RACING

PALERMO—AUGUST 22.

The conditions on Sunday last were again all that could be wished for. With beautiful spring weather, good fields, and the track in capital order, the public looked forward to a good day's racing, and although backers met with one or two "facers" during the day, the meeting was a very enjoyable one.

Ten of the thirteen entered for the Premio Masqué II. came to scratch, and of these Waterwitch was installed favourite, although Artois, who won without any difficulty, had a very fair amount of support. The favourite was never prominent throughout the race, and finished some way behind the winner.

The Premio Palmiste, which produced a field of twenty-one, furnished another win for the Redencion stable, Huapi winning cleverly by a length from Tula. Amambay, who was very strongly fancied, never showed up at all, after getting a very bad start.

A field of fourteen faced the starter for the Premio Doge, of which Daza was the most fancied. Another surprise was, however, in store, as Bab, who appeared to be hopelessly left at the post, made up all her ground and in the end won easily paying the useful dividend of \$36.30.

The classic, which came next, provided another and greater upset, as the great Brick, after scoring five wins in succession, had to be content with the third position, the Stud Paris supplying the winner in Ney, who although challenged by Mariano got home a length to the good. The race certainly appeared to be a very "good thing" for Brick, and it is somewhat difficult to account for his indifferent performance.

All but two of those that coloured on the card turned out for the three-year-old handicap, and of these the public were very sweet on the chances of Alarife, nor were they far out, as the favourite only succumbed to Nobleza by a short half length, after a very fine finish.

Nine competitors appeared to decide the long-distance race, and of these Rosemary, Thiers, and Oriol were the most fancied in the order named. The race, however, proved a gift for Yeraú, who led from post to post, and rewarded his backers with a dividend of \$28.70.

The final race produced a capital finish, Meteorito obtaining the verdict by a short neck only from Redoutable, the favourite, Venero, being unplaced.

The following are the details:—

PREMIO MASQUÉ II, for four-year-olds and upwards that have not won more than once. Weight 53 and 55 kilos. A penalty of 3 kilos to winners. \$1800 to the 1st, 180 to the 2nd, 1600 metres.

Avenir soon obtained a good lead, a position he maintained to the paddock, where he began to show signs of distress, and Don Gonzalo took his place, but just as the last named was looking dangerous, both Daza and Bab came with a fine rush, the Ecurie Prisonero's representative winning cleverly by a little more than half a length, Don Gonzalo finishing a similar distance behind the second with Namuncura a good fourth.

Tickets—Bab with 492 win and 545 place, Daza 2920—2170, Don Gonzalo 1104—1221, Little Darling 545—609, Hipolito 431—443, Namuncura 912—1009, Orleans 1015—1115, Combate 257—185, Daine 434—404, Avenir 648—601, Elaine 323—295, Extra 603—869, Sorpresa 110—113, May Blossom 131—97. Totals 9925—9676.

Before the first hundred metres were covered, Brick had assumed the lead, and retained this position to the paddock, here, however, Ney got on terms, and Brick being unable to respond had to give way. In front of the stand Mariano made a game effort to overhaul the leader, but failed, and was beaten by a little short of a length, Brick finishing third a length behind the second, with Blue Boat fourth.

Tickets—Ney and Fauvette with 2508 win and 1532 place, Mariano 2665—1386, Brick 5271—2262, Blue Boat 2165—1096, Palmar 916—703. Totals 13,525—6979.

Premio Ecurie Pergamino—1800 metres.

Oriente	56	Meteoro	47
Eureka	53	Diosma	45
Regalona	53	Estudiante	43
Mundial	53	Helecho	42
Talma	52	Acero	42
Pick Pocket	50	Lighthouse	41
Ortegal	49		

The racing on Sunday and Monday includes the Premio Olavarría, 1600 metres, first prize \$5000, and the Premio Belgrano, 2000 metres, first prize also \$5000, two races in which a very similar lot of good horses are entered, several in both. Alacran ought to be a probable candidate for one of the two, and in the former may be coupled with Mariano, who seems to have a special liking for the distance, and has made more than one good race lately. In the Belgrano, Sebastopol, if well, should have as good a chance as any other. Ney will hardly win the 1600 with 65 kilos, even if pulled out.

The first race on the 29th is 1800 metres, for which there are only five entries, and Lavalleja, on his recent form, should have an easy win.

The 1600 metres for losing colts and fillies might give Ail a winning bracket at last, if Oplencia is not too fast for him.

In the Selling Plate, 1500 metres, Oriente should not be overweighted with 56 kilos unless for Bab with ten less.

The 2200 metres ought to be won by Rosemary if the old mare is ever to show up again, although if Rayon d'Or with his 40 kilos cannot run away with it he should never be seen on the course again.

The Sprint might be between Hipolito and Namuncurá, while Helecho will have one more opportunity in the 1800 metres.

Monday's sport opens with a mile in which out of the poor lot of nine, Lavalleja, if without a win the day previous, should get it this time, if not prevented by Waterwitch.

The losers 1200 metres has twenty-five entries and the fillies have the better chance, the choice of them appearing to be Tula and Marcela.

In the sprint, for all horses, Daza is due for a win though Osman at the difference of 11 kilos might be too much for him.

The mile, for three-year-olds, is allotted her for the first five, and may be fought out by Pompeyo and Virey.

The 2000 metres could be won by Stamboul or Laurel if in any sort of shape, and in the Consolation, 1800, Pick Pocket appears to be thrown in though with a possible outsider in Estudiante.

My selections for the two days remain:—

- August 29.
- Premio Ecurie Indecis—Lavalleja.
- Premio Ecurie Prisonero—Ail or Oplencia.

- Premio Belgrano—Sebastopol or Alacran.
- Premio Petite Ecurie—Pompeyo or Virey.
- Premio Ecurie Azur—Stamboul or Laurel.
- Premio Ecurie Pergamino—Pick Pocket or Estudiante.

SAMOL.

HOME RACING.

The Goodwood Meeting this year, both from the social and sporting standpoints, was distinctly above the average, and for the first time since the death of the Duke of Clarence the ladies of the Royal Family were once again in attendance, and everybody was glad to see the Princess of Wales there.

The three important events of the meeting are the ever-popular six-furlong handicap, the Stewards' Cup, which is run on the first day; the once famous Stakes on the second day, and the Goodwood Cup on the third day.

The Stewards' Cup, generally a problem, was this time rendered more so by the presence of the long distance horse, Count Schomberg, among the sprinters. More than half an hour elapsed before Mr Coventry could find a favourable opportunity, and as soon as the signal was given Royal Rose shot to the front, with Ardeshir, Saxon Prince, Northern Farmer, and Lesterlin in attendance, Chasseur and Diakka being also conspicuous thus early. A quarter of a mile from home Royal Rose began to beat a retreat, Chasseur, Diakka, and Saxon Prince being left in front. At the distance Amphora, who had always been prominent on the right, shot past Diakka, and going on strongly to the end, beat the American four-year-old by a couple of lengths, while Ardvourlie (who was running on at the end) passed Chasseur in almost the last stride, and secured third place a length behind Diakka.

All the acceptors went to the post for the Goodwood Stakes, but they were not a very gay lot to be contesting such a time-honoured prize, and Nouveau Riche was the only one of the seven who had any pretensions to class, and he had to put up 9st. Still, he was liked as well as anything in the paddock and he shared favouritism with the Prince of Wales' Glentilt. On their Metropolitan Stakes form Glentilt had the best of the terms with Gluten. Of the others only Eclipse found favour, and though this horse had made a good fight with Dinna Forget in the Jockey Club Plate at the York Spring Meeting, there was not much encouragement to stand him, seeing that Dinna Forget had been badly beaten in the Liverpool Cup the previous week. Fordington, Glentilt, and St. Croce were the leaders down the straight. Before they disappeared round the loop there was a long tail, and when they came into sight again Glentilt and Gluten were in front of Eclipse, the others being well astern. Shortly afterwards Gluten took up the running, and with Glentilt in serious difficulties as they entered the straight, the Compton horse was followed by Eclipse. Not that the latter ever threatened real danger, and with Kempton Cannon content to wait quietly in front, he won by a length, without being unduly hard on his mount. Glentilt finished third, something like a hundred yards being Eclipse. The tailing was terrible, and the race goes to prove that the form was very moderate all round.

With nothing of very high class engaged in the Sussex Stakes, the race looked very open, and eight went to the post. Ardeshir, Ovando, Doremi, and Sunflower claiming the maiden allowance of 7lbs. Ardeshir, having failed in the Stewards' Cup, was thought unlikely to get a mile, and perhaps for this reason he stood at a longer price than Frisson or Stewarton. However, he had Wood on his back this time, instead of a tiny, inexperienced boy, and this probably caused him to give his true running. Anyhow, he beat Frisson easily enough, and amply justified the action of his numerous backers two days previously.

The Cup was practically a match between Count Schomberg and Labrador, and after waiting to the distance M. Lebaudy's horse went up and did the trick very cleverly.

Below we give particulars of some of the more important events:—

GATWICK SUMMER MEETING—JULY 24.

- Summer Handicap of 300 sovs; 1 1/4 miles.
- Mr P.H. Osborn's b m Acmena, by Martini Henry—Acme, 5 yrs, 8st 12lb (inc. 4lb ex.) Bradford 1
- Mr B. S. Straus's Cherrywood, 3 yrs, 6st 8lb Dunn 2
- Mr W. Palmer's Thurling, 3 yrs, 8st 7lb. N. Robinson 3
- Mr Delalany's Lighterman, 3 yrs 8st 11lb (car. 8st 2lb) J. Doyle 0
- Mr A. J. Schwabe's Marton, 4 yrs, 9st C. Wood 0
- Betting—11 to 8 on Acmena, 5 to 1 agst Lighterman, 11 to 2 agst Marton, 8 to 1 agst Cherrywood, and 10 to 1 agst Thurling.

The running was made by Acmena, attended by Cherrywood and Lighterman for over half a mile, when Lighterman took second place, but soon had to give way, as the favourite without ever being headed, drew away, and won in a canter by three lengths from Cherrywood, who beat Thurling by a head for second place, with Lighterman a head behind the third.

GOODWOOD MEETING—JULY 27.

- Stewards' Cup, value 300 sovs, added to a Handicap Sweepstakes of 10 each; T.Y.C. (6 furlongs).
- Mr H. McCalmont's ch f Amphora, by Amphion—Sierra, 4 y, 8 st 3 lb M. Cannon 1
- Lord W. Beresford's Diakka, 4 y, 8 st 4 lb. Bradford 2
- Sir S. Scott's Ardvourlie, 4 y, 6 st 9 lb Segrott 3
- Mr J. Ryan's Chasseur, 5 y, 8 st 7 lb Rickaby 4
- Mr M. D. Rucker's Red Heart, 5 y, 9 st C. Wood 0

Mr R. Lebaudy's Count Schomberg, 5 y, 8 st 13 lb

- S. Loates 0
- Mr R. Crocker's Americus, 5 y, 8 st 10 lb Calder 0
- Mr Smithwick's Lesterlin, 5 y, 8 st 8 lb N. Robinson 0
- Mr Craig's Northern Farmer, 3 y, 7 st 12 lb Finlay 0
- Mr L. de Rothschild's Imposition, 4 y, 7 st 9 lb T. Loates 0
- Mr W. Johnston's Saxon Prince, 5 y, 7 st 8 lb Filley 0
- Mr D. Seymour's Sirdar, 3 y, 7 st 7 lb Chandley 0
- Mr F. W. Taylor's Royal Rose, 5 y, 7 st 5 lb. Allsopp 0
- Lord C. Montagu's Kilkerran, 3 y, 7 st 5 lb Madden 0
- Sir J. B. Maple's Omladina, 4 y, 7 st 5 lb Fearis 0
- Lord Wolverton's Titare, 3 y, 7 st 3 lb H. Jones 0
- Mr E. Cassel's Duamia, 3 y, 7 st Newton 0
- Sir J. B. Maple's Yorker, 4 y, 7 st Toon 0
- Mr Jersey's Maluma, 5 y, 6 st 11 lb Sharples 0
- Lord Rosebery's Full Armour, 4 y, 6 st 9 lb F. Leader 0

Lord Alington's Zarabanda, 3 y, 6 st 8 lb C. Leader 0
- Mr G. Brewer's Privado, 3 y, 6 st 6 lb L. Hunt 0
- Mr Theobald's Ardeshir, 3 y, 6 st 6 lb A. Lounie 0
- Betting—6 to 1 agst Imposition, 7 to 1 agst Northern Farmer, 10 to 14 agst Count Schomberg, 8 to 1 agst Yorker, 100 to 9 agst Diakka, 100 to 8 agst Amphora 100 to 7 agst Kilkerran, 100 to 6 agst Saxon Prince, 20 to 1 each agst Sirdar, Royal Rose, Maluma and Ardeshir, 1000 to 45 agst Red Heart, 33 to 1 each agst Americus, Lesterlin, Duamia, Ardvourlie, and Zarabanda, 40 to 1 agst Chasseur, 50 to 1 each agst Titare and Full Armour, and 1000 to 15 each agst Omladina and Privado.

After a very long delay, caused principally by Chasseur, Royal Rose dashed away with the lead, and, going on in her well known style, had the foot of everything. Ardeshir and Northern Farmer were her nearest attendants, Saxon Prince, Ardvourlie, and Lesterlin next. Reaching the junction of the courses, Amphora, Diakka and Chasseur drew up, Amphora quickly taking her place inside the leader on the rails, whilst Diakka, Ardvourlie, and Chasseur came up on the left. With Royal Rose beaten at the distance, Amphora was sent to the front, to draw out clear and remain in front to the end, winning by two lengths, Diakka, Ardvourlie, and Chasseur meanwhile fighting for the places. Diakka finished second, a length behind the winner, whilst Ardvourlie beat Chasseur on the post for third place; Saxon Prince was fifth, Count Schomberg, who had been much impeded, sixth, Americus seventh, and Red Heart eighth.

Richmond Stakes of 25 sovs each, with 500 added, for two-year-olds; T.Y.C.

- Mr L. Brassey's ch c Paladore, by Ayrshire—Palisandre, 8st 10lb Bradford 1
- Mr A. James's Sevillanas, 9st 11b J. Watts 2
- Lord Penrhyn's Atalaya, 6st 7lb F. Finlay 3
- Mr H. T. Barclay's Cherry Heart, 8st 10lb. M. Cannon 0
- Betting—5 to 4 agst Paladore, 6 to 4 agst Sevillanas, 7 to 1 agst Atalaya, and 100 to 8 agst Cherry Heart.

Paladore was quickest away, and soon opened up a gap, Atalaya and Sevillanas, lying together, next, and in this way they reached the distance. There Atalaya and Sevillanas went for the leader, and in the last hundred yards drew up to him at a great pace, but just failed to head him, Paladore winning by a neck; three-quarters of a length between second and third.

July 28.

Sussex Stakes of 25 sovs each, with 500 added, for three-year-olds; New Mile.

- Mr Theobald's b c Ardeshir by Ayrshire—Agnostic, 8 st 3 lb C. Wood 1
- Mr C. D. Rose's Frisson, 8st 10 lb S. Loates 2
- Mr W. Johnstone's Stewarton, 8 st 10 lb Allsopp 3
- Duke of Westminster's Guernsey, 8 st 10 lb M. Cannon 0
- Capt. E. W. Baird's Ovando, 8 st 3 lb (car. 8 st 5 lb) Rickaby 0

Mr A. James's Sunflower, 8 st 3 lb Madden 0
- Sir J. B. Maple's Royal Footman, 8 st 10 lb Calder 0
- Mr L. Brassey's Doremi, 8 st Newton 0
- Betting—2 to 1 agst Frisson, 7 to 2 agst Stewarton, 9 to 2 agst Ardeshir, 9 to 2 agst Guernsey, and 100 to 7 agst any other.

Ovando made running from Doremi, Sunflower, and Frisson, and, as they turned into the straight, Frisson worked his way to the front, Ovando and Sunflower retiring, whilst Stewarton, Royal Footman, and Ardeshir came on. At the distance Ardeshir was sent to the front on the rails, and the race was all over the colt gaining the easiest victory of the meeting so far by a couple of lengths. Stewarton and Frisson had a great race for second place, which Frisson gained by a head; Ovando was fourth, Guernsey fifth.

Goodwood Stakes of 20 sovs each, with 300 added; 2 1/2 miles.

- Mr W. G. Steven's ch c Gluten, by Thurio—Bran Bread, 4 yrs, 7st 11b K. Cannon 1
- Mr W. Newton's Eclipse, 5 yrs 8st 5lb Allsopp 2
- H.R.H. the Prince of Wales's Glentilt, 6 yrs, 7st 18lb Madden 3
- Sir H. Farquhar's Nouveau-Riche, 4 yrs, 9st. Rickaby 0
- Mr L. Brassey's Happy Return, 3 yrs, 6st 7lb C. Newton 0

Mr L. de Rothschild's St. Croce, 3 yrs, 6st 5lb. Purkiss 0
- Mr A. Cohen's Fordington, 3 yrs, 6st 5lb H. Jones 0
- Betting—9 to 4 agst Glentilt, 9 to 4 agst Nouveau Riche, 5 to 1 agst Gluten, 7 to 1 agst Eclipse, and 100 to 8 agst any other.

Fordington settled down with the lead, Glentilt, Happy Return, and St. Croce next. St. Croce went second for a time, but soon after encompassing a mile Glentilt went to the front, and, putting on the pace, drew out several lengths clear. A little more than a mile from the finish Gluten went up to Glentilt, and forced the pace to such purpose that he got away turning into the straight, the only others in the hunt apparently being Fordington and Nouveau Riche, so far off were

the rest. But there was a deal of tiring on the way to the finish, and Eclipse was the only one to show at all a bold front, and he could never get on terms with Gluten, who won by a length; a bad third, all but the first two pulling up in more or less pronounced stages of leg weariness, Nouveau Riche being the absolute last.

Goodwood Cup of 800 sovs; 2 1/2 miles.
Mr R. Lebaudy's ch h Count Schomberg, by Augbrim—Clonavarn, 5 yrs, 10st 2lb . . . S. Loates 1
Duke of Westminster's Labrador, 4 yrs, 9st 4lb . . . M. Cannon 2
Prince of Wales's Oakdene, 3 yrs, 7st 7lb . . . Madden 3
Mr A. Cohen's Greenlawn, 6 yrs, 9st 11lb . . . J. Watts 0
Betting—11 to 10 agst Count Schomberg, 5 to 2 agst Labrador, 7 to 2 agst Greenlawn, and 100 to 8 agst Oakdene. Oakdene led out, with Labrador second, and they passed the stand on the way out at a moderate pace. Turning to the left, Oakdene and Labrador opened up a gap from the third, Greenlawn, Oakdene trying to get away at half distance; but at the New Mile post, a couple of lengths separated each horse from the other. In the straight, Labrador collared Oakdene, and came on with the lead. First Greenlawn, and then Count Schomberg, ran into second place, the last-named hanging on to Labrador and, being shaken up in the last fifty yards, won by three-quarters of a length. Six lengths separated second and third.

Rous Memorial Stakes of 20 sovs each, with 500 added; for two-year-olds; T.Y.C.
Mr D. Baird's ch c Cap Martin, by Martagon—
Flower Girl, 9st 3lb Rickaby 1
Mr T. Brinckman's Sarratt, 8st 11lb C. Wood 2
Mr H. M'Calmont's Cushendun, 8st 5lb Calder 3
Mr T. Cannon's Our Queen, 8st 7lb M. Cannon 0
Betting—85 to 40 on Cap Martin, 11 to 4 agst Sarratt, and 100 to agst Our Queen and Cushendun.
Cap Martin won in precisely the same way as did Champ de Mars, leading from start to finish, and never giving the others the least chance, won by three lengths; two lengths separated second and third.

July 29.

Chesterfield Cup (Handicap), value 800 sovs, added to a sweepstakes of 15 each; 1 1/4 miles.
Lord Stanley's ch f Birchrod, by Hazlebatch—
Fright, 4 yrs, 7st 7lb Robinson 1
Mr H. E. Beddington's Earwig, 4 yrs, 8st 2lb Allsopp 2
Baron de Rothschild's Amandier, aged, 8st 9lb T. Loates 3
Mr H. McCalmont's Knight of the Thistle, 4 yrs, 9st 4lb Calder 0
Mr A. Cohen's Greenlawn, 6 yrs, 9st Bradford 0
Duke of Westminster's Shaddock, 4 yrs, 8st 5lb (car. 8st 6lb) M. Cannon 0
Mr Theobald's Lady Ernie, 4 yrs, 7st 10lb Finlay 0
Mr W. Blake's Eileen Aigas, 4 yrs, 7st 10lb (car. 7st 11lb) Wood 0
Mr B. S. Strauss's Teufel, 4 yrs, 7st 9lb K. Cannon 0
Mr R. Lebaudy's Kopely, 4 yrs, 7st 8lb S. Loates 0
Mr T. Jennings's jun.'s Literature, 4 yrs, 6st 11lb Newton 0
Lord Ellesmere's Miss Fraser, 4 yrs, 6st 10lb (car. 6st 12lb) Toon 0
Mr Cresswell's Wild Ray, 3 yrs, 6st 7lb C. Leader 0
Mr A. James's Shama, 3 yrs, 6st 5lb H. Jones 0
Mr Jersey's Brayhead, 3 yrs, 6st 12lb Sharples 0
Betting—6 to 1 each agst Shaddock and Teufel, 100 to 14 agst Amandier, 100 to 12 each agst Knight of the Thistle and Brayhead, 10 to 1 each agst Kopely, Earwig, and Birchrod, 100 to 8 each agst Lady Ernie, Eileen Aigas, Literature, and Miss Fraser, and 100 to 7 agst Greenlawn.
Brayhead settled down in front of Earwig, Lady Ernie, and Miss Fraser, with Kopely, Knight of the Thistle, and Eileen Aigas in front of Birchrod and Shaddock, and Amandier last, and so they ran until a quarter of a mile from home, when Birchrod and Earwig joined Brayhead, Amandier closing up. At the distance Literature fell, and Birchrod, drawing to the front, followed by Earwig, won by a head; two lengths divided second and third; Teufel was fourth.

CRICKET.

As a first-class county Essex has made great strides, and to beat Yorkshire twice in one season says much for the all-round play of the Leyton team. On July 24th the finish was most exciting, and the batting on that day was undoubtedly the best shown in the match. Essex by having first innings did not gain much of an advantage, and the only batting at all to be commended was that of A. J. Turner 40, Fane 24, and Owen 23. The total was only 139, thanks to the excellent bowling of Hirst and Jackson. This small score should, one would think, have been beaten by Yorkshire, but Brown, Tunnicliffe, Denton, Moorhouse, Wainwright, Milligan, and Hawke could do nothing with the bowling, and it was only through the efforts of Jackson 20, Hirst 41, and Haigh 24 (not out) that a fairly respectable total of 135 was realised. The Essex batsmen lost the first five wickets in their second innings for 51, but the innings eventually closed for 294, of which Turner's share was a remarkably lucky 111. The Yorkshiremen have never fielded worse, and if they had accepted every chance the Essex score would have been a hundred less. Wanting one less than 300 to win, Yorkshire made a disastrous start, losing four wickets for 23 runs. Moorhouse and Wainwright stopped together till stumps were drawn for the day, when the score was 81 for four wickets, Yorkshire wanting 218 runs to win. The wicket kicked a little on the last day, a fact which Kortright soon discovered, and of which he took advantage by pitching his balls very short. Wainwright and Moorhouse kept together till 138, when the former was out for a plucky and admirably played 63. The partnership had added 115 runs, and made Yorkshire's chances a little brighter. Moorhouse batted finely, but was hit by a short-pitched delivery from the Essex fast bowler. He had to retire to have his arm bathed, and the crowd showed disapproval of Kortright, who was certainly bowling with any amount of vigour. Moorhouse returned, but he had evidently lost his confidence, and was soon out, caught off Kortright for an invaluable 68. Hirst and Milligan together treated the bowling with scant respect, putting on 85 runs in forty minutes, and it seemed not unlikely that the two plucky Yorkshiremen would hit off the rest of the runs, but with 54 runs to his credit, Hirst was run out, and soon after Milligan went for a dashing and grandly-played 64. Lord Hawke lost Haigh, and when Birstow joined him eleven runs were wanted to win. The excitement was, of course, intense, and every ball was watched with breathless interest. Nine of the runs were obtained when Birstow got his leg in front of a straight ball from Mead, and Essex had won by 1 run. The visitors hardly deserved their win after such a grand fight by Yorkshire, but the northerners simply lost the game by their own slovenly fielding. Losing the match meant a good deal to Yorkshire, and Lancashire also.

Gloucestershire by beating Notts made the lace county go from first position in the championship much lower down the list. The absurdity of the present way of allotting the championship was shown when Notts with two wins and seven drawn games was placed before Yorkshire and Lancashire, who had each won nine games and drawn six. Notts, by making 311 against Gloucestershire seemed to have made themselves safe against defeat, but such was not the case. The Notts innings was altogether an admirable one, and Shrewsbury with 64 was seen quite at his best. The feature of the innings was a grand exhibition by Pike and Guttridge, which was as welcome as it was unexpected. The Notts wicket-keeper made 44 (not out) by very fair cricket, and the ex-Sussex man scored 73 in most effective style. With a heavy score to go in against, Gloucestershire opened very well, Wrathall and Board settling down and making runs easily. The former scored 32 and the latter 37, and both got their runs by good batting. W. G. Grace made, perhaps, his best score of the season, scoring 126 in fine form. It is not since 1871 that the champion has made a century at Trent Bridge, and the success of such an old favourite was naturally popular. The score eventually amounted to 304. Notts again did well, Shrewsbury putting in a nice innings of 58, and Dixon 32, A. O. Jones 34, Dench 34 (not out), and Pike 15, all showing to good advantage. The total score was 206, which left Gloucestershire the task of getting 214 to win. With four wickets to fall, 113 runs were wanted to win when Townsend and Richardson were partners. Both amateurs played with steadiness and caution, and, if time did not prevent, Gloucestershire could not lose. At 187, however, Richardson was out for a fine 47. Murch took his place, and, Townsend playing well, Gloucestershire won by three wickets. Townsend took out his bat for 67, and it was without doubt his stand with Richardson that enabled Gloucestershire to beat the previously unbeaten Notts eleven.

Kent made a good fight with Surrey on the first day of their match, but afterwards were completely outplayed. Three men were mainly responsible for the score of 217 made by the visitors to the Oval. They were Mason, Alec Hearne, and G. J. Mordaunt. Mason's 65 was obtained by stylish and altogether graceful play, but Alec Hearne was at the wickets a great time for 50. Mordaunt was in grand hitting form, and made 81 not out with wonderful dash and vigour. He punished all the bowlers alike, and obtained his runs in wonderfully free fashion. The other Kent batsmen only obtained 16 runs between them. With the exception of Abel and Holland the Surrey men gave a capital display, running up the big score of 617. Of these 234 were made by Baldwin and 102 by D. L. A. Jephson. The amateur was the first to leave, and his score was not only his

best in first class cricket, but he did not give anything approaching a chance. His inclusion in the Surrey eleven has been fully justified and he thoroughly deserves his place. Baldwin, who was last man out, had compiled 234 which was however marred by two chances, one at 5 and the other at 80. He was at the wickets for six hours, while 508 runs were put on, and his innings was the highest and most attractive he has ever played for Surrey. A collection made for him on the ground realised £49 1s. 1d., a handsome sum which he well deserved. Kent had to go in against a lead of 400 runs, and did not do badly in putting together 252 runs.

When Leicestershire and Derbyshire met on the ground of the former neither county had won a match, so that there was much hope that a definite result would be arrived at. The home county performed in quite meritorious style and won by five wickets with 213; 187 for five wickets to 125—274. Woodcock bowled capitally, taking four wickets for 73 and five for 106; while Stocks captured five for 49 and three for 57.

A moderate eleven of the M.C.C. beat the Philadelphians by 227 runs with 278—280 for eight wickets to 179—152. The chief scores for the premier club were 19—23 by C. W. Wright, 133—58 by F. Mitchell, 6—73 by Rawlin, 18—35 by A. E. Trott, 34—10 by F. W. Maude, and 21 (not out), 34 (not out) by J. Gifford. For the Americans J. A. Lester scored 33—71, G. S. Patterson 64, and J. B. King 31.

Lancashire, who are making good running for the championship, beat Somerset by an innings and 75 runs. The western county, without L. C. H. Palairt were dismissed for 140—159. Hallam took nine wickets for 110, Mold eight for 123, and Cuttell three for 37. The Lancashire batting was pretty consistent, Maclaren playing a brilliant innings of 70, Ward making an effective 40, Sugg 93, Tyldesley 68, Baker 37, and Briggs 28. The Lancashire score reached 374.

Yorkshire had little difficulty in beating Somersetshire, which was not strongly represented. The match took place on the Headingley Ground, and the home county having first innings made the very fair score of 356. Brown was the highest scorer with 107, a fine and vigorous innings in which there were no chances and few bad strokes. Somersetshire had to bat on a wicket rather spoilt by rain and sun, and the Yorkshire bowlers got a lot of work on the ball. S. M. J. Woods made a dashing 111 in the first innings. The whole side were out for 188, and, following on, for 146, Wainwright took six wickets for 40 and two for 62, Jackson two for 47—two for 31, Milligan four for 73, and Hirst four for 49.

On the first day of the Surrey and Derbyshire match at Derby the wicket did not play too well, owing to rain, and at the end of the day's play neither side had any real advantage, Derbyshire had put together 143, of which S. H. Evershed contributed no fewer runs than 62. The Derbyshire captain played with confidence and judgment, obtaining his runs by very fine cricket, the innings closed for 143. Surrey did not make a promising start, but with Key and Holland in the Derbyshire bowling was clobbered and hit all over the field. The Derbyshire total was soon passed, and runs came at a rapid rate. Holland was the first to leave, but not before his share of the score was 93, a very great innings indeed, if not entirely free from blemish. Key and Lees went on hitting, both having a little luck. The young professional soon hit up 34, and with Wood and Richardson both out for 0 the Surrey captain carried out his bat for a vigorous and brilliant 130, which was his highest score of the season. Derbyshire had to face a minority of 234, and Evershed and Wright put on 64 for the first wicket. Evershed again gave a good display, making light of the Surrey bowling. He made 40, and Wright also in good form scored 45. Bagshaw batted an hour and fifteen minutes for 46, and Davidson carried out his bat for 72, a graceful and altogether attractive display. Surrey had to go in again to make two runs, Richardson scoring the winning hit. He bowled with considerable success, his ten wickets costing 246 runs while Lees secured nine for 129.

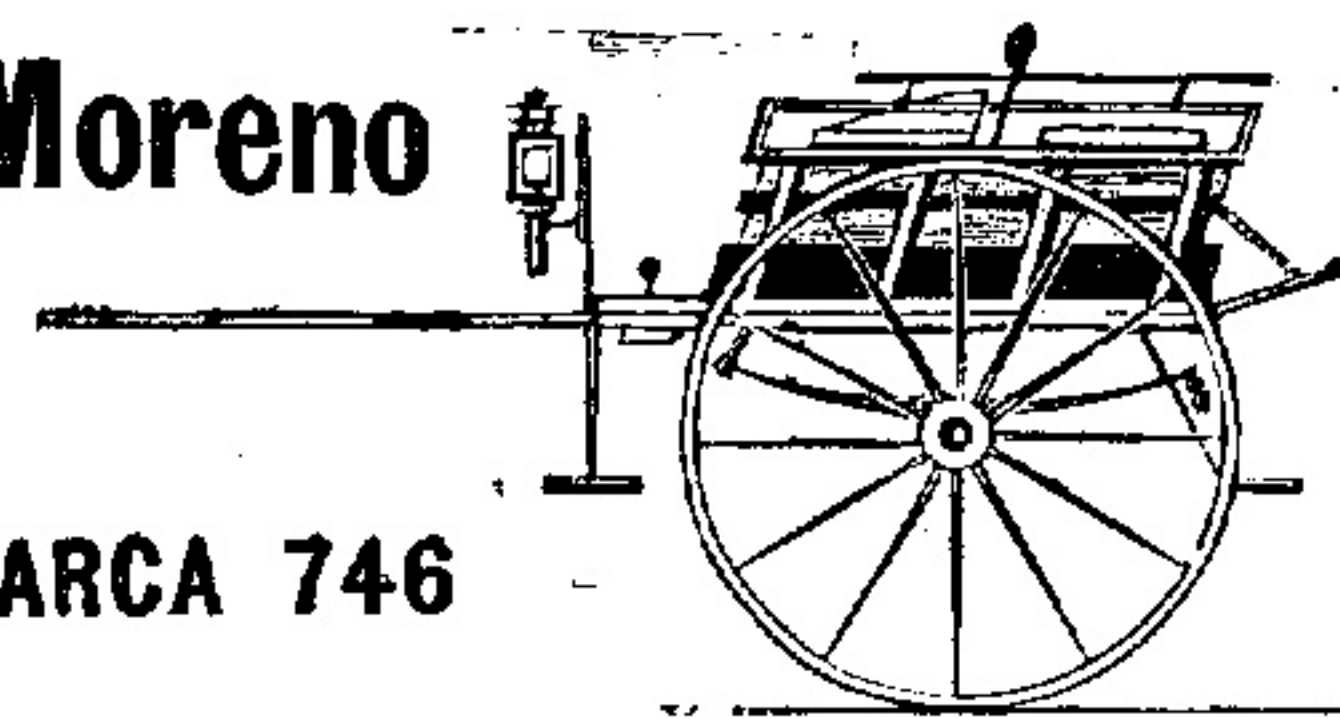

Kent beat the Philadelphians by an innings and 9 runs with 454 to 163—277. For the county Mason made 92, Tufton 25, Marchant 49, Weigall 133 (not out), Stewart 23, Easby 73, and Wright 21. For the visitors A. M. Wood made 22, J. B. King 24, J. A. Lester 66—59, Bohlen 49, Cregar 24, Bidle 30 (not out), and Baily 40.

HURLINGHAM CLUB.

The last of the competitions for the Monthly Subscription Cup and President's Cup took place on the 22nd inst., when fourteen members turned out. Mr W. Higgins once more came to the front, with the fine score of 89, made up as follows:

First round ..	5 4 4 4 7 4 5 5 5 =	43
Second round..	5 4 3 5 7 5 6 6 5 =	46

This qualifies him for the final of the President's Cup, the other four winners being Messrs P. C. Smith, V. G. G. Scroggie, J. Marjoribanks, and D. Leighton. The final between these five "cracks" will take place on the 5th September.

The cards handed in were:

Name	1st round	2nd round	Total Gross	Han-dicap	Total nett
W. Higgins ..	43	46	89	scr	89
V. G. G. Scroggie ..	46	50	96	scr	96

J. P. Clarke ..	56	56	112	9	103
R. Paton ..	59	52	111	8	103

Messrs A. Williamson, A. L. Williamson, P. C. Smith, R. A. Sumner, and Grant Dalton made no returns.

The following is a list of the ten men who have returned the two best scores for the eighteen holes in the five competitions, and who have to play off under sealed handicap on the 5th September for the Subscription Cup:

1—W. Higgins ..	93	89	182
2—J. Marjoribanks ..	91	96	187
3—P. C. Smith ..	96	92	188

LOMAS GOLF LINKS.

The foursomes for the President's Prize were begun last Sunday and concluded on Wednesday, when Messrs J. Marjoribanks and C. J. Baumgartner defeated Messrs J. Ballantyne and H. A. Livock, 6 up and 5 to play.

Below we give the results of the different matches:

First round—

- J. Marjoribanks and C. J. Baumgartner (3) beat P. L. G. Bridger and R. L. Goodfellow (17), 6 up and 4 to play.
- C. Alexander and R. Smiles (8) beat C. C. Alexander and W. Cairns (14), 6 up and 5 to play.
- J. Ballantyne and H. A. Livock (10) w.o. against F. J. Coombs and W. Flint (8).
- P. Cowper and G. G. Gonsalves (14) beat T. Dodds and H. P. Wright (13), 3 up and 1 to play.

Second round—

- J. Marjoribanks and C. J. Baumgartner beat C. Alexander and R. Smiles, 2 up.
- J. Ballantyne and H. A. Livock beat P. Cowper and G. G. Gonsalves, 4 up and 3 to play.

Final round—

- J. Marjoribanks and C. J. Baumgartner (giving 10 strokes) beat J. Ballantyne and H. A. Livock, 6 up and 5 to play.

The Lomas Golf Committee, having obtained the sanction of the Championship Committee, have arranged for the following open competitions to be played to-morrow and Monday over the championship course. Entries will be received up till 5 o'clock this afternoon.

Prize Competition.—Medal Play Rules under handicap for players whose handicaps are below scratch to minus 8 inclusive. For the best 5 rounds (unless otherwise decided by the Committee as specified below) to be played thus, 3 rounds on Sunday and 2 on Monday.

Prize Competition.—Medal Play Rules under handicap for players whose handicaps are more than minus 8. For the best 5 rounds, conditions same as above.

In order to avoid any interference with the championship matches, the joint committee have the right to alter or limit in whatever manner they think fit the number of rounds to be played in these Special Competitions, in the event of Sunday and Monday being wet, and if in their opinion such steps be necessary.

Competitors in these matches must return the first rounds they play in successions of singles (Championship rounds excepted.)

No objection, however, will be taken to foursomes being played between any singles or before the first round, but until the required number of rounds are completed no singles may be played which are not recorded as forming part of these competitions.

Competitors for the Championship must be allowed complete freedom by all other players. They must not be "pressed" by outside players nor retarded by such in front, and must at all times be allowed to "pass" outside players in any part of the Links should they desire it. No player may approach his ball near to a green while such Championship competitor is holing out or until he has left the green.

Ladies' final Silver Medal Competition will take place on Thursday the 2nd September. Play to commence at 1.30 over a shortened 18 hole course. Entries \$2, to be sent by Tuesday evening previous, to the Golf Committee.

- Chas. Alexander, 135 Maipú.
- C. J. Baumgartner, British Bank.
- H. A. Livock, 25 de Mayo 130.
- James Marjoribanks, Temperley.

FISHERTON GOLF CLUB.

Below we give the result of the "Archer" Gold Medal Competition, which took place on the links of the above club last Sunday. With the medal was included a handicap, and as may be seen from the scores given below Mr J. W. Besserer won both events. His performance was excellent in the third round of nine holes, and establishes a record for the Fisherton links which will take some trouble to lower. His score for the nine holes was 5 5 4 6 5 5 4 5 4 = 43.

The day was fine with little wind, but the ground was very hard and the "earth" greens very fast, though fairly true.

The following returns were handed in:

In the last issue to hand of the "Illustrated Sporting and Dramatic News," "Niblick" writes:

A rather quaint story was told me the other day about a well-known player at St. Andrews. The golfer in question was about to play a man of whose form he knew little or nothing. Wishing, however, to get some sort of line he turned to his caddy and asked him if he could enlighten him as regards the play of his opponent. The caddy's answer was short but to the point, "Oh, he cannot play a bit;" a criticism which brought forth the remark, "Then, of course, I shall win." His surprise, however, was somewhat great when his caddy replied, "But he can beat you for all that." Here is another of the same nature from St. Andrews. A golfer was playing with a stranger, and while waiting for their turn to drive, the stranger was swinging his club about in the most finished style, and so impressed his opponent that he turned to his caddy and remarked, "A pretty good player, I should think." To this the caddy rejoined, "Oh, he's all very well at buttercups and daisies, but he's nae so good at the baa." The result of the game fully attested to the wit and the discernment of the caddy.

While on the subject of stories, I must repeat one told me of two St. Andrews' golfers, a soldier and a civilian. During the progress of their game both men got into trouble, the soldier being in the road and the civilian in a very bad bunker. They were at some distance from one another, and each was hard at it with niblicks without, however, any measure of success. After some little time spent in fruitless endeavours on the part of both to get nearer the hole, the civilian shouted to his opponent, asking him how many he had played. Back came the reply, "Five," accompanied by an interrogation as to the number of strokes the civilian had played. "Four," was the answer, accompanied by a remark in an undertone, "I am not going to let you tell a bigger lie than me."

KENNEL.

The Duke of Leeds, by a stroke of bad fortune, has sustained a heavy loss in the death of his two promising Greyhounds Laurel Brown and Laurel Leaves. Both ran in the last Waterloo Cup, Laurel Leaves running up for the Plate, and Laurel Brown winning three courses in the Cup.

At the Dublin Show a remarkable instance of the glorious uncertainty which characterises dog-showing was afforded by the win of Owen Rhu in the Setter classes. A championship does not go every day to a dog catalogued at a five-pound note. Needless to say, he soon found a new owner.

It is stated that at the Liverpool Show, held at the end of last month, attention was drawn to the ring in which the St. Bernards were being judged. In one instance a small rabbit with a string tied to its leg was used for the purpose of attracting the attention of the dogs, and in another a kitten was treated in the same way. This is a most objectionable thing to do, and is not only cruel, but is taking an advantage over other exhibitors who have not provided themselves with some means to make their dogs show to the best advantage.

A somewhat remarkable occurrence has taken place at the kennels of Sir Humphrey de Trafford at Patricroft, Manchester. Sir Humphrey sold his well-known English setter, Grouse of Kippen, but the purchaser soon afterwards changed his mind, in fact, he was unable to keep the dog, and asked Sir Humphrey to buy it back. This was done, and within a few days of the dog having returned to his old home, it began to show symptoms of illness, and died within a few days. Grouse of Kippen was entered for the Liverpool Show, and this accounts for his not being present.

An important case has recently been heard in connection with dogs. When a Mr Storey, who, up to the last few months, was well known as the owner of a large kennel of St. Bernards, sued Messrs Smith and Baker, of Leeds, for the value of a St. Bernard bitch which he had bought from that firm at a high figure, but which died from heart disease a short time after it had reached its new home. Mr Storey said that he had received a warranty with the bitch, but this he was not able to produce, and consequently the verdict was in favour of Messrs Smith and Baker. The case will probably prove a costly one to the loser.

ATHLETICS

ROSARIO ATHLETIC SPORTS.

As will be seen from the undermentioned entries, the Rosario athletic meeting, to be held on the 30th inst., has not come in for the amount of attention from athletes it deserves. It would probably be the advantage of future meetings were the Club to try and ascertain the reason for the falling off in the entries. It has been said that some would be competitors consider the date too early and if such be the case the Club would certainly benefit by having their sports a little later in the season. It does seem a pity that such valuable prizes should almost go a-begging. It is to be hoped that the weather will be fine, as although the fields will be small, given fine weather there should be good sport.

CYCLING.

TANDEM CLUB.

The entries for the tandem race organised by the above club, which will come off on Monday next, 30th inst., at Palermo have proved rather numerous.

Tandem races are always much more interesting than singles, and the inter-club 10,000 metre race promises to be a regular "struggle between giants,"—to use an expression greatly favoured by cycling reporters—as some of the best men in the country intend to run in "double harness," and there is very little to choose between some of the pairs.

CLUB DE VELOCIPEDISTAS.

The members of this club certainly believe in enjoying life while they can, for we have to announce yet another "paseo," this time to San Isidro. The members start from Palermo on Sunday morning, juniors leaving at 7 a.m. and seniors at 9 a.m.

One has only to glance at the name of the club to understand that the arrangements with regard to the proper looking after the inner man are perfect. We hope the members will have a good time.

RECORDS.

We announced in our previous issue that Mr P. Montigaud intended to try and establish a new record for the 100 kilometres, and on Sunday last, at the hour named, Montigaud, with a multitude of trainers, was present on the spot; but, unfortunately, owing to the course being in possession of several battalions of the National Guards, busy with their drill, the cyclists were obliged to give way and leave them in possession of the field.

Cycling paths along public roads are being laid down in the outskirts of many American towns at the expense of local cycling organisations. In most cases the tracks are 5ft. wide, and lie between the gutters and side walks; they are composed of cinders consolidated by simple rolling.

Cyclists in China lead an untrammelled existence. There is no system of road regulation outside the towns, for the simple reason that the roads are undefined, being neither bounded by fence or hedge. While the farmer has the right to plough up any road passing through his land, drivers of vehicles have an equal right, and they exercise it, too, to traverse any portion of the country they please.

P O L O.

HURLINGHAM.

On Sunday last two sides were arranged between "Town" and "Country" members, and were made up as follows:

Town.	Country.
1. B. Bedford	1. A. Ott
2. E. D. Drabble	2. R. Thorold
3. A. Challinor	3. S. Furber
A. L. Williamson (back)	Lacey (back)

After a hard fight the "Town" members won by six goals to four. At times the play was good, but the game was rather spoilt by the scarcity of ponies. There was more "missing" than usual, which was doubtless caused by the bumpy state of the ground, untrained ponies, etc. Occasionally, too, the game was inclined to be rough, and fouls were far too frequent. There is no doubt that a good umpire would be a great acquisition at Hurlingham, or better still, as "Boots" remarked, a John Watson if only one could be found.

HUNTING

LOS CEIBOS FOX HOUNDS.

These hounds met at the Kennel, on Sunday 22nd August, a splendid hunting day, and had the run of the season.

A swamp cover known as Galbally was first drawn blank, but hounds found in a patch of paja and raced their fox for about a mile into Bell Hill covers which are very large and swampy, here we watched with interest the splendid way they rattled their fox about forcing him into the open after about 20 minutes hard work, the first hounds out of cover were two bitches of this season's entry, Flourish and Revelry, and they kept their lead the whole hunt through without a mistake. Our fox now made for a large wood cover about three miles off, but the pace being too hot for him doubled up a large cañada, running straight for about two miles, it was amusing to watch the whip (a native) toiling away in the rear bawling "Farrard," every hound being about a mile ahead of him and the whole field (which consisted of three). When we got to the top of the Hill, we saw our fox about 300 yards ahead of Flourish, hounds viewing him were going for blood, while we and our horses were about beat. Luckily for us there was a short check at a pajonal, which gave the fox a fresh start and ourselves time to get up, just as we got up to them, the hounds casting forward of themselves, hit the line up a small cañada, thanks to old Liberal (a Carlow hound) who learnt his business with Mr John Watson, and has not forgotten it yet. Scent was very good and in about five minutes we again viewed our fox going very stiff and evidently beat, but he managed to find a hole in some rocks in Zorro's potrero, and beat us after all. Time one hour and ten minutes.

These hounds have never shewn such sport as this the young entry shewing up especially well, and with plenty of foxes should shew good sport before the end of the season.

THE BOY ON THE FENCE.

HOME NOTES.

The last week of the season has not been a very exciting one in the sporting world, though there has been some good cricket, and of course, Goodwood was more brilliant this year than ever. Leamington has been the scene of all the polo worth mentioning, the Rugby tournament next week, and Cirencester's meeting the week following, finishing this season. The ground at the moment of writing is so hard, however, that it is doubtful if the Rugby fixture will come off.

* *

For the racing at Goodwood I must refer you to your mails, from which you will see that Count Schomberg has won the Cup for the second year in succession, though last summer he was indulged in a walk over. It is a good thing that the authorities altered the conditions of the race this year so as to prevent a repetition of it, and the entry published early in January contained the names of some of the best horses in training.

* *

The victory of Mr Lebaudy's was very well deserved, gained as it was, after a really magnificent race with Labrador, whom he only shook off a short distance from the post. Count Schomberg has won all sort of races, and it is quite on the cards that he will yet win one of our biggest steeplechases. He showed himself *facile princeps* over hurdles in France, and has won here the Liverpool Autumn Cup, the Chester Cup and the Gold Vase besides his other successes. Arthur Yates declares him to be the best natural jumper he ever trained.

* *

Of course, everyone was bitterly disappointed at not seeing Persimmon and Winkfield's Pride fight their Ascot battle over again at Goodwood, but it was not to be. The Prince of Wales, in a

very sporting way, sent Oakdene to represent him, and though the substitute of his great horse had no chance even on paper he ran well and finished in front of Green Lawn after leading the field most of the way. A very large party of Royalties was present on each day of the meeting, which was favoured with brilliant weather all through.

* *

The defeat of Notts at the end of last week, that ending on July 24th, has made the cricket championship table look a little better, as up to then the county headed the list though they had only two victories to their credit. This would seem to point to the necessity for a change in the mode of calculating the results. The number of matches, out and home, necessary to qualify for the championship this year is seven, and it would seem that a certain fixed number of wins should be laid down also to enable a county to secure the title.

* *

As it happens things are now all right, and the elevens are placed in accordance with common sense, though the ridiculous result might have occurred of an unbeaten eleven, with only two or three victories to their credit, being champions for the year, without having done half enough to deserve the honour. No doubt the M.C.C., after this season's experience, will do something to enable such a result impossible in the future. You will notice that there has lately been some high scoring, and the rapidity with which Jessop has hit up some of his totals is worthy of note.

* *

The Bisley meeting is now over, the final day, last Saturday, being a memorable one in many ways for the National Rifle Association. The Queen's Prize was won in the end by an Englishman with a record score for the competition, his aggregate being a good deal higher than any previous total. I have already noted that records were obtained for all competitions in which our new service rifle was used, and there is no doubt that the N.R.A. will have to alter the conditions of these competitions very considerably for next year or there will be a terrible falling off in the number of entries for them.

* *

The Hunt Cup at Ranelagh was won last week by the Muskerry Hunt, practically a twelfth Lancer team, who beat the Pychley rather unexpectedly in the final on Saturday. The Buenos Aires men had entered for this tournament, but owing to its clashing with several other events they were unable to play and had to scratch. The Consolation Cup at Hurlingham was won by the fifteenth Hussars, who had a very strong team, and played very well together. This was the last match of the season at Hurlingham, except for one played on Monday between the Army and Yeomanry which was open to the public but very poorly patronised.

* *

The Leamington tournament commenced this week, and so far has produced one or two grand matches. On Wednesday Rugby beat Hurlingham after a very keen game. On Thursday, the Wanderers having scratched to America, the latter met the Rugby (Springhill) team, the sides being: America—Messrs W. McCreery, F. J. Balfour, J. Ravenscroft, and H. Robson; and Rugby Messrs W. Jones, E. D. Miller, Sir Humphrey de Trafford and Count de Madre. The latter were perfectly mounted and, after as good a game as one would wish to see, won by six goals to four; the last stroke of the match being a certain goal for America, but for the ball glancing off one of our men's stick and only missing the post by an inch.

* *

Mr Robson was not in form, but I expect he will be so next week at Rugby after three days' practice. Against such grand ponies as those on the Rugby side the Argentines had no chance, and were very slow in getting on to the ball every time, and there always seemed to be a gap in consequence in the American team. Until a team from your country can mount themselves really well, and on such ponies as Langosta and Petticoat they can never hope to beat any fairly good English combination in a fast galloping game.

How a BICYCLE is made

This is the title of an article recently published in "McCLURE'S MAGAZINE," describing a visit to the Columbia factory at Hartford, U. S. A.

It tells why the 22 lb. Columbia of to-day is stronger than the 40 lb. wheel of a few years ago, and what it costs to make it so. Explains why carbon steel is used in the frame, and nickel-steel in the front fork. Contains photographs of the Columbia "BUMPER," used for testing wheels, and of other curious machinery.

The modern Columbia is a scientific achievement, and the story of how it is made cannot but be interesting. We have it in book form, and if you want a copy, it will cost you only the trouble of asking for it at our show rooms,

SPORTING NOTES

I wish to call the attention of those who intend entering their horses for the race meeting at Hurlingham, on September 8th, that the closing of the entries for same has been postponed till five o'clock on Tuesday next the 31st inst. A special train will leave Retiro at 12 o'clock for next Monday's races.

The next two days will be busy ones for all classes of sportsmen. To-morrow we have football and golf, and on Monday we have race meetings at Palermo and Hurlingham, the golf championship at Lomas, the final match of the Argentine Association Football League, the Athletic Sports at Rosario, and several smaller events. It is to be hoped the weather will hold up so that all these fixtures may be brought off successfully.

The golf championship of the River Plate to be decided by match play over the Lomas course to-day, to-morrow, and Monday, has drawn a big field of thirty entries, which may be found under "Golf." Montevideo have sent up three representatives, Rosario one, and the local clubs the remaining twenty-six.

From the draw it will be seen that Messrs Dickinson and F. Carlisle have drawn byes and therefore pass into the second round against each other. Curiously enough two pairs of "cracks" are drawn together, namely Messrs W. Higgins and D. Leighton, and P. C. Smith and A. Adamson. It is to be hoped that there is no truth in the rumour that Mr Leighton may have to scratch on account of having won a much more important match.

Two Montevideo men, Messrs A. M. Frederick and A. D. Dunbar, meet each other, and this should be an easy win for the latter on his form. Mr J. Marjoribanks should win his match with Mr M. G. Fortune, so that the probable winners in the second round will be Messrs W. Higgins or D. Leighton, P. C. Smith or A. Adamson, A. D. Dunbar, and J. Marjoribanks. The rest must be left to the fates, but may the best man win!

Mr W. Higgins has added yet another victory to his already long list of successes. Last Sunday at Hurlingham, he not only won the last of the competitions for the Monthly Subscription Cup, but also qualified for the final of the President's Cup, with the fine score of 43 + 46 = 89. The final, which will take place on September 5, now rests between Messrs P. C. Smith, V. G. G. Scroggie, J. Marjoribanks, D. Leighton, and W. Higgins.

On Sunday last the Fisherton Golf Club held the competition for the Archer Gold Medal with which was included a handicap. The winner turned up in Mr J. W. Besserer, who in addition to walking off with both events created a new record for the links, and one which will probably take a considerable amount of beating. In the third round of nine holes his score was forty-three, the previous best on the day being fifty-two made by himself.

On September 5, a Flores team will go up to try conclusions with a Fisherton golf team consisting of ten men. The Fisherton team is not actually decided upon yet, but I believe it will probably consist of the following players: Messrs Adamson, Fleming, Friend, Besserer, Hamill, Rattray, Jefferies, Keyworth, Huxtable, Daniel, Lucas.

On Monday next, the 30th inst., an inter-club lawn tennis match will be played at Quilmes between the home club and the Villa Devoto L.T.C. Play will commence at 11 a.m. and the following are the probable teams: Quilmes—Messrs D. Crawford, E. E. Corder, Cunningham, Garrington, Patterson and Ritchie. Villa Devoto—Messrs Colville Jones, Menzies, Lovett, Nelson, Inglis, and Livock.

The chief feature of last Sunday's racing at Palermo was the downfall of the favourites. Out of the seven races that were run, there was not a single instance of the favourite getting home first. The most important of these failures was that of Brick in the classic race, the Premio Congreso. The great deeds already accomplished by the Ecurie Nautilus' representative had led many to consider him almost invincible, and it was but natural that he should start a very hot favourite.

The winner, however, turned up in Ney, who with Fauvette represented the Stud Paris. This was all the more strange as since last season Ney has been trained more as a long distance runner than anything else, and indeed the last victory he secured was in a three thousand metres race for the Premio Chacabuco. After this victory he should give a good account of himself in the big race of three thousand five hundred metres next month.

From all accounts Goodwood was as brilliant as ever this year. The win of that extraordinary horse Count Schomberg is dealt with in "Home Notes," and he has only to add the Liverpool Grand National to his varied successes to complete a somewhat remarkable career. The Steward's Cup, which has, from its earliest stages, been a most popular race with the public, fell to Amphora, the four-year-old daughter of Amphion

and Sierra. Mr McCalmont's mare thus enabled Morny Cannon to ride his first Steward's Cup winner.

I see the "Racing Calendar" notifies that it is the intention of the stewards of the Jockey Club to give a race (probably a short course welter handicap) at the Newmarket First October Meeting, to be started by the starting machine, a description of which was given in these notes a short time back. This looks like "getting in the thin end of the wedge" and we shall doubtless see their example followed before long.

I have received the annual report of the Buenos Aires Lawn Tennis Club, and am glad to say it is in every way a most satisfactory one and the late committee are to be heartily congratulated on the success that the club has enjoyed during the past year. The list of members shows a satisfactory increase in number, and though a few resignations have to be recorded, thirteen new members have been elected and the list on June 30 last was as follows: Fourteen life members, one honorary member, six diplomatic members, and one hundred and fifty ordinary members.

During the past year four club tournaments were held, including the Birthday Tournament, consisting of Mixed Doubles, which was played on the American system. In addition to these the fifth annual open tournament was held on May 25 and following days, and was a greater success than ever, the number of entries for the different events showing a large increase. The Treasurer's statement shows a balance in hand, on June 30, of \$980.06, to which must be added about \$650 for club colours and balls in stock. It is sincerely to be hoped that this excellent condition of affairs will be maintained during the coming year.

The annual general meeting of the above club was held in these offices on Wednesday last, Mr H. M. Mills presiding, when the report and Treasurer's statement were unanimously approved. Mr H. M. Mills was re-elected Vice-President, as were Messrs H. H. Woodgate and A. G. Gumpert to their respective posts of Hon. Sec. and Hon. Treasurer. The new committee for 1897-98 was then elected, the voting resulting as follows: Messrs Verschoyle, Knox, Colville-Jones, Drabble, Boadle, Goldsmid, and Schwind; Suplentes, Rev. R. F. Handcock, and Messrs Cumming and Lace. After the usual vote of thanks had been passed to the chairman, etc., the meeting closed.

In spite of the long spell of cricket we enjoyed here last season, players seem more eager for the fray than ever, and already I hear of practice being indulged in. At Flores the net has been up several times and a few members have been practising, and to-morrow I have been requested to state that there will be a practice game at Banfield on the arrival of the 12.30 train from Plaza Constitucion.

The meeting called to discuss the advisability of forming a cricket championship here, was held in these offices on Tuesday last, when seven clubs were represented. After the matter had been discussed the following motion was unanimously passed, "That in the opinion of this meeting the formation of a cricket championship would benefit the game in this country." The question will now be left in the hands of the secretaries, at whose meeting the matter will be definitely settled.

It is somewhat difficult to account for the great falling off in the entries for our athletic meetings this year. Under "Athletics" may be found the entries for the Rosario sports which take place on Monday next, and as may be seen they are far below the usual number. I also hear on good authority that the entries for the championship meeting are by no means satisfactory, which is most discouraging for those who have all the trouble and work of getting up the sports. I cannot believe that the interest in athletics is in any way decreased, so it is probably the cold weather we have been experiencing, which does not tempt men to rise early and train as in former years.

ASSOCIATION.

PALERMO A.C. v. BANFIELD A.C.

The ground of the Banfield club was the scene of this fixture on Sunday last, the match resulting in a victory for Palermo by one goal to nil. This was the last League match for either club this season, and in one sense of the word it was looked forward to with a certain amount of interest. As Banfield hadn't won a match during the season they would have to do their level best to score a victory, whilst Palermo would have to work their hardest if they intended to score the eight points they expected, during the season. Palermo turned up with the full team advertised, but the home team were minus their goal keeper, consequently they had to play one man short. The day was a glorious one, but rather too warm for football, and the strong wind which blew, again marred all accurate play. Banfield winning the spin took choice of position, leaving their rivals to defend the

Lomas end goal, with the wind against them. Potter set the ball in motion for Palermo, soon after half past two, a moderate number of spectators being present to witness the event. As usual, for the first few minutes both sides tried hard to score the necessary, but each attempt was unsuccessful. Despite the strong wind against them, Palermo played up well, and at times seemed to have the best of the game. Palermo continued to do nearly all the pressing, and a capital combined run by Stirling and A. Campbell afforded Potter a good chance of scoring, but his shot went high over the bar. Following the kick off Banfield went down, S. Wilson putting in a neat shot which just skimmed the side post. Even play followed, but eventually Palermo broke away, and after a smart tussle in front of the goal Banfield had to concede a corner. Lea taking the kick, sent in a beautiful shot, which, however, proved unproductive. Levy, for Palermo, next put in a pretty dribble down the right wing, which proved abortive, but almost immediately afterwards some smart work on the left wing between Stirling and A. Campbell resulted in Levy scoring the first goal for Palermo, and this proved to be the only goal of the match. Encouraged by this success, the Palermo forwards played up strongly for a time, and tried hard to increase their lead. Following this Palermo had to concede two successive corners, both of which, Lucas in goal, fisted out. Stirling was next conspicuous with a fine run for Palermo, from which he had an easy chance of scoring, but the final kick went just over the bar. With the near approach of half time, the pace became faster, but Palermo continued to have rather the best of matters. Hunter for Banfield next put in a nice run down the right wing, ending up with a fine long shot, which Lucas saved in capital style, and the interval arrived with the scores: Palermo one goal, Banfield nil.

After five minutes interval, Wilson set the ball once more in motion, but Palermo quickly gained possession and Stirling ran down and centered to Potter, who kicked behind. Shortly after this, Chamberlain, one of the Banfield half backs, got hurt and had to retire from the field. The next feature was a good dribble by Moffatt, the Banfield centre forward, whose shot for goal was beautifully cleared by J. B. Campbell. Immediately afterwards there was a hot fusillade opened on the Banfield goal, the ball hitting the bar three times and rebounding in front, but eventually came to nothing. Within a minute, however, their goal was again in danger, and Watson in attempting to save had to concede a corner, from which nothing resulted. Once more the ball was worked up the field by the Banfield front rank, and Moffatt finished up with a stinging shot, which Lucas saved in grand style. Banfield now made some determined attacks, but the opposing backs were "all there" and cleared with fine long kicks. Soon after this, A. J. Rugeroni, the Palermo right full back, received a severe kick on the leg, and the game had to be stopped for a few minutes. In the meantime, Banfield continued playing, and scored a goal through the medium of F. Wilson, but as the referee had previously sounded the whistle to stop the game, the goal was disallowed. This incident seemed to aggravate the Banfield men, and from this point, we are sorry to say that some of their players indulged a rather more energetic game than was quite necessary, more than one of the Palermo men, receiving nasty injuries. Palermo, however, stuck well to their work, and on two or three occasions were within an ace of scoring. As time drew near they made some desperate attacks so as to increase their score, the game being a good deal in the Banfield territory, but owing to lack of combination in this half, all luck seemed to go against them, and when the whistle sounded, after ninety minutes play, Palermo were left victors as already stated.

Mr Willie Stirling officiated as referee, whilst Messrs Baldock and Potter acted as linesmen.

The following were the teams:—
Palermo—
 Goal—H. Lucas.
 Backs—J. B. Campbell, A. J. Rugeroni.
 Half backs—J. C. Lea, T. Mullaly, J. McCulloch.
 Forwards—W. S. Stirling (capt.), A. Campbell, E. Potter, E. Curran, R. Levy.

Banfield A.C.—
 Goal—Atkinson.
 Backs—J. W. A. Martin, D. Watson.
 Half backs—E. S. Rugeroni, T. Chamberlain, W. Dunn.
 Forwards—R. Campbell, C. D. Moffatt, J. R. Wilson, J. Hunter, S. R. Wilson.

FLORES A.C. v. BELGRANO B.

This League fixture was decided last Sunday at Flores before a small scattering of spectators. The sun shone forth with great power and in spite of a strong breeze, the heat was too great to allow of a very energetic game being played.

Flores having won the toss decided to play with the wind, and at 1.30 Brodie set the ball in motion towards the Caballito end. The exchanges which followed were of a very even character, each side attacking in turn. At length Flores worked the ball down and one or two shots were put in, but the direction was poor, and Barker, the visiting custodian, was not seriously called upon. Flores continued to have rather the best of matters, but the forwards did not display their usual combination, and in consequence individual efforts were the order of the day, which allowed the Belgrano backs to clear time after time, when a score seemed imminent. Several corners were forced against the visitors, but thanks to brilliant work by the backs, both with their heads and feet, the danger was averted on every occasion. The Belgrano forwards now broke away and owing to some nice play on the part of the Dickinson brothers,

the ball was taken up to the Flores goal, where Jones saved well, and the ball was returned down the field. Jordan on the outside right broke away, but his centre went behind, a performance he repeated soon afterwards. From a pass by the left wing, Allen put in a very fine shot, the height and strength being perfect, but the ball passed harmlessly outside the posts. Flores continued to press and after exactly thirty minutes play Jordan drew first blood from a very easy position, an appeal for off side just previously being disallowed. In spite of this reverse Belgrano played up pluckily, and very nearly scored on more than one occasion, but the shooting was very weak and the front division lacked combination. No further score was registered before half time, so that the home team led by a goal to nothing at the interval. Since Belgrano had made such a good game of it up to this point, with a strong wind against them, matters looked anything but pleasant for the homesters.

Allen restarted the game and Belgrano at once took possession and commenced an attack which lasted for some little time, but the shooting was erratic and neither the half backs or forwards gauged the strength of the wind properly, with the natural consequence that the ball was continuously going behind. After this the Flores front rank began to make headway and Jordan, Syer, and Allen were responsible for some excellent rushes, Syer in particular showing up very well and causing the opposing backs endless trouble. At last after one of these breaks away, Syer received the ball in a good position and notched the second goal, Barker having no chance of saving. From the kick off, Dickinson, on the outside right, made a pretty run down the field, but was poorly supported, and his effort resulted in nothing. Continuing to press, however, Belgrano forced two corners in quick succession, neither of which were turned to any account although in both instances the ball was certainly well placed. After this the home forwards broke away on several occasions and both Allen and Syer missed very easy chances of scoring, but when within ten minutes of time Henderson got a splendid opening and without delay banged the ball at the goal, and striking the post first it went through making the score three goals to nothing in favour of Flores, and so to all intents and purposes putting them on the safe side. The visitors were, however, by no means finished with, and would have scored more than once, but for the sound defence of Holtum at full back, who brought his side relief times without number. From this point to the finish Belgrano tried very hard to score and really deserved to, but luck was against them and each attempt was foiled, so that when the whistle finally sounded for cessation of play Flores were returned the victors by three goals to nothing.

In our opinion the score hardly represents the real state of the game, for admitting that, the two last goals scored by Flores were due to brilliant rushes of the forwards, yet Belgrano had quite as much if not more of the game than their opponents, and they certainly should not have left the field with their scoresheet blank.

For the winners, Syer, as usual, was head and shoulders above the rest, and each goal scored was due to him. Goddard did the work of two men at half, and played a wonderfully hard game. Holtum, at back, is deserving of the highest praise and without his aid, the Flores team would indeed have fared badly. For the losers, the brothers Dickinson combined nicely, but were not well supported, while J. R. Boyd, at half, played splendidly and accomplished many brilliant pieces of play, and the same may be said of Barker in goal, who saved in grand style on several occasions.

Mr J. O. Anderson was the referee.
 The following were the teams:—
Flores.—
 Goal—A. O. Jones.
 Backs—J. Holtum, J. C. Bellamy.
 Half backs—W. H. Goddard, D. R. Henderson, Merlo.
 Forwards—W. Jordan, B. B. Syer, T. F. Allen, Ponce de Leon Elliot.

Belgrano B.—
 Goal—R. Barker.
 Backs—W. Fowler, J. H. Boyd.
 Half backs—G. L. S. Wood, J. R. Boyd, E. Davis.
 Forwards—A. Brodie, E. Grimsditch, H. Davis, E. Dickinson, N. Dickinson.

RUGBY.

B.A.F.C. v. BELGRANO A.C.

Teams representing the above clubs met on Sunday last at Flores, the game commencing at the conclusion of the Association match. The Belgrano fifteen contained members of several other clubs more with the idea of having a good close game than for any other reason. At 5.25 the ball was set in motion, the B.A. team playing against the wind and so defending the Flores goal. After the usual mid-field exchanges play settled down in the Belgrano half, and the B.A. forwards heeling smartly the ball was soon travelling all over the field. At length J. O. Anderson received a good pass from Elliot and dashing off at full speed was only just pulled up on the goal line. From the ensuing scrummages the ball was let out in good style and Elliot receiving from J. O. Anderson forced his way over, thus opening the score. The kick at goal taken by J. O. Anderson went wide, so that B.A. led by three points. From now play was of a most even nature and neither side could claim any distinct advantage, first one team and then the other attacking. At this period B.A. were unfortunate enough to lose the services of their full back, who received a slight sun-stroke and had to stop. Continuing Belgrano began to force matters and twenty-five minutes from the start, McMorran picking up well, scored behind the posts after a very brilliant run right

through the opposing team, the same player converting. Playing up hard Belgrano were not to be denied and five minutes before the interval L. Jacobs got over, his brother finding the kick too much for him, no further score took place before half time was sounded so that Belgrano crossed over leading by a goal and a try to a try.

As it was somewhat late no interval was indulged in and the game was almost at once restarted. After eight minutes play King got over for B.A., but A. Anderson was unable to improve so that Belgrano still retained their lead. Fairly even play followed and some nice passing among the Belgrano outsiders brought play to the B.A. lines, where the forwards brought relief and working well together soon took the ball back to mid-field where the three-quarters were soon busy, and Elliot, with a grand run landed the ball between the posts. J. O. Anderson took the kick, but the ball rolling over, caused a few seconds delay which enabled L. Jacobs to touch it as it was finally going over the bar, so that only the three points were allowed. A minute later J. C. Bellamy broke away down the touch line with a good dribble and picking up well dashed over and scored between the posts. This time the kick was safely negotiated and B.A. were placed six points to the good. From now till just before time play was very even and each side had to defend in turn, but the B.A. forwards were playing a capital game and really gave their opponents little opportunity of helping their outsiders, whose defensive play was both safe and brilliant. A few minutes before time the B.A. pack nipped the ball out in smart style and the half passed well to J. O. Anderson and this player feinting to pass got through the three-quarter line, and dodging the backs scored under the posts, and safely added the major points. This was the extent of the scoring, so that when the final whistle sounded B.A. left the field victors by two goals and three tries (nineteen points) to one goal and one try (eight points).

McMorran and F. H. Jacobs outside, put in some good work for the losers, the tackling of the last-named being very safe. Of the forwards L. Jacobs was in great form and was well backed up by Botting, who played a good honest hard-working game throughout. For the winners the outsiders all played a fair game, Elliot being the pick, his pace and condition standing him in good stead. Of the forwards Bellamy was even more brilliant than usual in the open, while Gilderdale and Schwind were frequently seen to advantage.

Mr L. Cory-Smith kindly undertook the arduous duties of referee.

The following were the teams:—

B.A.F.C.—

Back—P. Grant.

Three-quarters—G. F. Elliot, J. O. Anderson, A. Anderson.

Half backs—H. Mohr Bell, D. King.

Forwards—J. C. Bellamy, M. F. Gilderdale, H. Schwind, C. Smiles, S. Mohr Bell, D. R. Henderson, C. Romer, Ponce de Leon.

Belgrano A.C.—

Back—J. Holtam.

Three-quarters—B. B. Syer, F. H. Jacobs, A. McMorran, H. Webster.

Half backs—A. Brodie, W. H. Goddard.

Forwards—L. Jacobs, H. W. Botting, G. Blagden, R. Blagden, D. S. Campbell, C. C. Mackenzie, C. Mohr Bell, A. O. Jones.

ROSARIO ASSOCIATION FOOTBALL LEAGUE.

The final reading of the League table is as follows:

	Played	Won	Lost	Drawn	Points
Rosario Athletic Club	6	3	—	3	9
Robb's School (past and present)	6	3	1	2	8
Central Argentine Ry. A.C.	6	1	3	2	4
Cordoba and R. Ry. F.C.	6	1	4	1	3

The competition has been the means of renewing the interest in the game here in Rosario, and amongst the players taking part in the different matches many promising youngsters have been noticed, and there should be no lack of players next year, when we shall probably have an additional team in the League, as the Club Nacional has developed wonderfully this season, and has several really good players in its ranks, who will probably aspire to League honours, so with a word of congratulation to the winners, and a hope that the losers may do better next year, we bring to a close our League match reports for the season.

CORDOBA AND ROSARIO Ry. F.C. v. ROSARIO A.C.

The concluding match in the above competition was played off on Sunday last at Plaza Jewell before a good number of spectators. The following players representing the above clubs:—

Cordoba and Rosario Ry. F.C.—

Goal—R. Dorning.

Backs—Henderson, Williams.

Half backs—Halsall, Lynch, Martin.

Forwards—Love, Milanoli, H. Dorning, Keene, Porte.

Rosario A.C.—

Goal—Boardman.

Backs—Newall, Penman.

Half backs—Clarke, Parr, Boxall.

Forwards—Greenlees, Mackinven, Usher, Clarke, Topping.

The general anticipation was an easy win for the Club, but as it was, they had all their work cut out and were rather lucky to make a draw of it, as with a fair wind in their favour in the first half, they failed to score, and on the change of ends it looked as if the Railway would have the advantage with the wind at their backs. The

Railway representatives, who were short of one or two of their most prominent players are certainly entitled to a word of praise for their plucky fight in this their last League match. Although hopelessly out of the running they played in a most determined manner and went very near beating the Club, in which case a tie would have resulted between the latter and the School which would have necessitated a final being played, when the Club would have had to shew much better form to get away with the medals. However, the Rosario A.C. have gained the premier position which is only what could be expected, taking into consideration their long list of members they ought to be able to select a team to beat anything in the district.

At the sound of the referee's whistle the players lined up, Usher having won the toss elected to play with the wind, and Dorning kicked off on the part of the Railway. After some passing on both sides, Usher made an attack on the Railway goal which was well saced by R. Dorning, the custodian, who had taken up that position owing to not having completely recovered from an injured knee. A free kick was given for "hands" against the Railway, and Penman kicked well in front of goal, a corner resulting. From the kick in, Clarke headed well into the goal mouth, but the ball was not allowed to pass the goal keeper. Shortly afterwards Topping secured from a throw in and took a shot, Rosario obtaining another corner which was well negotiated by Halsall and Henderson, and Dorning rushing down the field got very near the Club goal, but the ball went over the line. Some exchanges between the backs followed the goal kick until Usher made another attempt on the Railway quarters, which were well protected by the backs. Lynch kicked down the field, where the Railway got a free kick for "hands" which was ably disposed of by Newall. For a foul throw in by Greenlees the Railway took a further free kick, and the leather was placed dangerously near the Club's uprights but the forwards failing to follow up the kick enabled Penman to return the ball which was rushed over the Railway line. F. Clark, securing from the goal kick attempted to score, but his shot went wide. Love and Dorning were then prominent by a good rush down the field, the latter finishing up with a fine shot which was stopped by Boardman, but the ball going over the line, the Railway got a corner kick which was safely dealt with, and Topping answered with a good dribble down the left wing, but was unable to elude the Railway backs. Newall then got well away and passed to Greenlees, who did not make the best of a good chance to score, the interval being immediately announced without any score having been made.

Usher kicked off on resumption of play and quickly tried the Railway defence, which was not found wanting. By a combined rush on the part of the Railway men, play was taken to the other end and the Rosario custodian was fairly beaten by a very smart long shot by H. Dorning at an awkward angle after about two minutes play. This reverse put the Rosario men on their metal and they made strong efforts to score, but the Railway backs, who were playing a very safe game, always frustrated their attempts. By good play on the part of Dorning and Martin, the leather was gradually worked up to the Rosario goal, and Boardman was called upon to negotiate shots from Henderson and Dorning, Penman with a long kick relieved the situation and Usher obtaining from Topping missed a very easy chance of equalising. This was quickly compensated for by Parr, who, after dribbling from mid-field and cleverly eluding the halves and backs scored a good goal for the Club. The game thus being equal, both sides did their utmost to obtain the advantage and play ruled fast, each end in turn being called upon to defend, and although both goals were frequently in danger of falling no further addition was made to the score and the game ended, as already stated in a draw of one goal each. The Rosario A.C. thus being returned winners of the League by one point.

Mr A. H. Mayne kindly officiated as referee to the satisfaction of both sides.

ALBION F.C., MONTEVIDEO.

The above club have now closed their season, which for several reasons has not been so successful as it was at one time hoped. The chief cause of this has been the great difficulty the members have had in obtaining matches with other clubs. Her Majesty's ships when stationed there invariably provide games, unfortunately they were only there for a short portion of the season. Good results have, however, sprung up from the efforts of this club to make football popular in the Banda Oriental, and several new clubs have been formed, three native ones and one German now have their practice games regularly, but up to date have not felt capable of trying conclusions with either of the Albion teams, but next year it will probably be different.

One of the great features of the season has been the wonderful increase in the number of spectators at all the club matches, and the extraordinary interest and enthusiasm displayed in the game by the Orientales.

In the short table or summary which we give below, we purposely give the number of spectators at those matches where it was possible to determine the size of the crowd, and from that it may be seen that on no less than three occasions, three thousand people attended. The fact that no team was able to visit them from here was a great disappointment to them, and it is sincerely hoped that next season this may be managed.

Altogether the first eleven played eleven matches, of which five were won, two lost, and four drawn, the club scoring 30 goals to their opponents' 23.

The second eleven experienced the same difficulty in obtaining matches and were only able to play three, one of which was lost and the others drawn, while they only scored three goals to their opponents five.

Below we give a table of the results, etc. of the different matches during the past season:—

April— First Eleven.

11—v. H.M.S. Basilisk, at P. Carretas, won, 5 goals to 1, before 150 spectators.

15—v. H.M.S. Retribution, at P. Carretas, drawn, 2 goals to 2, before 250 spectators.

19—v. H.M.S. Retribution, Basilisk, Acorn and Egeria, at P. Carretas, lost, 1 goal to 4, before 1500 spectators.

25—v. H.M.S. Retribution, Basilisk, Acorn and Egeria, at P. Carretas, drawn, 2 goals to 2, before 2500 spectators.

May—

1—v. H.M.S. Retribution, at P. Carretas, won, 4 goals to 3, before 1500 spectators.

23—v. C.U.R.U.C., at Peñarol, won, 4 goals to 2, before 500 spectators.

25—v. H.M.S. Beagle, at P. Carretas, won, 5 goals to 2, before 800 spectators.

June—

6—v. C.U.R.C.C., at P. Carretas, drawn, 1 goal each, before 3000 spectators.

27—v. C.U.R.C.C., at Peñarol, won, 3 goals to 2.

August—

1—v. C.U.R.C.C., at P. Carretas, drawn, 2 goals each, before 1200 spectators.

15—v. C.U.R.C.C., at Peñarol, lost, 1 goal to 2.

May—

Second Eleven.

2—v. C.U.R.C.C., at Peñarol, drawn, 1 goal each.

16—v. C.U.R.C.C., at P. Carretas, drawn, 1 goal each, before 3000 spectators.

27—v. C.U.R.C.C., at P. Carretas, lost, 1 goal to 3, before 500 spectators.

Club Matches.

May 16—England v. The World, at Punta Carretas, won by England, 3 goals to 2, before 3000 spectators.

July 18—Orientals v. British, at Punta Carretas, won by British, 7 goals to 1, before 2000 spectators.

FIXTURES.

September 12th, race from La Banda, 1000 kilometres (Gran Premio de Honor).

The flying pigeon express is one of the institutions of the Chubut territory. There are forty birds and they are of the pure Belgian breed.

The German War Office pigeons which, as we mentioned last week, were flown, from Dover to Germany, appear to have fared rather badly. The Coastguard officers report that a large number of them have been found on the cliffs having been attacked and killed by hawks. The feathers of the birds show the German marks.

PAVILION GOSSIP.

Last Sunday saw two more League matches decided, and three of the clubs engaged closed their respective seasons. Flores were enabled to add their last two points by defeating Belgrano B, who although beaten, certainly had very much more of the game than the score (3 0) implies. Flores have thus played all their twelve matches, six of which they have won, one was drawn, and the rest lost, so that out of a possible twenty-four points they have scored thirteen.

.

The other League match was between Palermo and Banfield, this being the final match of each club. Both teams were particularly keen on winning this game, as the former wanted the eight points they promised themselves early in the season, and the latter were anxious to place at least one win to their credit. A very close game resulted in a win for Palermo by the extremely narrow margin of one goal to nothing. Banfield were unfortunate in scoring a goal just as the whistle sounded for "man hurt." Palermo thus close the season with eight points to their credit and Banfield with one.

.

After the Association match was concluded at Flores, a Rugby game was played under the title of B.A.F.C. v. Belgrano. The first half was extremely well contested, and the teams appeared to be very evenly matched. In the second half, however, the B.A. representatives obtained the upper hand and eventually won by nineteen points to eight. The chief feature of the game was the smart play of the forwards, all of whom showed signs of general improvement, and, at times, the way they let the ball out to their outsiders would not have disgraced a first class team.

.

Sunday last saw the Rosario Association football League brought to a conclusion for season 1897. As may be seen from the table published, the champions this year are the Rosario Athletic Club, Robb's School (past and present) being a good second only a single point behind. The winners have not lost a match out of the six played and of the rest three were won and three drawn. The competition still continues to keep up the interest in football, and next year it is hoped that more than one new team will be induced to enter.

.

In another column may be found a short summary of the matches played this past season by the Albion F.C., Montevideo. I have already called attention in these notes to the enthusiasm this club has infused among the natives in football, but I had no idea it had reached the extent it has. A correspondent informs me that it is no uncommon sight to see games going on in the public plazas in the evenings, some playing with india-rubber hand balls and others with ordinary footballs, while he adds "all the younger classes now prefer kicking the ball to playing it with their hands." Next year they hope to form a football League, in which case the enthusiasm will be greater than ever.

.

All the League fixtures will have been decided by the time these notes next appear, and the match between Lomas and Lanus which has been looked forward to with such keen interest, will be decided at Lomas on Monday. Both teams are published in another part of the paper, and little fault can be found with either. Lanus have improved so much that it is somewhat difficult to gauge their exact strength, but I think my final vote will go for the old champions, who should prove themselves a very difficult nut to crack.

.

The Rugby match arranged for to-morrow at Belgrano has been put off, so that there will only be one more game under the Rugby rules this year and that, of course, is the principal match of the season, when the B.A.F.C. will meet fifteen Old Bedfordians. The Old Boys will hardly be up to their usual strength this year, while the club probably feel more confident now than ever before. The match should be well worth seeing, as it will probably provide a very even struggle.

.

At last something definite has been done in reference to forming a cricket championship here, as, at a well attended meeting held last Tuesday,

the representatives of seven of our clubs agreed that a championship would undoubtedly increase the interest in cricket and would tend to improve the game generally here. The first step has therefore been made, and the result of this meeting clearly proves that the general opinion is in favour of a championship.

.

The matter will now stand over until the meeting of secretaries which will probably be called within the next ten days. At this meeting each Secretary should carry with him definite instructions from his committee as to whether his club intend entering for the championship matches or not. In this way it will enable them to see at once if the plan is practicable, and suitable arrangements can be made then and there.

.

The County Championship at home appears to be a very open question this season, and it seems a very difficult matter to look forward to the final decision with any degree of certainty. Lancashire, Yorkshire, Essex, Surrey, Nottinghamshire, and Gloucestershire are all among the "possibles." Essex has had a marvellous season so far, and in a week of big cricket comes out again prominently to the front with her success at Huddersfield by one run. Then, again Gloucestershire has wakened up, and carried defeat into Nottinghamshire's record. W. G. Grace in this match showed some of his old-time play, and scored his first century of the season.

.

The match above referred to between Essex and Yorkshire provided one of the most memorable and exciting games of the season. This fixture had always been regarded as interesting, and those who were lucky enough to be present at the contest had the pleasure of witnessing a stubbornly fought game which, until actually ended, was anybody's. The scoring was remarkably level. Essex made 139 in the first innings, Yorkshire 135. Then Essex made 294, and left Yorkshire with 299 to get to win—no easy task. They succeeded so well, however, that they scored 297 of the required number before Bairstow got his leg in front of a straight one, and was out l.b.w., Essex thus winning by one run only. Kortright, the Essex fast bowler, was very dangerous at times on a wicket which "kicked" considerably, but the Tykes stuck to him manfully, and very nearly won.

.

The high scoring at home, which I mentioned last week, has been continued, and Surrey broke her record for this season against Kent scoring 617, her previous highest score in this fixture being 441 in 1886. Baldwin, who scored 234 in this match, is the fifth Surrey man to go over 200 runs. His predecessors were W. W. Read, 338, 247, 244; Abel 250, 231, 217; Hayward 229, and W. E. Roller 204. G. Brann and T. Hayward have got over their 1000 runs this season, and make the sixth and seventh respectively on the list. J. A. Dixon, F. S. Jackson, Tunnicliffe, Tyldesley, and Baldwin are all making big efforts to follow, each having a score of over 900 standing to his credit.

.

On more than one occasion in these notes I have referred to the extraordinary hitting powers of G. L. Jessop, the Gloucestershire amateur, but I doubt if any of his performances have come up to his last one. Playing for his county against Yorkshire, on July 29, he scored 101 runs in forty minutes, his partner having made 17 in the same time. Four times he lifted the ball clean out of the ground, and altogether he scored 91 of his runs by means of boundary hits, during this wonderful innings he never gave anything approaching a chance!

MONEY ON MORTGAGE

378 - Calle Piedad - 378

BUENOS AIRES.

Private and Confidential.

In the Street that is called San Martin,
 There lives at one hundred nineteen,
 A Man named OLD CARR,
 Who imports BOOTS from afar,
 And better footgear was ne'er seen.

If to this Old Sinner you'd go,
 Your dollars and cents you must show,
 For tho' he's a brick,
 He never gives tick,
 But his BOOTS are the best that I know.

ESTANCIA AND COLONY.

Mr W. Riddick has brought out with him the Short-horn bull Edgar, four years old, out of Bell the Cat by Knight Errant. Edgar was bred by Mr Ingram, of Banff, Scotland, and is the winner of several prizes. He is own brother to Financier, which was brought out here last year by Mr Maclean.

**

Messrs F. P. Bollini and Co. will sell to-morrow all the flocks and cattle in the Cabaña Santa Teresa, in San Vicente, belonging to Mr M. Boneo.

**

Messrs Funes and Lagos brought to the hammer, on Monday, 13 Shorthorn bulls imported by Messrs Rawes and Sons. The animals averaged \$1430.60, total of sales being \$18,600. Buyers Messrs F. Alzaga, C. Boll, J. Lanus, on commission, Gibson Bros., and A. Bullrich.

**

The steamer Carabellas is shortly expected from Havre with twelve Shorthorn bulls imported by Mr A. Cottard. These bulls are all winners of prizes in the Paris show, and attracted much attention in Havre.

**

The Governor of St. Petersburg reports that Siberian rinderpest has broken out in his province, but that active steps are being taken for its suppression. Unfortunately similar reports as to outbreaks have been received in St. Petersburg from the Governors of the neighbouring provinces of Olouetz and Novgorod.

**

Mr E. H. Cartwright, of Keddington Grange, representative of the Anglo-Argentine Live Stock Co. shipped by the steamer Cervantes, from Liverpool, which recently arrived here, a consignment of sixty-two Lincoln long-wool rams, fifty-four being from Messrs R. Chatterton's flock, and eight from the flock of Mr A. Short, and twelve Lincoln shorthorn bulls from Messrs Chatterton's herd.

**

Last week, we learn by telegraph, five steamers arrived at Deptford with 1113 bullocks and 5738 sheep on board from this country. Only 14 bullocks and 25 sheep are reported to have died on the voyage.

The La Plata Senate has voted \$25,000 to the Argentine Rural Society for expenses in connection with the Rural Fair to be held in this city next month.

**

Mr R. S. Ewart, on the 29th July, shipped his second consignment of Shorthorn bulls to Buenos Aires. It as usual contains many prize-winners and animals of the choicest breeding. From Mr Geo. Harrison's famous herd at The Hall, Gainford, Darlington, goes the celebrated red-roan two-year-old Bright Archer 68275, winner of twenty first prizes, and third at the recent show of the Highland Society at Glasgow. Mr Ewart also purchased another good two-year-old and two yearlings from Mr Harrison, while from Messrs Law, Mains of Sanquhar, Forres, he purchased the well-known bull Lord James, which stood first at Aberdeen, and is leaving grand stock. Along with him goes the fine red two-year-old heifers Chrissy Grace and Lady Dorothy, which were considered so hardly used in being but second and third at Aberdeen. There was also included in this shipment the fine two-year-old bull Clarendon, which has been so successfully shown by Mr Jas. McWilliam, Stonytown, Keith. Among the others is a capital bull, bought from Mr Bruce, Byres Farm, Focia-

bers, and got by Sir Arthur. Like hll the rest in the consignment, he is very well coloured, level made, and thick-fleshed. He won at Elgin last year.

We find the following in the "Mark Lane Express":—"The drought in Australia is completely at an end, and since the heavy rains the weather has been mild and showery, and the mortality amongst sheep and lambs has greatly decreased. How much this has been will not be really known until the sheep-shearing is over, but it must have been very great. At one station, at which usually about 50,000 rheap are kept, the manager, foreseeing the drought, sold off large numbers. At the beginning of the drought he had only 41,000 sheep. Under normal conditions these ought to have yielded about 15,000 lambs, making altogether, lambs and sheep, about 56,000 animals. As a matter of fact there remain only 28,000, a loss of 50 per cent. No doubt this station was in a district that suffered especially from the drought, and it is to be hoped that it is not a good sample of what has happened generally. Still, the loss, generally, must be exceedingly heavy.

What is probably the most venerable piece of furniture in existence is now deposited in the British Museum. It is the throne of Queen Hatasu, who reigned in the Nile Valley some 1600 years before Christ, and 29 years before Moses. This now dilapidated object seems to be of lignum vitae, the carving of the legs being inlaid with gold, and those of the back with silver.

An American architect has devised a theatre with two auditoriums and one stage between them, so that two audiences can watch two performances at once. Such is "Proctor's Pleasure Palace," at New York, in which the central stage is open on both sides, and the two audiences are separated by it. It is used at present for ballets and varieties.

A new law in Massachusetts makes the possession of the skin or feathers of any bird which is protected by the laws of that State punishable by the same penalty as is imposed for killing the birds. This means that the guileless maid who buys her feathers of a milliner runs as much risk of fine or imprisonment as the hard-hearted man-with-a-gun who goes out and pots the bird.

Cuestas, is now at the head of the government, and the General Assembly has been convoked to extraordinary sessions.

The last of the series of Subscription Dances given by the Belgrano A.C. took place last Wednesday. As usual a large number were present, of whom one and all expressed themselves delighted with everything, the floor coming in for special praise, and it was not until the early hours that the dancing ceased. Great praise is due to Mr J. G. Dunn, the hon. secretary of the club, for the excellent way he has carried out the enormous amount of work these dances have entailed.

The most notable example of a travelling mountain is that which is moving slowly down the River Columbia. It is a triple-peaked mass of dark brown basalt, six or eight miles in length, and rising to a height of 2000ft. above the water. The Indian traditions indicate immense movements of the mountains in that region in past ages. This recalls to one's mind the travelling mountain of Nevada, a vast mass of sand, which keeps moving like a huge glacier to the music of a low rumble caused by the friction of the sand.

Rosa Bonheur, the most justly celebrated painter of animal life, has recently exhibited in Paris four exquisite examples of her work in "pastel." It is more than 20 years since Madame Bonheur consented to a public exhibition of her works of art. There was a time when the lady was satisfied to execute orders for American amateurs ready to pay for the honour of being clients of the great painter.

The Court of Pope Leo XIII. comprises 1000 persons. There are 20 valets, 120 house prelates, 170 privy chamberlains, six chamberlains, 300 extrahonorary chamberlains, 130 supernumary chamberlains, 30 officers of the noble guard and 60 guardsmen, 14 officers of the Swiss guard and palace guard, seven honorary chaplains, 20 private secretaries, 10 stewards and masters of the horse, 60 doorkeepers.

More than 10,000 full-grown spiders lines woven into a cable would hardly make up the thickness of a human hair. Young spiders begin to spin lines when they are so small that 400 of them would be required to make a full-grown one. Their fibres are probably 400 times thinner than those of adult spiders, and therefore 4,000,000 of them would be needed to make a strand equal to a human air in thickness.

The greatest and strongest chain ever made has but recently left the Tipton Green Ironworks. It is intended for crane work at Chatham Wharf, and consists of oval links forged severally of 3½ in. rods, each link being 20 in. long and 13 in. wide. Since there was no machinery available for testing a chain of such dimensions, the test was made by actual suspension of a weight of 400 tons, or 896,000lb., from each link.

Barnegate Lighthouse, on the most easterly point of Jersey shore, will soon be provided with the most effective light on the American coast. In the erection a lens is to be fixed, said to be the most powerful ever constructed, which will gather up electric rays, and throw them seawards a distance of 100 miles. This lens was exhibited by the French Government at the Chicago World's Fair, and was subsequently purchased by the United States Government for 10,000dols.

The first of the Lomas Athletic Club's Subscription Dances took place on Monday last, and was in every way a thorough success. The Barker Memorial Hall is most suitably adapted for a dance, and on Monday last it presented an extremely pretty appearance, the decorations being most tastefully arranged. The hall was hung all round with garlands, made up so as to represent the club colours, while five hundred fairy lamps added to the brilliancy of the scene. We have been requested to state that any articles left behind by mistake may be had on application to the hon. secretary, Mr T. R. Griffin, 1169 Alsina.

Goodwood Park has been in the possession of the Lennox family since 1720. It was purchased from its previous owners, the Comptons, by the first Duke of Richmond, the son of Charles II. and Louise de Querouaille. Goodwood House itself, for the design of which Sir William Chambers and Wyatt were responsible, is not externally remarkable, but the park is one of the most beautiful in England. The house contains many things of historic interest, including the silver breakfast service used by Napoleon before Waterloo, and portraits by Vandyck, Kneller, Lely, Reynolds, Gainsborough and Romney.

A method of propelling vessels has been patented in the United States by Mr J. L. Helms, of New York, in which side paddles of fin-like construction are located near the stern and near the stem of the vessel at each side the paddles having a hinged connection with a sliding support, and each set being adapted to move to and from their set, the forward set making a stroke against the water while the rear set moves forward, folded close against the sides of the vessel, and vice-versa, the blades thus operating alternately to propel the vessel. Means are also provided for reversing the action of the paddles, to move the vessel backward, and the propelling mechanisms are equally balanced at each side of the vessel's hull, it being practicable to turn the vessel on its centre.

We find that the Hamburg Chamber of Commerce by no means agrees with the statement that German commerce is quickly driving British trade everywhere out of the markets of the world, and in its annual report for 1896 seriously warns Germans against crediting such statements. The report states that although the German export trade has gained ground during the last ten years, and has increased at a greater rate than the export trade of the United Kingdom during the same period, it must be borne in mind that the figures showing the total exports both from Germany and also from Great Britain fluctuate from year to year; while Great Britain, although her population is less numerous, is still one-third in advance of Germany as regards the aggregate annual value of exports. Manchester, Birmingham, and Glasgow are still regarded as the foremost industrial centres of Europe, and that even German trade cannot quite do without their productions.
