MONTEVIDEAN LETTER. July 30th

The first news on the Bolsa this morning was that of the death of Don Marcos Arredondo, a broker, and highly esteemed as a perfect gentleman and for being straightforward in all his dealings. Mr. Arredondo was an Argentine, and came to this city about twenty years ago; he died of a severe attack of 'pulmonia,' at the age of saug with great taste and teeling, and sixty-two. His funeral will take place to morrow, and without doubt will be very largely attended by his numerous friends, who deeply regret the loss of a good companion.

The Bolsa to-day was very flat, and all brokers appeared to be down in the mouth on account of the loss of their contrere. The sales only amounted to the following-

SOLVED, SOLVED,

Thanks to the per-evering efforts of Mr. John Coghlan, which are practically confirmed by the report of the experienced and intelligent Captain Buckle, of H.M.S. Cracker, Commander of the British Naval-Station in the River Plate.

The channel newly discovered puts away all doubt as to the depth of water, showing how we may save millions of dollars yearly to the country by using the port of Ensenada, as projected fifty years ago by the enlightened Dr. Bernardino Rivadavia.

Persons who want to buy cheap, before there is a great rush to Ensenada, should avail of this opportunity.
