CREAT EIRE AT DOCKHEAD.—On April 23 a fire broke cut at Messrs. Peak Frean, and Co.'s Biscuit Manufactory, at Dockhead, Bermondsey. The fire, which commenced about two, sym., spread so rapidly that the offorts of the firemen 1 ad to be chiefly directed to proventing the flames frum extending to the adjoining premises. Then ighbouring premises, right and left, and on the opposite side of St. Saviour's Dock, have suffered extensive damage both from fire and water, whilst the only portiou of Messrs. Peck, Fr an, and Co.'s establishment saved from destruction is a small detached block and the counting-house and general offices of the firm. There's no clue to the origin of the fire. During the progress of the conflagration five barkes in the dock caught fire and were burned to the water's edge. Mesrs. Peak, Frean, and Co. desire to inform their friends that the usual course of business will not be interfered with. No de'ay will take place in executing orders, as all work will be done at their spacious premises at Drammond Read, to which their Dockhead workpaople have been transferred. During the workpaople have been transferred. During the progress of the fire his Royal Highness the Prince of Wales, accompanied by the Duke of Sutherland, visited the scene, and watched with great interest the operations of the firemen.
