inst.

From the United States our reports still say that trade is dull and unremunerative.

There is a great complaint by all the principal importing houses at the Custom-house Administration not naming a permanent 'vista' for the 'Adriana Chico' in Calle Florida. The delays caused are very serious. Already these deposits hold over four cargoes of Liverpool steamers, and in a short time the deposits will hold double this number of cargoes. It is but fair therefore to the foreign commerce that the Custom-house authorities should name a permanent vista for the place. The matter was much talked of on 'Change, and all hope the Minister will at once accede to the general wish.

The news from Montevideo to-day leaves no room for doubt. On the

SAVINGS BANK.

BANK MAU & CO. 101-Cangallo-103. BUENOS AIRES.

The immense advantages of Accounts Current are now so generally felt and appreciated in the two great emporiums of the River Plate, Montevideo and Buenos Ayres, that there are very few Merchants who fail to keep one at the bank in which they place the most confidence.

The Bank of Mau & Co. in Montevideo has already provided for the working classes in that city a safe and profitable depository for their savings.

The sums deposited in that very important institution are daily increasing, and already reach a very large total.

These advantages have not hitherto been enjoyed in this city by an immense number of clerks, artisans, working men, and servants of all classes and conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need, sickness, or old age, instead of spending them in the immoral gambling, in lotteries, and other frivolities.

The Bank of Mau & Co. of this city, following the noble example of their firm in Montevideo, now offer the same facilities in this city, and has opened a Savings Bank at No. 103 Calle Cangallo from nine a.m. till three p.m. every day, for the reception of the savings of the classes already mentioned, Sundays and holidays excepted.
