There is very little speculation in public stocks owing to the exorbitant rates asked for money. To-day's transactions were as follows viz

7.00 Deuda Interna a 694 p S cash
30000 do a 604 do
10000 do a 60 p S pend of month
2.00 Rescate de tierras a 90 p S

The tightness of the money market is of the oney market is much commented on as the casalon hand in the several banks is sufficiently large to admit of more liberal rates of discount. The retirement of Messrs Jones and Naylor, from the direction of this establishment is much regretted, both by the Bank staff and the Public. The estancia belonging to the heirs of the late Carlos J. The camp is situated on the coast of the Rio Negro, close to the Rincon de las Gallinas in the department of Paysandu, and consists of one suerte 2500 varus with house (valued at \$10,000) quinta, monto &c. No purchaser came forward and the sale was postponed by Mr Cabil the auctioneer; Mr. F. de Araucho, the public notary, (escribano publico) has started as a broker with Mr, Israel as partner, the latter is son in law of Mr. J Mayan. Mr. Araucho stil continues his business in the nota; ial ca, acity which is conducted by Mr Vidal. We have had no failures for the past fortnight -which is somewhat surprising, considering the state of the money market and the oppression of the banks. No doubt the latter have been severely bitten in the late smashes, and are not trying to reduce their 'bad debts' by asking high rates; but as this policy brings them but little business, and impedes legitimate commen cial transactions, a reduction in discount rates is shortly looked for-sty'from 18 per cent., the present rate, to 12 per cent. A similar state of things occurred last year, when the Banco Franco-Platense failed, and a run took place on the Oriental Bank. Discounts then suddenly jumped from 8 per cont. to 15 and 18 per cent., the latter rates ruling for about a month; but one of our leading banks finding is staff without employment, lowered its pretensions to the extent of 9 per cent,; and the other establishments speedily followed suit, seeing their rival was eagerly patronived. All parties complain of the dull state of trade and imports and exports, and brokers assemble on 'Change more to kill time than to transact business.
