THE BATTLE OF LIFE

Which is continually going on between health and disease, has never received from any Medicine such marked assistance, on the side of health, as it has from BISTOL'S SAIRAPARILLA.

And has invariably been successful in curing them. It has been again and tested in Fevered, Intermittent and Remittent Fevers, and always with the same excellent results.

It is a powerful vegetable detergent has been fully tested in nearly every trial of the civilized world. It has been tried in long-standing cases of SCROFULA.

It is a powerful vegetable detergent has been fully tested in nearly every trial of the civilized world. It has been tried in long-standing cases of SCROFULA.

smut, &c. The consequence is, a poor yield of deteriorated corn without...

The following is a summary of the report: About 20,000,000 had been mobilised during the year, and had been applied as follows:-

4,093 gold-... 3,687,7004... Treasury bills... 6,307,000... New mortgages... 1,956,510... Notes redeemed... 2,549,750...

Besides the above sum the Illa das Enchadas, now the property of the bank, is to be sold to the Government for 1,450,000\$.

The assets of the bank, which were 73,179,816\$ on December 31, 1867, are now 68,290,842\$, or about 70,000,000\$ if the assets of the S. Paulo and Ouro Preto branches be added, they being 1,779,210\$.

The issue of the bank is 41,040,000\$ 45,193,000\$ having been redeemed since the 12th of September, 1866.

The general reserve fund rose from \$1,703,357 on December 31, 1866, to \$7,169,551 on December 31, 1867, without reckoning the sum of \$2,395,454 received as premium on the gold sold to the Government, which formed a special fund for the liquidation of the securities account.

On December 31, 1868, the general reserve fund was \$5,135,227, \$2,034,324 having been absorbed by the losses ascertained up to that time, but as \$2,069,196 was applied from profits in 1867 and 1868 to call in notes, the loss was more than covered.

The losses ascertained during the last two years sum \$5,445,917, which have been covered from the net profits without trenching on capital.

Even if they be over double that amount, the bank has assets of 1,135,227\$ of reserve fund, 2,669,106\$ of increased capital (by redeeming so much issue from net profits), 5,000 National Bonds, 4,093 gold Bonds, 3,500 of its shares, real estate, a term of 18 years to redeem its issue, the profits by lost notes, and its debtor's accounts.
