Dr. Jackson's Balsamic Pectoral. This is a new and certain cure for CATARRH, INFLUENZA, COLDS, &c.

Prepared at the Laboratory of the London and Liverpool Pharmacy, 10—COLLEGE-LANE—10 LIVERPOOL.

Dr. JACKSON'S BALSAMIC PECTORAL is a remedy long employed by the eminent Physician whose name it bears, and is carefully prepared from the original Recipe by the present proprietors.

It is composed entirely of vegetable products, and combines valuable expectorant qualities with those of a soothing curative nature. It has already won golden opinions in Europe by its wonderful effect in allaying pulmonary irritation, and in promoting a healthy action of the membranes lining the throat and lungs, arresting the progress of disease and decay, and even, when used at an early stage, preventing that most terrible of chest diseases—Pulmonary Consumption.

The value of a remedy, within the reach of all, which by its therapeutic action controls and cures a vast bulk of the diseases to which mankind is liable, cannot be overrated. A brief notice accompanying each bottle, of the principal complaints for which it is especially applicable will be found useful; and, instead of presenting a host of testimonials, more or less value the Proprietor simply begs "One Trial," which will far better establish its reputation and gain the confidence of those who need the relief it affords than the repeated experiences of other sufferers, all of whom may be strangers to the patient.

Sold in Bottles at \$12 and \$20, at CRANWELL, BROTHERS, and CO., P. MURRAY and CO., 196 Florida. PODESTA corner of Cangallo and Salspeña. BOZOTTI, Santiago del Estero 146. W. CHANWELL and CO., 23 do Mayo, Montevideo.

NORTHENDEN ROAD SCHOOL

WIT HINGTON, (NEAR MANCHESTER.) Principal: The Rev. F. W. RIPLEY, M.A., Late Senior Scholar of Magdalen College, Cambridge.

Assisted by an Efficient Staff of Masters. COURSE OF EDUCATION.

The course of instruction is such as to prepare the Pupils thoroughly and efficiently for Professional and Mercantile pursuits; for the Civil Service Examinations; for the Oxford and Cambridge Local Examinations; for Matriculation at the Universities; and in general to fit them for honorable and independent positions in life.

The School Buildings stand in a dry and healthy situation, and are arranged especially for the health and comfort of the Scholars.

TERMS FOR BOARDERS: For Boys under 12..... £60 For Boys above 12..... £70

TERMS FOR DAY PUPILS: For Boys under 10..... £12 For Boys above 10..... £18

Arrangements are made for taking the entire charge of Pupils whose parents are in India River Plate, &c. Terms, in addition to the above £10 for each Vacation.

For subjects taken, The French and German Languages, Italian and Spanish, if required. Drawing from the Plat and from blood, after the method of the School of Design. Vocals and Instrumental Music.

By having our own agents at the places where the various roots, drugs, herbs, plants, composing our medicine, are produced, we are enabled to exercise that constant care in selection which insures uniformity of excellence, and we spare no money or effort to procure the best—and only the best—of every article entering into their composition; and it is with the most abiding confidence we say, to be sick of all nations and all countries, that Bristol's Sarsaparilla has a remedy more reliable than any before offered to you, and which will no disappoint you in the cure of.

Salt Rheum, Tetter, Scald Head, Syphilis, or Venereal Disease, Nervous and General Debility, Old Sores, Ulcers, Tumors, Abscesses, Boils, Eruptions, Scrofula or King's Evil, Female Derangements, White Swellings, Fever and Ague, Chills and Fever, & Dumb Ague.

As a means of building up the constitution that has been broken down by the excessive use of Mercury, Iron, or other Minerals, our Sarsaparilla will be found most excellent, and can be administered with safety to the weakest patients.

As a purifier of the blood and humors, in the Spring and early Summer, it will be found unfailing. It can be taken freely in seasons, rainy or dry. For some of the above diseases, the use of the Sarsaparilla may be continued a considerable time, especially for those that are hereditary or constitutional in their nature—such as Scrofula; but a faithful compliance with the use of Bristol's Sarsaparilla will mitigate, and in a great majority of cases will effect a complete cure. It will also be found, in all of the above diseases, that a cure will be greatly hastened by using our Bristol's Sarsaparilla Pills, in moderate doses, in connection with the Sarsaparilla; they carry off large quantities of morbid or diseased matter set free in the system by the Sarsaparilla, and in this manner they return to normal functional operations. c/-m y 1
