SPRING "A" WATER

THE SARATOGA "A" SPRING WATER is probably the most effective Mineral Water found on either Continent. It will be observed that it has Ten per Cent. greater Mineral properties than the celebrated Congress Spring, four times that of Baden Baden of Austria, five times that of Aix la Chapelle in Prussia; twice that of Vichy in France, nearly three times greater than the renowned Seltzer of Germany, and equally over the Spas of Bath, England, and Kissingen in Bavaria.

ANALYSIS OF THE SARATOGA "A" SPRING WATER, BY JULIUS G. POHLE, M.D., SURVIVING PARTNER OF JAMES H. CHILTON & POHLE.

The value of Mineral Waters has been prized and acknowledged by Medical Men since the earliest civilisation. A celebrated authority says:—"The virtues of Mineral Waters have been best shown in the treatment of obscure and chronic diseases. In many instances persons have been restored to health, or greatly relieved by Mineral Waters, where other remedies have failed. The reason, no doubt, is that such Waters must contain compounds not yet known to Chemistry or Pharmacy."

USES.
The reputation of this Water is based upon its effects in Diseases of the Stomach, Liver, Bowels, Kidneys, and Spleen, and acts with beneficial result in cases of Chronic Dyspepsia, Constipation, Gravel, Gout, Rheumatism, Cutaneous Affections, General Lethargy, Spasms, and Prostration of the System.

SAVINGS BANK.
BANK MAU & CO.
101—CANGALLO—103.
BUENOS AYRES.

The immense advantages of Accounts Current are now so generally felt and appreciated in the great emporiums of the River Plate, Montevideo and Buenos Ayres, that there are very few Merchants who fail to keep one at the bank in which they place the most confidence.

The Bank of Mau & Co. in Montevideo has already provided for the working classes in that city a safe and profitable depositary for their savings.

The sums deposited in that very important institution are daily increasing, and already reach a very large amount.

These advantages have not hitherto been enjoyed in this city by an immense number of clerks, artisans, working men, and servants of all classes and conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need, sickness, or old age, instead of spending them in the immoral gambling, in lotteries, and other frivolities.

The Bank of Mau & Co. of this city, following the noble example of their firm in Montevideo, now offer the same facilities in this city, and has opened a Savings Bank at No. 103 Calle Cangallo from Nine a.m. till Three p.m. every day, for the reception of the savings of the classes already mentioned, Sundays and holidays excepted.

The Bank will deliver to each depositor a pass book, in which will be entered the amount deposited and withdrawn.

The depositor is permitted at any time to withdraw the whole or part of the sum deposited; in the former case the interest will be calculated up to date.

The Bank of Mau & Co. is sufficiently known to the Public by the benefit derived from the course of its operations, which are regulated on the strictest and soundest principles, and always directed to promote the general welfare.

The Bank of Mau & Co. are also persuaded that this new branch of their business will render immense service to the working-classes of Buenos Ayres and its neighborhood.

Buenos Ayres, 2nd January, 1867.
P. P. MAU & Co.,
M. A. DE FREITAS AMORIM.

CONDITIONS.

First—The Bank receives at interest any sum from Twenty-five Dollars currency or one Silver Dollar upwards.

Second—The interest allowed is six per cent. (6 p.) per annum, which is liquidated every six months.

Third—The depositor can at any time retire the whole or part of the money deposited.

Fourth—Once the money deposited exceeds twenty-five thousand dollars currency, or one thousand dollars silver, the depositor, if he wishes, can open an account current, according to the rules established by the Bank.

Fifth—In case the depositor loses his pass book it can be replaced by another on paying twelve dollars currency, and advertising the loss in the public newspapers.
