This association numbers about 230 members, yet barely twenty of them assembled, and no meeting could be held, as the statutes require one-fifth of the members to constitute a quorum. These Pills have justly acquired a widely extended reputation for their wenderful cures of severe cases of sickness—cases in which all other Medicines had failed, and which had been given up by Physicians as beyond help—such as confirmed and long-standing Liver Complaints, obstinato cases of Piles, Dropsy, &c. But while admitting their wonferful curative powers in difficult cases, we wish to call attention to their great valus in the every-day diseases of life, such as Costiveness, for which they are a perfect specific; Headacho relieved and cured by one dose; Indigestion always removed by them, and the cine; Headache reneved and chief by cheen, and the stomach so toned and strengthened as to prevent a return. Bad Breath cannot exist when the stomach is cleaned by BRISTOL'S SUGAR-COATED

PILLS.

Parely Vegtable.

For Loss of Appetite they are the only sure remedy, as they never fail in carrying off the deprayed bilious secretions that float in the stomach and destroy the healthy, natural craving for food. Sour Stomach, Heartburn, Flatulency, and all Derangements of the Digestive and exerctory Organs, are promptly retieved and cured by them. The public should always bear in mind that Bristol's are the only Pills made of made of

Podophyllin and Leptandrin, The only vogotable substances yet discovered that are really Antibilious,

To the presence of which invaluable resinolds the extraordinary success of Bristol's Pilts may in a great measure be ascribed. It is necessary, however, that the sick should always remember that in all discuses that have their origin in BRISTOL'S SARSAPARILLA,

BRISTOL'S SARSAPARILLA,
That best of blood purifiers, should be used with
the Fills, the two Medicines being prepared expressly to act in harmony together. When this
is done faithfully, we have no hesitation in saying that great relief, and, in most cases, a cure,
can be guaranteed when the patient is not alrea by
beyond human help.

For general directions and table of doses, see
the wrapper around each phial of Pills; but as
different constitutions required different doses to
produce the same effect, it is better that each
person ascertain, by trial, the dose that suits their
systom, and take that dose, instead of following
