THE ANGER OF DELAY.—Few.distascs progress so rapidly as those affecting the throat chest, and lungs, which latter are composed of the most delicate tissues in the humsn boly. It can therefore be easily understood why it is necessary to avoid delay: the slight cold of yesterday may be the convulsive cough of towary, which, in its turn, may produce the rupture of the delicate veins of the bronchial tub tomorrow, from whence will come bleeding and despair. Knowing these facts, we have not cell the special attention of the sufforing public to the great remedy for all such diseases, viz., our P choral of Anacahints, a preparation purely vegetable; in its nature soothing, healing, and stre githening, easily carried by the absorbients to every part of the throat, the t, and lungs, specific effect cures even when all hope seems past. One spoonful of Lamman and Kemp's Puro Cod Larer Oil, mixed with two of Pectoral, is the way to obtain the best results in the shorest period of time. amendment, that £200,000 be substituted for £300,000, which was lost on a show of hands: and a poll was demanded, resulting in the loss of the amendment by a majority of 755 votes. The original resolution was then put and carried by a show of hands, when a further poll was denanded by Mr. Morrison, Mr. Quilter and others. It being seven o'clock p.m., the chairman then adjourned the meeting till Tuesday next, at eleven'p.m., for the purpose of taking this poll The proposal to raise £200,000 only, as suggested by the late committee, having been negatived by the meeting, the first question to be decided by the poll on Thursday is, whether powers to raise additional funds to the amount of £300,000 shall or shall not be taken, but to be exercised only to the extent of £200,000, unless the Shareholders shall, at a subsequent general meeting, otherwise determine. Unless the resolution be carried on Thursday, there will be no funds provided for the execution of the works immediately neces sary, alike for the safety and profitable working be h ped she will be got off. Meanwhile Mr. annexed by the Government to its ac eptance Pancho Gomez who knows every inch of the coast | Neither will it be possible, that the dividend unanimously sanctioned at the ordinary general and the place is one of the very worst for a vessel meeting on the 10th, or any part of such divito be caught in. The Royal Mail has been so dend, be paid unless the resolution is carried. It singularly fortunate in not losing a single steamer is greatly to be regretted that extracts only from were appended to the report of the late committee, and that no reference was made to his estis much in luck no doubt, there is also much in mate, that 'to place the line in a complete and

efficient state, £1,971,212 12s. 2d., or say £2 000,000 sterling, is required; ' as thereby the Shareholders have been only partially informed as to the circumstances and requirements of the railway. The board particularly request the personal attendance of every Shareholder (any further proxies being inadmissible) at the London Tavern, Bishopsgute-street, on Thursday next, between the hour of e'even and two o'clock at which latter time the poll will be closed, and the business of the extraordinary general meeting

will be resunted and completed. " Yours faithfully " John Hegan, Chairman. " George Wookott, Secretary."

Bristol's sarsaparilla

Is prepared in the most scientific manner, by thoroughly educated chemists and Druggists, who have had many years' experience. It is not a simple extract from one article, but is comppund. Some particular virtue or power in curing the diseases that have their sourse in the blood and bumors; these different vegetable extracts are combined in such a way as to retain, in so full strength, the special curative virtue possested beach. The root of the Sarsaparilla plants found in Honduras, is that which we use in this proparation; it is the kind which all medical man esteem moss. About fitty per cent. of Bristol's Sarsagarilla consists of the concentrated extract, the remainder, as above stated being composed of extracts from other powerful, cleansing and healing vehetable substances. It does not contain any thing that is dagerous or injurious to health, and in this, as in nearly every other respect, is entirely different from all other proparations sold under the name of Sarsaparilla.

By having our own agents at he places where the various roots, drugs, herbs and plants, conposing our medicines, are produced, we are enabled to exercise that constant care in selection with the sings."
