City of Rio's Mails.

The Provisional Government has at last confessed its inability to find a suitable candidate for the throne, and has decided to recommend that the supreme executive; or over be conferred upon a triumvirate, or directory of three. The 'Liberté' says that the situation demanded some expedient of the kind. Not only is the uncertainty dangerous, but some members of the Government are utterly weary of the task.

GERMANY.

The 'Augsburg Gazette' has received from an official correspondent, an explanation of the sudden termination of the newspaper war between Austria and Prussia. The 'North German Gazette' was brusquely pulled up by Count Bismark, because the latter had conceived a plan of reuniting friendly relations with Austria.

THE STANDARD

When I think of the cause I have come to serve, Germany, my soul is moved and cherished fatherland, has taken a mighty and decisive step in the course of union and greatness, and certain and indubitable it is, that the present interior and more powerful grasp of all our German potency, has exalted the aspect of the German name abroad, and will still more exalt it.

THE HEALTH AND PROSPERITY OF THE GERMAN PEOPLE.

Mr. G. E. Mashwitz followed. In a few measured sentences, full of power, Mr. Mashwitz proposed: "The Health and Prosperity of the German People of the Committee, Messrs. Nordenholtz, Wehner, Bertram, and Napp;"

EDITORIAL TABLE.

We have received from a subscriber who is about to leave for Europe a parting memento for our Museum, in the shape of a splendid map of the world, which now adorns the walls of our office.

THE GOVERNMENT

The Government (says the Times' correspondent) has acted very unjustly and unwisely in bringing the persons arrested before a court-martial.

TURKEY AND GREECE.

The Greeks are much irritated at the declaration of the Conference. They had little hope that it would be in their favour, especially after the refusal of their Ambassador to take part in the deliberations at Paris;

THE GERMAN BANQUET.

Banquet in honor of Mr. R. F. Le Maître, Minister Resident, and Consul General of the North German Confederation, for the States of La Plata; given by the German commercial body in Buenos Ayres, on March the 9th, 1869.

SLAVERY IN CUBA.

The head of the revolutionary Government in Cuba has published a decree emancipating the slaves of the island. The principles laid down seem to be very moderate. All slaves are to be declared free so soon as their owners present themselves before the military Government for the purpose of granting their manumission.
