"At the Stock Exchange the dealings consisted almost entirely of purchases, a d the markets fuses to se'l un'ess the purchasor takes three or four squares on the opposite side of the railway, from the Co tinent and the United States, coupled with the absence of withdrawals from the Bank for Germany, has led to the conclusion that no fresh advance will take place in the rate of discount, and hence a large amount of money which had been kept in abeyance is now being brought fo ward for investment in sound securitios. The absorption of Bullion for Berlin is on the lat of the month by Mr. Ollendorf, Chief yet due upon the last French loan. The fortnightly settlement showed an increase in the speculative account for higher prices, and the rates of "continuation" were consequently hisher. Apart from a fall in Bolivian, Costa Rica, Honauras. Paraguay, and San Domingo, the changes in foreign bonds were upwards. Austrian Egyptian, French, Italian, Mexican, Spanish, and

Turkish were in good demand. "Business at the Bank discount office was inactive. The general market was also quiet, and transactions occurred in the best paper at 53 per cent. Short loans on Consols were obtainable in

The latest from Antwerp per Cuzco about wool is as follows-

"Wools-Imports since 18th inst., 500 b. R.P. Stock, 34,900 R.P. "The market has ruled extremely dull, a shown by sales, which for 11 days scarcely exmisce lancous wools offered, only 3823 b. Buenos of 15 to 20 centimes on Soptember. The sales,

"In presence of this, no great confidence i entertained about course of next Antwerp auction, which will have 16 sittings from 5th to 22d about the middle of December when the Nov., and include 33,350 b. Many people apprehend a period of declining prices is beginning for wool, and a much lower range is generally expected here during next year,"
