SAVINGS BANK.
BANK MAU & CO.
101-Cangallo-103.
BUENOS AYRES.

The immense advantages of Accounts Current
are now so generally felt and appreciated in the
two great emporiums of the River Plate, Montevideo
and Buenos Ayres, that there are very few
Merchants who fail to keep one at the bank in
which they place the most confidence.

The Bank of Mau & Co. in Montevideo has
already provided for the working classes in that
city a safe and profitable depository for their
savings.

Thousands deposited in that very important in-
stitution are daily increasing, and already reach
a very large amount.

These advantages have not hitherto been en-
joyed in this city by an immense number of clerks,
artisans, working men, and servants of all classes
and conditions, who are equally interested in put-
ting their savings out at interest, thus providing
themselves with a reserve fund in case of need,
sickness, or old age, instead of spending them in
the immoral gambling, in lotteries, and other
trivialities.

The Bank of Mau & Co. of this city, following
the noble example of their firm in Montevideo,
now offer the same facilities in this city, and:

First—The Bank receives at interest any sum
from Twenty-five Dollars currency or one Silver
Dollar 2/3 per cent.

Second—The interest allowed is six per cent
(6 p.c.) per annum, which is liquidated every
six months.

Third—The depositors can at any time retire
the whole or part of the money deposited.

Fourth—One the money deposited exceeds
twenty-five thousand dollars currency, or one
thousand dollars silver, the depositor, if he wishes
to open an account current, according to the
rules established by the Bank.

Fifth—In case the depositor loses his paying two
dollars currency, and advertising the loss in the
public newspapers.
