

The goal is Brussels. As we approach that beautiful city, the fog rises, and the September sun shines with a lustre that only an Englishman can thoroughly appreciate.

EDITOR'S TABLE.

Monday has been since 24th Sept. always a great day for fresh rumours, and yesterday was no exception to the rule.

We remind lovers of that noble British game Cricket that a match comes off to-day at Flores between the Club of that popular place and the officers of H. M. S. Cracker, now in port.

Our friend Mr. Gepp, of Montevideo, has been named Special Agent in the Plate of the American Telegraph Agency.

Sunday was a charming day, and the inhabitants took advantage of it. We saw more elegant equipages about than on any Sunday since the revolutionary rumpus began.

The Royal Mail steamer Mondego has brought later dates from Europe, which will be found in another column.

A repentant bride, recently wrote to her parents from across the seas: "The motion of a screw steamer is like riding a gigantic camel that has the heart disease, and you do not miss a single throbb."

The United States has now paid off in nine years, a quarter of the huge debt contracted to put down the Southern Rebellion.

We recommend our subscribers to examine carefully all \$100 m/c. and 4 patacon notes presented to them.

"Miss Jay, of Independence, Mo., is not to be forced into a marriage against her will, for when her friends tried the experiment the other day she kicked the minister's hat off, knocked the young man down, and rode off on a mule, with one foot on each side of him."

We received yesterday, via England, American mails of 15 days later date than the last to hand.

The recent report on the Santa Fe colonies by Sr. Caello gives that province 32 colonies, comprising in all 119,647 square squares, 37,625 being under cultivation by a total population of 15,510 souls.

We regret to announce the death of Doña Bernarda Fias de Gorostanga wife of the ex-Finance Minister of the Republic.

Mr. Tavolara, a Montevidean colleague, has just come in for the little fortune of 1,340,000 paper dollars. Half of this he has to spend in the purchase of books for the public libraries of Buenos Ayres and Montevideo.

We read in a Brazilian paper of a brutal attempt by a big Nigger to "bolear" an editor at Yaguaron. The slave of the Pen avoided the first attack by throwing himself flat on his face, but was not so fortunate the second time, as he received the balls slap in the stomach, and was doubled up as flat as a pancake or one of his own papers.

A Cincinnati man having lost his situation last summer, his wife took some money she had secretly saved and started a grocery store. She succeeded at once, and now employs her husband as clerk at good wages.

We have again to protest against the desecration of the Sabbath which goes on in this city of Buenos Ayres. On Sunday last the Municipal pavions were at work in the Plaza Parque, and in various other places we observed building and daily work of all kinds going on the same as on any other day in the week.

The new tramway from Belgrano to Saavedra, a prolongation of the Billinghurst line, will be inaugurated on the 8th December.

The Rosario papers of Sunday, to hand yesterday, are devoid of even the minutest particle of news.

It is rather remarkable that, while several thousand feet are required to make one rood, a single foot, properly applied, is often sufficient to make one civil.

ON CHANGE.

Table with columns for various items like Ounces, Patacons, Nat. Bonds, and Cedula, with corresponding values.

The Cedula market ruled hard to-day, and from now to the end of the month there will be a steady fight between bears and bulls.

The Lavadero steamer Sud America has made a splendid run home, 16 days from Rio Janeiro to Montevideo.

Mr. Gepp, representative of American Tel. Agency Rio, arrived with evening papers this afternoon for Rio, he is actively engaged in preparing to take over agencies.

Several lots of salted hides offering, a rumour current that one lot has been sold at 62 rs, but considered only a rumour, nothing as yet fixed as to price.

The German steamer Memphis from Calho entered Montevideo to-day, also Bonenden Alma from Cardiff, Soldad from Barcelona, Giovasia Pinner from Genoa, Loney from Newport and Ernst from Valparaiso.

The following note respecting the movements of Lampart & Holt's great steam fleet has been favored us by Messrs. H. A. Green & Co. and will interest shippers.

The following is the return of the National Bank statement: Balance-sheet, November 14th, 1874.

Let it be published. Juan Ancherona, F. A. Delgado.

special protection save the Platino Company that not only has no subvention but has not even the common protection which the law allows to property.

The whole Uruguay is in a state of joyous intoxication at the news that Paysandu is to be lighted with gas.
