BREAKFAST SUCCESSFUL. "The 'Civil Servant Gazette' has the following interesting remarks:—'There are very few simple articles of food which can boast so many valuable medicinal properties as Cocoa. While acting on the nervous system, it provides the body with some of the pure elements of nutrition, and at the same time corrects and invigorates the system, and has the effect of giving a new impetus to the system. These beneficial effects depend in a great measure upon the manner of its preparation, but of late years such close attention has been given to the manufacture of Cocoa, that there is no difficulty in securing it with every useful quality fully developed. The singular success which Mr. Epps attained by his homoeopathic preparation of Cocoa, has been supported by an experimental trial. Far and wide the reputation of Epps's Cocoa has spread by the simple force of its own extraordinary merits. Medical men of all classes and countries have agreed in recommending it for persons of weak constitutions. It is a thorough knowledge of the natural laws which govern the generation of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage, which may serve us many heavy doctor's bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of invalids are restored to health by the use of it wherever there is a weak point. We say 'occupy many a fatal berth by keeping ourselves well fortified with pure blood and properly nourished system.'"
