PHASES at my own risk, as most people regarded my mission a chimera. When I arrived in London I went from house to house, from banker to banker with my credentials, like Columbus taking his maps from one European court to another, until the house of Thomson Bonar and Co. took up my proposals, and rescued the Banda Oriental from its hopeless currency and financial confusion, for doing which the administration of Gen. Battle deserves eternal gratitude.

Thomson Bonar having negotiated the loan for £3,500,000 sterling, I set aside the sum of £106,000 in Bonds at 72 to cover \$500,000 for the Custom-house; not \$512,000 as falsely asserted by the Siglo. The reason I kept the Bonds apart in this way was, that the Treasury should not have to pay the interest on them, and the Government might gain by their going up in value.

Let us now examine all the accounts:— Contract with Montevideo Harbour Co. £102,887. Paid Fairbairn for iron 46,400. Do. freights 6,900. Extra work ordered 18,247. Freight on same 2,100. £176,534.

Corrientos, an increase of 5 schools and 1,033 scholars. Santa Fe, same number of schools; increase of 1,044 scholars. Entre Rios, same as last year. Salta, increase of 20 schools and 873 scholars.

Thus while San Luis shows an increase of 70 per cent, Santa Fe 25 per cent, Corrientes and Salta 20 per cent, and Tucuman 10 per cent, we have to lament a corresponding fall in other provinces. Corioba has fallen 25 per cent, Santiago 20 per cent, Mendoza 15 per cent, Catamarca 33 per cent, and Rioja 22 per cent, as compared with 1872.

SAVINGS BANK BANK MAU A AND CO. 101-Calle Cangallo-103 BUENOS AYRES.

The numerous advantages of Accounts Current are now so generally felt and appreciated in the great emporiums of the River Plate, Montevideo, and Buenos Ayres, that these are very few Merchants who fail to keep one at the bank in which they place the most confidence.

The Bank of Mau & Co. in Montevideo has already provided for the working classes in that city safe and profitable deposits for their savings.

The sums deposited in that very important institution are daily increasing, and already reach very large amounts.

These advantages have not hitherto been offered in this city by an immense number of clerks, artisans, working men, and servants of all classes and conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of illness, sickness, or old age, instead of spending them in immoral gambling, in lotteries, and other frivolities.

The Bank of Mau & Co. of this city, following the noble example of their firm in Montevideo, offer the same facilities in this city, and has

opened a Savings Bank at No. 103 Calle Cangallo from nine a.m. till three p.m. every day, for the receipt of the savings of the classes already mentioned, Sundays and holidays excepted.

The Bank will deliver to each depositor a pass book, in which will be entered the amount deposited and withdrawn.

The depositor is permitted at any time to withdraw the whole or part of the sum deposited; in the former case the interest will be calculated up to date.

The Bank of Mau & Co. is sufficiently known to the Public by the benefit derived from the course of its operations, which are regulated on the strictest and soundest principles, and always directed to promote the general welfare.

The Bank of Mau & Co. are also persuaded that this new branch of their business will render immense service to the working classes of Buenos Ayres and its neighborhood.

P. P. MAU & CO. M. A. DE FREITAS AMORIM E. DE LAS CAÑERAS.

First—The Bank receives at interest any sum from twenty-five Dollars currency or one Silver Dollar upwards.

Second—The interest allowed is six per cent. (6 p. c.) per annum, which is liquidated every six months.

Third—The depositor can at any time retire the whole or part of the money deposited.

Fourth—Once the money deposited exceeds twenty-five thousand dollars currency, or one thousand dollars silver, the depositor, if he wish can open an account current, according to the rules established by the Bank.

Fifth—In case the depositor loses his pass book it can be replaced by another on paying twelve dollars currency, and advertising the loss in the public newspapers.
