Buenos Avres, March 4.

Buenos Ayres, March 4. THE BATTLE OF LIFE

Which is continually going on between health and disease, has, never received from any Medi-cine such marked and unnistakable assistance, on the side of health, as it has from BRISTOL'S SARSAPARILLA.

This powerful vegetable detergent has been fully tested in nearly every part of the civilised world. It has been tried in long-standing cases of

SORE EYES and RUNNING EARS
the effect is truly wonderful. The scrofulous

and depraved blood and humors on which such sores feed and live, are neutralized at the stomach, the fountain-nead, and new and healthy blood soon washes away every vestige of

disease. In ULCERS AND TUMORS, the effect is equally gratifying, although, of course, it is necessary to persevere for some months in diseases such as those having their origin in bad blood and humors; and in such diseases. CANCER, eases as

diseases as

CANCER,
the Sarsaparilla should be continued for at least four or five months after the trouble has to all appearance been overcome, because unless this is done, and the nature of the blood and humors be entirely changed throughout the whole body, the disease is liable to return with unabated force. In BOILS and CARBUNCLES the Sarsaparilla should be taken five or six times a day, but not in very large doses—say two or three tablespoonfuls at a time. And in all of these diseases we strongly urge the use of Bristol's Sugar-coated Pills, in conjunction with the Sarsaparilla, taking two or three Pills every second night on retiring to reat. In this way cures will be more speedily effected.

THE BRITISH HOSPITAL, MONTEVIDEO.

In the year 1857 it was found to be necessary to provide special Hospital accommodation in this city for our fellow-countrymen. A Building, affording a sufficient number of Wards to meet our wants it that time was accordingly rented, and furnished with all the usual appliances. But in the year 1865, from the vast increase which had taken place in the number of vessels frequenting the Port, this Building became so over-crowded, that, on the appearance of an Infectious disease, it was felt that the lives of the tious disease, it was felt that the lives of the patients were seriously endangered, while many applications for admission could not be entertained by the Committee. It was then resolved to put forth a special effort to procure larger and more suitable premises, and for this purpose an Appeal for Funds was made to the British residents, and was by them most libeactic mat

A site was then purchased and a Building erected on it, furnishing Beds for Fifty Patients, besides Rooms for a Superintendent and Matron, a Surgery, and all the usual Offices; while it was so constructed that, should a necessity arise at a future day, additional wards can be added at a trifling expense. We have thus an Hospital, in all respects, admirably adapted to meet our in an respects, admirably adapted to direct our necessities, and incurring expenses for general management never exceeding our annual in-

The total cost of site and building has been thirty-six thousand dollars, of which sum twenty-one thousand have been paid, leaving deficit of fifteen thousand dollars. This sum has been lent to the Committee at interest by several British residents; but, with a community so versi Dritish residents; but, with a community so small, and continuing to support their other Institutions, and that during a period of severe commercial and monetary distress, it is hopeless to expect to pay it off without assistance from other courters.

The Committee propose to hold a Bazaar in September, 1870, and they make a general appeal for contributions of money, and of useful and ornamental articles, suitable for sale, believing that when it is seen that the British residents in this City have not been backward to help themselves, but that 'they have been willing to their power, vea, and beyond their power; and the Comimttee trust this Appeal will be met by every men with a generous and liberal re-
