RIVER PLATE LITERATURE

To-day we present to the Argentine Republic, and especially to the city of Buenos Ayres, our new work on the River Plate Republics, which we venture to assert, is the most complete ever published on these countries.

EDITOR'S TABLE

We launched our new Handbook on the sea of public opinion yesterday, and were happy to hear the most complimentary judgments passed on its outward appearance; we have every hope that the public will find its contents equally worthy of commendation.

On one hand, and the acknowledged defective state of the system of the administration of justice in this country, are grievances that we can only hope will gradually disappear. It is the duty of every good citizen, foreigner as well as native, to aid in the reform that is so much wanted.

LATEST FROM MONTEVIDEO

A very dull day, and though our brokers used their talent to their utmost capabilities, business was not to be done in any shape or form. The energetic effort made by me to influence the market was something remarkable, but Exchange, I may say, was the only business in which any life was shown; the amount of Exchange passed for the Nera is said to be upwards of £100,000, an amount that makes it apparent to all that we are yet earning our daily bread.

were 25 days on board the cutter, Captain Bueso treating them in the kindest manner...

Our Rosario friend "W P" favours us to-day with a full account of the execution of the murderer of poor Southern and his daughter.

This day is a great one all over the Republic. In all the capitals of the provinces rejoicings for the conclusion of peace will be held simultaneously.

An English subscriber has kindly favoured us with the following paragraph from the "Sherbourne Journal" respecting the late Mr. Christie.

The last number of the "Anales de Agricultura" for this year has a portrait of a Swiss bull, a magnificent beast.

The last number of the "Revista Alemana" has some interesting articles on the productions of the northern provinces.

Some of our Aldermen or Town Councillors must have had recited escapes from the attentions of the numerous mad dogs prowling about the city.

It appears that the opera company for the Colon Theatre next season is to be recruited from the United States.

The German gentleman who was robbed of his watch by a pickpocket some weeks ago, while looking at a regiment marching through Calle Florida.

No Norwegian girl is allowed to have a beard until she can bake bread and knit stockings.

The official paper "Nacoo" of Rio Janeiro flatly contradicts the statement of the "Diario de Bahia" that the Pope refused to name Viscount Aranguay as Brazil's Plenipotentiary.

We believe His Excellency Mr. Leal may soon be expected en route for Asuncion, and Baron Godin will take charge of the Legation in B. Ayres.

The Archbishop has replied to the Government's invitation to the fetes to-day, saying that he believes Peace will now be durable.

The "Nacoo" says that the fashionable colour for ladies to wear to-day is green, in honor of the decisive battle of La Verde.

The "Politica," in a leading article, demands that Colonel Adolfo Alsina, Minister of War, be raised to the rank of General in the army for his skilful direction of the recent campaign.

The Montevideo papers of Tuesday describe a terrific row at the bull fight at the Union on Sunday last.

The Pacific liner Britannia arrived yesterday at Montevideo with London cablegrams to the 10th.

The first floor, called the "stock floor," is reserved for goods awaiting shipment until freight is obtained.

As many as from 300 to 400 men will be employed here in the busy season. The ventilating, lighting and general arrangements here are as perfect as at Marylebone-road.

The sole agents in the River Plate are O. T. Getting and Co., 66, Calle Detensa.

NEW ZEALAND. (From the "Liverpool Mercury.")

Ministerial statements in the New Zealand Assembly, of which details are given by a Wellington correspondent, show the financial condition of the colony to be satisfactory.

Within three years 17,000 miles of horse and dray roads have been constructed in the North Island for the colony generally.

New Zealand is a colony which has suffered much from war, and in the year 1864 had only 172,000 inhabitants. Last year over 30,000 emigrants left Great Britain for this colony.
