SPECIAL TELEGRAM FOR "STANDARD."

Montevideo, Sept. 25, 1869, 5.50 p.m. Bank paper opened and closed at 113.

Exchange on London in last three days £12,000 at 50 and 50 1/2, all to be paid in metallic.

On France 20,000 francs at 5.30 gold.

The Aracania has arrived from Valparaiso, and leaves to-morrow at noon.

CENSUS OF THE CITY.

The commissioners have published the returns of the city, showing a total of 171,277 inhabitants, to which must be added the floating population of our port, estimated at 15,000, and 2 per cent. for omissions.

Buenos Ayres may now rank among cities of high standing; those which come nearest in population, trade, &c. to our own are the following.

Table with 4 columns: City, Population, City, Population. Rows include Boston (176,000), Rome (182,000), Hamburg (226,000), etc.

The town may be regarded in most respects as the counterpart of Buenos Ayres in Boston, in the United States. Boston was founded in 1630, a few years subsequent to Buenos Ayres.

If the progress of the next 20 years be in the same ratio, it is clear that we shall have 400,000 inhabitants in 1879, and a million 25 years hence.

EDITOR'S TABLE.

The Arno leaves to-day at two o'clock, p.m. The packet edition of the "Standard" can be had at Loezel's, San Martin, this day, up to one o'clock.

Messrs Woodgate have received a remarkable trophy from Paraguay, in the shape of a small mortar, about 12 inches in length.

The Archbishop of Bolivia and the Bishop of Salta are expected to arrive in this city to-day, and will take their departure for Europe in the English packet Arno, together with his Grace the Archbishop of Buenos Ayres.

The sports that were to have taken place in the Champs Elysees to-day, under the auspices of the "Gauchos Portenos," for the benefit of the Asocion Filantrópica, have been postponed till this day week.

A magnificent triumphal arch has been erected in the Paseo Julio, at the entrance to the Mole, in honor of His Grace the Archbishop and the other Prelates, who leave to-day in the Arno for Europe.

We call the attention of our sporting friends to a letter in another column by "A Liberal Subscriber," complaining of a rule recently passed by the Athletic Sports Club.

The match announced for to-day between the Picaso Criollo and Yena, is likely to attract an immense concourse on the Belgrano Downs.

The waters of the Parana continue to fall with great rapidity. In the port of Rosario there is scarcely any water, and it is with great difficulty that the craft engaged in the river trade can receive their cargoes.

The last sanitary returns show the state of the public health not to have varied in any important degree during the last fortnight.

In the Uruguay lottery, to be drawn on the 2nd prox, we observe that the chief prize consists of an estancia, with all its stock and appurtenances.

General Pacheco died yesterday at his private residence, succumbing notwithstanding every medical care, to the attack which seized him some days since.

Don Santiago Estrada, First Secretary to the Brazilian Legation in Chile, arrived in the Aracania yesterday in Montevideo from the West Coast, and may be expected in town to-day.

The religious ceremonies celebrated in the Merced Church passed off with great solemnity; the vast church was crowded to the doors chiefly by ladies, the sumptuousness of whose toilets attracted great attention and remark.

The Provincial Government has acquired a sudden degree of popularity in the country towns through its having suspended the action of the new recruiting law.

The first step towards the improvement of the native tribes will unquestionably necessitate a vigorous action against the slave trade.

The submarine cable of the Electric Telegraph Company of the River Plate is submerged between Punta Lara and Colonia, B.O.

to be the barrier to civilization; the entire province of Upper Nubia would become a cotton plantation, the produce of which would be shipped at Souakim, and in five days arrive in the Mediterranean through the Suez Canal.

ATHLETICS.

To the Editors of the "Standard" Gentlemen,

A few days ago I observed a notice in your valuable journal calling a meeting of the Athletic Society, for the purpose of arranging some rules in connection with that most successful of all our English societies in the River Plate.

Having taken a lively interest in this society, and subscribed liberally thereto since its formation, it was my intention to have attended the meeting above referred to; but was prevented from doing so in consequence of business calling me from town.

Yet, in one of the events, namely "Throwing the 16 lb. ball," one young gentleman has, by pure skill actually won the medal, though opposed by competitors from town and camp, possessed apparently of double his strength.

But what is his reward for his extraordinary skill and pluck? Simply exclusion from further competition. This is but placing real merit at a discount, and encouraging second rate performances, which I venture to state is in exact opposition to the wishes of subscribers to the sports.

If the rule passed at the last meeting be put in force, I very much fear that it will have a tendency to reduce the standard of the performance of our Athletes, for few of them who are really fond of the exercise will care to become champions if they know that by gaining that distinction they will be excluded afterwards.

Should there at any time be a difficulty in getting members to compete in any event which may have been won by our Athlete five or more times in succession, the society in order to remedy this could easily adopt one of the following suggestions:—To give a valuable silver cup as first prize, if won by the champion, another cup as second prize, but which would count as first should the champion be beaten—or, to handicap the champion so that he would be put on an equal footing with the competitors who stood second best, or should neither of these modes induce competitors to come forward, let the event be put out altogether until a requisition be sent in to renew it.

I understand that the members of the Montevideo Athletic Society have been invited to compete against our athletes at our next meeting, but from what I know of the Montevideo gentlemen, they will scorn to accept such an invitation if the best men of

The Buenos Ayres society are excluded from entering the lists against them.

As a sincere admirer of Athletic Sports, let me advise the committee of management not to enforce a rule so objectionable...
