Bristol's Sarsaparilla. Is prepared in the most scientific manner, by thoroughly educated chemists and Druggists, who have had many years' experience.

By having our own agents at the places where the various tinctures, drugs, herbs and plants, composing our medicines, are produced, we are enabled to exercise that constant care in selection which insures uniformity of excellence, and we spare no money and no effort to procure the best—and only the best—of every article entering into their composition; and it is with the most scrupulous care that we select the most reliable and most uniform of all nations and all countries, that, in Bristol's Sarsaparilla you have a remedy more reliable than any before offered to you, and which will do without a single drop of the cure of Salt Rheum, Tetter, Scald Head, Syphilis, or Venereal Disease.

As a means of building up the constitution that has been broken down by the excessive use of Mercury, Iron, or other Minerals, our Sarsaparilla will be found most excellent, and may be administered with safety to the weakest patient.
