It being an admitted fact, that "Money makes money," the object of LA BIENHEUHORA could not be better, since it opens a vast Savings Bank for the surplus or savings of the Public, so that, by the proper employment of 'these small gains, a moderate capital, or even annuity, may be secured in a short time. By this means a provident, though helpless, family can husband their small means, and, in the end, attain a competency.

It being proved that the accumulation of interest is the most powerful means of augmenting the capital, THE BIENHECHORA DEL PLATA—an Argentine Company, whose only investments are in the country—holds out to Institution, by reason of all its dealings being in the River Plate, where are current as large interests as in any part of the world.

## IMPORTANT LAWSUIT.

The briefs in another very import ant case have been laid before us, and as the question embraces a nice point in Commercial law, we have taken the rouble to wade through the pleadings. The facts of the case are as follows:

On the 23d March, 1867, Messrs. Sagory and Lennuyeux, shipbrokers, chartered the Belgian barque Helena, Captain Peter Nassel, then at anchor. in the River Uruguay, but about to arrive at Buenos Ayres, to load for Havre 500 pipes of tallow, or the equivalent in bordalesas, and all the bales which the ship could take to complete her cargo, at the rate of 20s. per ton, issue, and is deserving the attention and [20s. for bales. Forty lay days of merchants, captains and brokers; were stipulated, to commence to run owing to press of matter and its great from the day the ship was duly enter-length we hold it over until to-morrow, ed in port, and placed at the order of but the result of this important case the shippers, the demurrage being is as we have above mentioned; 150 francs per day.

sent suit in the Supreme Federal now definitely settled. Court, against Messrs. Sagory and Lennuyeux, shipbrokers, the charterers of said barque, the Helena. The bill filed by the plaintiff set forth the above facts; and, further, that the said Belgian barque Helena had received 200 pipes tallow from Messrs. Jolly and Co., from whom Captain Nassel was ordered by the brokers to receive the balance of the cargo. As there was some delay, however, about the cargo, the captain applied to Sr. Jolly for the balance of the cargo, who at once replied that he had nothing to grave, on the banks of the Tebicuari, do with the matter, not having coartered said vessel. Messrs. Sagory and Lennuyeux, however, insisted upon the the death of this brave officer, but an camp. captain understanding with Jolly, as they alleged they had only acted as brokers chartering the vessel; the captain, therefore, demanded of the court powert to cancel the charter party, discharge the tallow already shipped

## EDITOR'S TABLE.

Sunday brought us two steamers from Paraguay, the Guarani from the Villa Pilar, and the Goya from Humaita. We think the Guarani can claim the honor of being the first steamer from Pilar to Buenos Ayres since the commencement of the war. The mails, we regret to say, bring the melancholy confirmation of the death of Colonel Martinez de Hoz, whose there no longer seems to be a shadow of a doubt as to his demise. We have no exact advice as regards the movements of the Allies. It would seem, however, that the army is still on the left bank of the Tebicuari. ## THAT SOCIETY AGAIN.

SPHINX.

(COMMUNICATED.) Some few days ago we publicly stated that the Literary and Debating

Sociy' had yielded up the Ghost. We lamented its untimely end and spoke in the most respectful terms of the deceased..

The day following the announcement of its death, we read the alcoholic remarks of the ambitious 'Caliban.' We thought then that the Society had done well to expire. To have received into its bosom a gentleman animated by the humanitarian sentiments that characterize 'Calibaus' last literary effort, would have embittered its last moments and prevented its dying with dignity and decorum.

We are now, however, informed by Wiseacre' that the Society is not dead, but liveth.

Either the gentleman from 'Lancashire' is in the condition of the heathen Gods cited by the prophet, that 'having eyes see not,' and 'having ears hear not' or else he possesses some

novel ideas of what constitutes death. We were under the impression that when an organization gave no signs of life, and had not left back-bone enough to gather up its scattered members and hold a meeting, that it

was practically defunct. If, however, we are mistaken and the Society is only profoundly sleeping, its mourning friends kinow where it

· There unquestionably are many, exclusive even of 'Wiseacre', who can in the quiet of their study with the help of paper and pencil express themselves intelligently. But to rise in public, without a written essay for a prompter, and easily, without hesitation or embarassment, express the subject of one's thought requires more than common sense. It requires self possession, a clear voice, habit of quickly and correctly arranging ideas, readiness to avail one's self of circumstances, and capability of putting one's self in sympathy with the audience.

mental temperament of the individual. but most of it certainly comes from thanks to the efforts of these few men, practice, and practice is precisely what a place of worship placed at their very duced. we all need, 'Wiseacre' included.

For this practice the Society was organized, had a brief existence, and for want of this practice, quietly expired.

It does not, as our "Wiseacre' crudely supposes, 'require great confidence in our peculiar qualifications' to state facts that are within the comprehension of any reasonable man; seems abundantly to have) very great confidence to deny facts so prominent and conspicuous. Our two last assertions the "Lancashire Wiseacre" does should tremble, not so much for his cernment Our "Wiseacre's" persistency can only be reconciled on one that there are not three young men whence they will never be effaced. who can, in English and in public, ex. press themselves fluently and intelligently!

Young men of Buenos Ayres, we appeal to you. Is it not true that we are badly in need of practice in debate! Is it not true that the vast majority of us are utterly ignorant of Parliamentary rules and regulations? Is it not true that when called upon at a public meeting to expressour sentiments on any given subject, we blush, halt, stammer, and hide our confusion pehind a feebly-uttered excuse?

Before we go further, let it not be supposed we address "Wiseacre." He is evidently a superior being, counts as three or more, lives in a higher and purer atmosphere, and can, therefore afford to contemplate, from his elevated nest in 'Laucashire,' our efforts at sel improvement with the complacent smile of superior wisdom.

· We address ourselves simply to or dinary mortals, endowed with what i known as common sense. To these the advantages of an organization having for its object the training and development of our ideas, the acquiring of useful and instructive knowledge are apparent. A man may have ideas but he must know how to utter them. Nothing can be more aggravating than the thought of what we might have said but could not say!

We do not denounce physical development as unworthy our notice. On the contrary, we are an ardent advocate of all athletic sports. We believe in running, jumping and put ting the stone, but we do not believe that these constituted the chief end of life. A man should be so trained as to be fit to occupy creditably any position in life, to sustain himself not only in the ball-room but on the platform, to defend himself not only against the brutal assaults of an ignorant bully, but also quietly but effectively to protect and defend himself intellectually. A man with opinions, and unable effectively either to enforce or defend them, is at the mercy of a man with weaker intellect but a more supple tongue. None of us, probably, will ever astonish the world with our oratory; but let us at least learn to express ourselves in public-as well as in pri vate-sensibly, coherently, and intel MEMBER. ligently.

## INTERESTING FROM CHACABUCO. NEW IRISH CHAPEL

GREAT GATHERING OF PEOPLE. Leones de Mercedes, Aug. 27. To the Editors of the Standard. Gentlemen.

On Tuesday, the 25th inst., I attended the interesting ceremony of blessing the new Irish Chapel, recently erected on Mr. Michael Allen's estancia, partido Chacabuco. The day was peculiarly fine, and an immense concourse of people, native and foreign, assembled to witness the proceedings. The ceremony of blessing the chapel was performed by the Rev. L. M. Leahy, assisted by his brother, Rev. John Leaby. There were two Masses celebrated on the occasion; at the conclusion of the second of which, the Rev. J. Leaby delivered an eloquent

During the day Bonds ruled very weak, but at after hours there was a decided reaction in the market. One or two parties have entered the market as large buyers, and should they continue buying, there can be little doubt that prices will go up considerably. In fact, the speculation for the rise has fairly set in on the Bolsa, Parties are buying now on the supposition, that within one month the war will be terminated.

SARATOGA

THE SARATOGA "A" SPRING WATER is probably the most effective Mineral Water found on either Continent. It will be observed that it has Ten per Cent. greater Mineral properties than the celebrated Confrees Spring, four times that of Baden of Austria, five times that of Aix la Chapelle in Prussie, twice that of Vichy in France, nearly three times greater than the renowned seltzer of Germany, and equally over the Spas of Bath, England, and Kissengen in Bavaria. Analysis of the Saratoga "A" Spring Water, by Julius G. Pohle,

M.D., SURVIVING PARTNER OF JAMES R. CHILTON & POHLE. Bi-carbonate of Lime..... Bi-carbonate of Magnesia ..... 20.480 Free Carbonic Acid Gas ..... 212 Cubic Inches. lphate of Lime..... .288 ulphate of Magnesia..... The value of Mineral Waters has been prized and acknowledged by Medical Men since the

carliest civilisation. A celebrated authority says:—"The virtues of Minoral Waters have been best shown in the treatment of obscure and chronic diseases. In many instances persons have been restored to health, or greatly relieved by, Mineral Waters, where other remedies have failed. The reason, no doubt, is that such Waters must contain compounds not yet known to Chemistry or USES. The reputation of this Water is based upon its effects in Diseases of the Stomach, Liver,

Bowels, Kidneys, and Spleen, and acts with wonderful benefit in cases of Chronic Dyspepsia, Constipation, Gravel, Gout, Scrofula, Cutaneous Affections, General Lethargy, Soreness, and Prostration of the System. BATE & LIVINGSTON,

SAVINGS BANK.

BANK MAUA AND CO. 101--Cangallo--103. BUENOS AYRES.

The immense advantages of Accounts Current are now so generally felt and appreciated in the two great emporiums of the River Plate, Montovideo and Buenos Ayres, that there are very few Merchants who fail to keep one at the bank in which they place the most confidence.

The Bank of Maua & Co. in Montovideo has already provided for the working classes in that city a safe and profitable depositary for their savings.

The sums deposited in that very important institution are daily increasing, and already reach a very large amount.

a very large amount.

These advantages have not hitherto been enjoyed in this city by an immense number of clerks, artisans, working men, and servants of all classes and conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need, sickness, or old age, instead of spending them in the immoral gambling, in lotteries, and other frivolities. the immoral gambling, in lotteries, and other frivolities.

London, E.C., 17th January, 1868. Messrs. Ward and Payne, Sheffield.

Dear Sirs,

While handing you order for our season's supply of Sheep Shears, we express a hope that you will give it the same careful attention as last. It may interest you to know that the Shears and Tools had from you last year have Shears and Tools had from you last year have given our friends entire satisfaction. The best proof that the quality, style, and finish of your Shears have been approved of by our friends is the quantity now ordered, which is 1,000 per cent. in excess of last year's specifica-tion. The only drawback we experienced in supplying your Shears to our numerous Customers all over the Colony was their desire to return Shears of another brand previously supplied, and to get yours instead.

MIGUEL DE ZAYAS, M.D.

Puerto Principo, Cuba, Nov. 1, 1862.
I Certify that I have prescribed, on different occasions in my civil practice, "Kemp's Woxm Pastilles" with good results. I consider them an excellent specific in the diseases produced by Worms. Their pleasant taste and smell is an nportant virtue in prescribing them for children.

Venezuela, July 1, 1862.

I Certify, that I have many times prescribed "Kemp's Vegetable Worm Pastilles," and always with the same satisfactory results, for all kinds of Worms. They are easily administered, and are a safe remedy in such diseases.

FRANCISCO CASALS, M.D.
Matanzas, Cuba, May 10, 1862.
I Certify, that "Kemp's Vegetable Worm Pastilles" is one of the most efficacious remedies for
removing and destroying Worms. I was for a
long time a sufferer from those dangerous vermin,
but the 'Pastilles' have effectually relieved me, and my health is now entirely re-established. I shall always strongly recommend this most agree-

HAS CURED THOUSANDS!

An squarers note: tueso uningerous biscards and specific cases:

Several eminent Members of the Medical Profession, whose testimony may be relied upon with the most perfect confidence, have obtained the most satisfactory results in cases of Consumption by the use of this valuable specific—in fact,

Professor PENEDO feels assured that the above-mentioned discovery will always maintain a vast superiority over all other Preparations, as it is generally known that these invariably contain a large quantity of mineral matter, which is most hurtful to the human frame.

This SYRUP is prepared solely from one of those valuable vegetable productions for which the surrounding country of the Brazils is so justly famed.

The annexed Testimonial has been received, and is one of many thousands, testifying to the medicinal virtues of Panado's Syrup.

medicinal virtues of Penedo's Syrup:—

"I, the Undersigned, Chovalier of the Imperial Order of the Cross, of the Order of the Rose, and of the Military Order of San Benito d'Aviz, Brigadier Surgeon-in-thief of the Military Board of Health, all by the grace-of His Majesty the Emperor, qualified in Medicine and Surgery by the Academy Medico-Cirugica of Rio de Janeiro, &c., certify that I have employed with very happy re sults among different classes of Patients, both civil and military, the Syrup, so-called, of Penedo, in Pulmonary Affections, even in infirmities decided to be in the incipient of Tuberculous Consumption, the symptoms which characterised the disease completely disappearing with its use. One case presented itself to me among many others, although more marked by the extraordinary circumstances connected with it: it was that of the illustrious Schora D. Joaquina B. de Carvaiho Affonso, lady of the illustrious Sr. J. F. Affonso, rosiding in the Rua du Cadeia corner of the Misericordiar, who, being considered in Consumption by an affection of the lungs, is to-day radically restored. The above is the truth, to confirm which I pass the present Certificato, in order that the illustrious Sr. Penedo, Pharmaceutical Chemist, may make whatever use of it he may think fit (Signed), "IGNACIO MANUEL DOMINGUEZ.
