J. Linesey's Patent Cast and Wrought Iron Sleepers, or Compound Sleepers of Wood and Iron, possess a degree of elasticity equal to any timber road, and are adapted for heavy and light railways or street tramways.

They are peculiarly simple in construction; the keys for tighteuing the rails are of iron, and are so arranged that no vibration can loosen them.

Nearly one thousand five hundred miles of all way have been laid with them; and this sys om has been almost universally adopted by ramway companies.

following:-The Allgemeine Zeitung observes, in a long arti le on the Alabama case, that "the tribute which Germany draws from France after a complete victory is insignificant compared with the compensation that the American government demands in virtue of a treaty which enthusiasts describe as the inauguration of a new era of peace and friendship. The most hostile and contemptuous despatches of Prince Bismarck to the French government are courteous and friendly in comparison with the indictment for which the President and his Cabinet are responsible. An idle attempt has been made to shift this responsibility by attributing the unexampled coarseness and malice of the attack to the lawyers who drew it up. CAUTION.—Vice-Chancellor Sir W. P. Wood stated that Dr. COLLIS BROWNE was undoubtedly the Inventor of CHLORODYNE hat the story of the Defendant, Freeman, being the inventor was deliberately untrue, which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne, that they prescribe it largely, and mean no other that they prescribe it largely, and mean no other than Dr. Browne's.—The Times, July 12, 1864. The Public, therefore, are cautioned against using any other than

DR. J. COLLIS BROWNE'S CHLORODYNE THIS INVALUABLE REMEDY produces This INVALUABLE REMEDY produces quiet, refreshing sleep, relieves pain, calms the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persens testify to its marvellous good effects and wonderful cures, while Medical men extel its virtues most extensively using it in great quantities in the following diseases:—

diseases:—
Diseases in which it is found eminently useful-Cholers, Dysentery, Diarrhua, Colics, Coughs, Asthma, Rheumatism, Neuralgia, Cough, Cramp, Hysteria, &c.

EXTRACTS FROM MEDICAL OPINIONS.

The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See Lancet Dec. 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay:—"Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I fairly own my restoration to health after 18 month's severe suffering, and when other remedies had failed."

after 18 month's sovere suffering, and when other remedies had failed."

Dr. Lowe, Medical Missionary in India, reports [Dec. 1865] that nearly every case of Cholera in which Dr. J. Collis Browne's Chlorodyne was administered the patient recovered.

Extract from Medical Times, Jan. 12, 1866.—
"Chlorodyne is prescribed by scores of orthodox medical practitioners. Of course it would nos thus be singularly popular did it not 'supply a wantand fill a place."

Extract from the General Board of Health, London, as to its efficacy in Cholera.—"So strongare we convinced of the immense value of his remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

his remedy, that we cannot too forcibly urgo the nocessity of adopting it in all cases."

Beware of spurious and dangerous compounds sold as CHLORODYNE, from which frequent fatal results have followed.

See leading article, Pharmaceutical Journal Aug. 1, 1869, which states that Dr. J. Colli Browne was the Inventor of Chlorodyne; that it a always right to use his proparation when Chllodyne is ordered. odyne is ordered.

### Bristol's sarsaparilla

Is prepared in the most scientific manner, by thoroughly educated chemists and Druggists, who have had many years' experience. It is not a simple extract from one article, but is compound. ed of extracts from a number of Roots, Herbs Barks, and Leaves, all of which are possessed of some particular virtue or power in curing the diseases that have their sourse in the blood and bumors; these different vexetable extracts diseases that have their sourse in the blood and bumors; these different vegetable extracts are combined in such a way as to retain, in so full strength, the special curative virtue possessed by each. The root of the Sarsaparilla plants found in Honduras, is that which we use in this preparation; it is the kind which all medical men esteem moss. About fifty per cent. of Bristol's Sarsagarilla consists of the concentrated extract the remainder as above stated being. Bristol's Sarsagarilla consists of the concentrated extract, the remainder, as above stated being composed of extracts from other powerful, cleansing and healing vehetable substances. It does not contain any thing that is dagerous or injurious to health, and in this, as in nearly every other respect, is entirely different from all other preparations sold under the name of Sarsaparilla.

By baying our own agents at he places where

rilla.

By having our own agents at he places where the various roots, drugs, herbs and plants, composing our medicines, are produced, we are enabled to exercise that constant care in selection which insures uninformity of excellence, and we spare no money and no effort to produce the best—and only the best—of every article entering into their composition; and it is with the most abiding confidence we say, to be sick of all nations and all countries, that, in Bristol's Sar saparilla you have a remedy more reliable than any before offered to you, and which will no diappoint you in the cure of.

The undersigned Agents beg to allvise that they have received Notice from the Secretary of said Company, that arrangements have been made for the conveyance of OlGARS on, through Bills of Lading, from Havanna to the Brazils and River Plate, said rate to this Port, including Landing and Re-shipping expenses at Southampton, being £9 and 6 per cent, per ton measurement. appoint you in the cure of. Salt Rueum, Tetter, Scald Head,

Syphilis, or Veneral Discose, Nervous and General Debility, Old Sores, Ulcers, Tumors, Abscesses, Boils, Eruptions Scrofula or King's Evil, Female Derangements, White Swellings, Fever and Ague, Ohills and Fever.

& Dumb Ague

As a means of building up the constitution that has been broken down by the excessive use of Mercury, Iron, or other Minerals, our Sarsaparilla will be found most excellent, and can be administered with safety to the weakest patients. As a purifier of the blood and humors, in the Spring and early Summer, it will the found unfallings. It can be taken freely at seasons, rainy or dry. For some of the above diseases, the use of the Sarsaparilly must be continued a considerable time, especially for those that are here-ditary or constitutional in their nature—such as Scorofula: but a faithful compliance with the directions will always relieve and mitigate, and in a goeat majority of cases will effect a complete cure. It will also be found, in all of the above diseases, that a cure will be greatly haoted by using our Bristol's Sugar-coated Pills, in moderate does, in connection with the Sarsaparilla; they carry off large quantities of morbific or diseased matter set free in the system by the Sarsaparila, and in this way facilitate she return of normal functional operations.

### Dr. Jackson's Balsamic Pectoral

This is a new and certain cure for CATARRH, INNLUENZA,
COLDS,
Accompanied with Cough,
ASTHMA, BRONCHITIS, HOOPING
COUGH, AND PULMONARY
CONSUMPTION.

Prepared at the Laboratory of the London and Liverpool Pharmacy, 10——C.O.L.L.E.G.E-L.A.N.E——10 LIVERPOOL.

Dr. JACKSON'S BALSAMIC PECTORAL.

Is a remedy long employed by the eminent Physician whose name it bears, and is carefully prepared from the original Recipe by the present Proprietors. It is composed entirely of vegetable products, and combines valuable expectorant qualities with those of a soothing curative nature. It has already won golden opinions to Europe by its wondrons effect in allaying pulmonary irritation, and its promoting a healthy iaction of the membranes lining the throat and lungs, arresting the progress of disease and decay, and even, when used at an early stage, arresting that most terrible of chest disease—Pelmonary Consumption. Dr. JACKSON'S BALSAMIC PECTORAL

arresting that most terrible of chest diseases—Pulmonary Consumption.

The value of a remedy, within the reach of all, which by its therapeutic action controls and cures a vast bulk of the diseases to which mankind is liable, cannot be overrated. A brief notice accompanying each bottle, of the principal complaints for which it is specially appieable will be found useful; and, instead of presenting a host of testimonials of more or less value the Proprietor simply begs "One Trial," which will far better establish it reputstion and gain the confidence of those who need the relief it affords than the repeated experiences of other sufferers, all of whom may be strangers to the patient. patient.
