SPECIAL TELEGRAM FOR "STANDARD". Montevideo, Sept. 23, 1869, 5.50 p.m.

Signs of Progress. Nothing can be more cheering than to find the revenues of the Republic devoted to the carrying out of useful enterprises.

Messrs Neville Mortimer, A. Sordeaux, and Luis Luergo. The National Government at the same time promulgates some very important projects.

The Congress has, in the same noiseless manner, passed several other important bills, showing what good our legislators might effect in a short time if they gave up wrangling.

The Executive is authorized to raise a loan of £800,000 sterling for war expenses, which must be negotiated here, or at least not in England, according to Sr. Riestra's agreement with Baring, Brothers.

NEW SOUTHERN FRONTIER.

INTERESTING DOCUMENTS. Buenos Aires, Aug. 19, 1869. To H. E. Dn. Martin de Gaitana, Minister of War and Marine.

REPORT. 'Frontier of Buenos Ayres.' The present frontier line has been marked since the epoch of independence, and principally since the year 1828.

The districts which are known are—Laguna de la Blanca Grande, Pellahinco, de Sauce Corto, and on the other side the valley of Sauce Chico.

The sand hills of Ujito should be occupied by the Eastern division, with two forts on its right and a small one on the left.

The Laguna de la Blanca Grande would be the chief fort of the Southern Division, with a small fort to the right and one on its left.

and five posts garrisoned by the Mendoza division, composed of 826 men, 12 commanders, and 57 subalterns.

From Plumerio, by the lake of Ovevo Manco to Fort Pringles, 42 leagues, with two forts and six posts garrisoned by the San Luis division.

From Fort Pringles to Laguna, No. 7, 35 leagues, with four forts and four posts garrisoned by the troops on the south and south-eastern frontier.

From Laguna Curupatru to Laguna de los Algarrobos, 22 leagues, with two forts and three posts garrisoned by the western division.

From Laguna de los Algarrobos to Cabeza de Buey, 19 leagues, with two forts at Los Aliados and Cabeza de Buey.

From Laguna de los Algarrobos to Curupatru, 16 leagues, with one fort and three posts garrisoned by the troops to the south of Santa Fé.

From Curupatru to Laguna de los Algarrobos, 22 leagues, with two forts and three posts garrisoned by the western division.

From Laguna de los Algarrobos to Curupatru, 16 leagues, with one fort and two posts occupied by the garrison of Bahia Blanca.

This new line extends an entire distance of 230 leagues, garrisoned by 5,780 men, whilst under the former arrangement the same number of men occupied 340 leagues.

The different posts may have their plots of alfalfa and maize worked by the troops themselves, thus avoiding an evil long felt on the frontiers.

Before concluding, I must bring before Y.E. a circumstance worthy of the attention of the National Government.

THE PROVINCIAL BUDGET.

Governor Castro has submitted the budget for 1870, which shows a probable deficit of 11 millions mje, but this includes 9 millions of Bonds, as voted, for constructing the port of Buenos Ayres.

wishes to wipe it off it can dispose of the railway in shares at a good premium.

So long as the Province of Buenos Aires creates debts of so lucrative a kind as these we strongly urge the Government to multiply such obligations.

PROROGATION OF PARLIAMENT.

HER MAJESTY'S MESSAGE. Parliament was prorogued by Royal Commission on Wednesday.

The Lord Chancellor read her Majesty's message as follows:—My Lords and Gentlemen, We are commended by her Majesty to dispense with your further attendance in Parliament.

Her Majesty announces to you with pleasure that she continues to receive from all foreign Powers the strongest assurances of their friendly disposition.

The negotiations in which her Majesty was engaged with the United States of North America have by mutual consent been suspended.

Her Majesty has a lively satisfaction in acknowledging the untiring zeal and assiduity with which you have prosecuted the arduous labours of the year.

It is the hope of her Majesty that this important measure may hereafter be remembered as a conclusive proof of the paramount anxiety of parliament for each of the three kingdoms.

Her Majesty has observed with pleasure your general and cordial readiness to unite in the removal, through the Assessed Rates Act, of a practical grievance which was widely felt.

Her Majesty congratulates you on having brought your protracted labours on the subjects of bankruptcy and of imprisonment for debt to a legislative conclusion.

It may reasonably be expected that the Act for the supervision of habitual criminals will contribute further to the security of life and property.

The measure which has been passed with respect to the contagious diseases of animals will as her Majesty believes, add confidence and safety to the important trades of breeding and feeding cattle at home.

By the repeal of the tax on fire insurance you have met a long cherished wish of the community; and in the removal of the duty on corn her Majesty sees new evidence of your desire to extend industry and commerce.

Her Majesty trusts that the measure for the purchase and management of the electric telegraphs by the State may be found to facilitate the great commercial and social object of rapid, easy, and certain communication.

Her Majesty reflects with pleasure that, in returning to your several homes, you may contemplate with thankfulness the fruit of your exertions in the passing of many important laws, a portion of which we have now had in command to notice.

Our sporting circles have been on a match proposed to be run by Mr. Chiarini's black horse Colfax, and the well known Gambito for four thousand hard dollars a side.

MISCELLANEOUS.

The "Telegraph" says—It is reported that Trinity College, Dublin, is about to participate Mr. Fawcett's pending motion by throwing open all its places of power, honour, and emolument to Irishmen of every creed.

The French excursionists who crowded round the Great Eastern before her departure with the cable from the shores of France, imitated the English cheer by shouting "Heep, heep, heep, hoarse!"

Canada has adopted a new patent law. It excludes from its benefits all aliens and non-residents.

VIOLETS and WATER LILIES. Exhale an exquisite fragrance, agreeable to the most fastidious, but in the Florida Water of Murray and Lanman's Florida Water, so justly styled "The Queen of Floral Perfumes."
