

SAVINGS BANK LAU AND CO.

101-Calle Cangallo-103 BUENOS AYRES.

The immense advantages of Accounts Current are now so generally felt and appreciated in the great emporium of the River Plate...

The Bank of Mau & Co. in Montevideo has already provided for the working classes in this city a safe and profitable depository for their savings.

The sums deposited in that very important institution are daily increasing, and already reach a very large amount.

These advantages have not hitherto been enjoyed in this city by an immense number of clerks, artisans, working men, and servants of all classes...

The Bank of Mau & Co. of this city, following the example of their firm in Montevideo, has the same facilities in this city, and has

CELEBRATED SHEEP-DIP.

LICOR DERMATOSICO.

Prepared by TORRE and BARTON, Druggists DEFENSA, 65, 67, and 69.

Guaranteed Infallible for the Cure of Scab in Sheep.

After long and innumerable trials, we have succeeded in preparing the above Sheep-dip, by the use of which we guarantee the thorough eradication of Scab in Sheep.

Besides cheapness and easy application, it has the great advantage over all other similar preparations of being COMPLETELY SOLUBLE IN WATER, a circumstance which admits of our liquid penetrating to the very surface of the skin, without spotting the wool or making it adhere.

Great Fancy Iron House.

LEROY AND CO.

Nos. 55, 57, 59 Calle Cuyo.

WHOLESALE AND RETAIL DEALERS.

In this Establishment will be found the very best articles in the Hardware Fancy Trade. For the convenience of customers, architects, master builders, blacksmiths, private parties building, or, in fact, any one else who may be interested, we have classified the large and varied stock, under the three general headings: Building, House Supply, and Arts.

FOR BUILDINGS. Balconies of the most costly and elaborate patterns, to the simplest and cheapest. Columns, pillars, door frames, patent hinges, self-acting sluiceways, verandahs, azoteas, ladders, street lamps, hall do, drawing-room do, bedroom do, do, on superlatively grand scale, for public parks. Sewage pits, inclosing drain pipes, iron gutters, corrugated channels for garden irrigation.

HOUSEHOLD FITTINGS. Economical kitchen ranges, all sizes and shapes. Braziers at \$10 up. Parlour Stoves from \$80 upwards. Iron doors and fire-brick. The latter especially well adapted for bakers.

Washing Machines which save both time and soap. "The love in a cottage stove"—serving the double purpose of cooking and heating.

FERRUGINOUS ARTS. Fantastic masks of garden seats, railings of the most improved pattern, school benches, flower protector statuettes, tables and fountains for garden or patio. Crosses, sacred emblems, and railings for graves. Sepulchral ornaments, large fountains for public parks, chandeliers for theatres and public or private edifices.

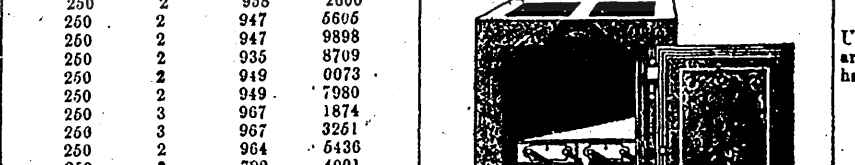

The house which we represent sold the superbly magnificent fountains in the Plaza Victoria to the National Government. Nor was this wanted to prove the excellence of its work. We have the honor to remind the Public that our Establishment is already well and favorably known in Buenos Ayres, and indeed the whole Republic, for the superiority of its economical stoves, has recently placed itself in direct communication with some of the first European manufacturers, and can thus guarantee that extreme degradation in charges to which their price lists will be found to bear elegant witness.
