THE MUNICIPALITY AND DR. ROQUE PEREZ.

No system of mismanagement has ever existed so extensive, so completely organised, or so successfully pursued, as that of the Municipality of Buenos Ayres. Our Custom-house men, our Port officials, nay even our politicians are mere bunglers in the art compared with the Municipality. If Municipal mismanagement but lasted for a time and passed away followed by a healthy reformed board, we should say nothing; but the Municipality or Cabildo of Buenos Ayres dates back from an antiquity coeval with the very settlement of the coun try; the archives of its misrule have ever survived the sorrows which it has created, and come handed down to us generation after generation, tell ing, in the musty records of its extra-

There is but one remedy lef .-Abolish the municipality "in toto."

Perhaps the abuses would be less crying did municipal subjects attract an interest at all proportioned to their importance, but no man in Buenos Ayres cares twopence about the municipality, even the very elections which a few years ago caused excitement are now unnoticed by the public: the number of horned cattle, while
