A Rosario paper states that Lopez Jordan has turned up at Salto, B.O., where he is doing his little best to get some desperadoes together for another raid on Entre Rios.

The Verdad of yesterday says that the total arrivals of emigrants from Europe since the 1st of January to the present time are only 13,750.

It appears that the sanitary precaution of planting the Southern Cemetery all over with trees and laying down plenty of fresh earth has, as usual in this country, been only 'half done'.

We had the pleasure of a visit yesterday from the Rev. Father Davis, the esteemed Catholic Chaplain at Montevideo, who has come up to attend Father Faby's funeral obsequies.

There was an alarming rumour afloat yesterday to the effect that a horde of Indians had reached T. pague, where they were encamped;

The Tribune says that, with the exception of three or four members, the new Municipality is composed either of untried men, or those who were tried and found 'worse' when danger came on.

The iron bridge over the Saladillo has been handed over to Government; the inspecting engineer pronounced its construction perfect.

Mr. Holteweissig, the well known photographer, has just struck off some excellently done photographic portraits of the late Canon Faby.

A friend who is in the habit of dropping in now and then at STANDARD Court, called on us yesterday to have a chat.

We visited a few days ago some English blood horses lately imported into this country consisting of one stallion and five mares.

Mr. Pellier has kindly promised us a few particulars about them coupled with the pedigree, the original of which duly certified he holds in his possession.

CATHOLIC CHURCH IN WALES. The Harfordwest Telegraph gives the subsequent account of laying the first stone of a Catholic church at that place.

Capilla del Señor and the other Northern parishes, will be glad to hear that his missionary labors in Wales are so successful.

"The unusual ceremony in this locality of laying the foundation stone of a new Catholic church took place in this town on Thursday last.

"The weather being remarkably fine a large number of Catholics from Penryn, Pembroke-dock, and other places attended the ceremony.

"The members of the Catholic Church here for a great many years possessed a building in Dew-street, which had been adapted for the purposes of a chapel.

"The ritual was then performed by the Revs Mr Lewis, Mr Murphy and Mr Callen. The foundation stone was gracefully laid by Mrs Cary.

"The choir was ably led by Miss Mathews, and they rendered their part of the ceremony most effectively.

"The building, which will be in the Gothic style, will consist of a nave, 35 feet by 21 feet; chancel, 12 feet by 15 feet; and a vestry, 11 feet by 9 feet 6 inches.
