Mortgages arranged

**The Anglo-Argentine
Live Stock & Produce Agency, Limited**

We are now prepared to purchase "novillos" & "caponos" at current rates. To neutralise the effect of the heavy fall in gold we will make special terms with owners to ship their live stock either on joint account or on commission, making liberal advances against same.

Arrangements can also be made subject to the amount advanced to indemnify the owner against any claim after the animals are sold, in the event of them meeting bad markets and realising low prices.

All particulars can be had on application.

RIVER PLATE SPORT & PASTIME

Vol. XVI., No. 416.

BUENOS AIRES, WEDNESDAY, JUNE 21, 1899.

Price: 30 cents.

ESTANCIA AND COLONY.

Sr. Victor del Carril has sold from his estancia Polvaderas, in the partido of 25 de Mayo, 4000 novillos for invernada to Messrs Barrenechea and Sons, of Cañuelas, at a price which is kept in reserve, but is supposed to be \$40, of the 4000, 3000 were of export class. The purchasers have "plazo" to the end of the current year to receive the animals.

* * *

Messrs Nicolich and Co., who have until recently been exporting novillos to Brazil, have despatched the Brazilian steamer Enrique Barroso to Rio Grande, with a deck load of pigs, some 350 in number. Other shipments of the same class of live stock have been made recently to Pará.

* * *

Mr Herbert Gibson has been appointed by the Argentine Rural Society to represent that body at the International Commercial Congress to be held in Philadelphia at the end of the current year.

* * *

Sr. Francisco Alvarez has sold from his estancia in Moreno, 50 export steers at \$38 gold each. The buyer is Mr J. Thompson.

* * *

Messrs Funes Lastra have sold to Messrs Kingsland and Cash, from their estancia La Paz, in Cordoba, 500 Lincoln capones for export at \$3.25 gold each, weight not stated.

* * *

The sale is reported of 1200 novillos for invernada from an estancia in the partido of Loberia at \$26 each. Another sale is reported of 900 mestizo novillos and 400 mestiza cows, for invernada, from an estancia in Mar Chiquita, the novillos at \$32 and the cows at \$20. Messrs Parker and Fraser have purchased 200 novillos for export from an invernada in Cañuelas at \$92 each, if reports be true.

* * *

The veterinary surgeon, M. V. Even, has brought out a de-horning instrument, for de-horning cattle of all ages, and known as the "Descornador Viera," and which is said to give very good results. The instrument consists of four brass canteries placed somewhat in the shape of a bell at the end of an iron handle. The canteries are heated, and the instrument is placed over the horn of the animal to be operated on, a different sized cantery being used according to the size of the horn to be removed. It is claimed that animals dehorned in this way, never grow a new horn. Up to the present we have seen nothing to beat an ordinary tenon saw for de-horning big animals, or a punch, or wad cutter, for small calves.

* * *

According to some of the daily papers, the Falkland Islands, are being gradually depopulated of sheep, as the breeders down there are shipping their sheep across to Santa Cruz, where they are said to thrive much better.

* * *

Don Manuel Campo has sold from his estancia La Colina 49 mestizo novillos, of export class, and 900 Lincoln capones, also export class, all for invernada, at \$42 the novillos and \$4.50 the capones. The purchasers are Messrs Jose Crotto and Sons.

* * *

A contributor to the "South American Journal," estimates that half a million sterling is spent yearly in the Argentine Republic, on curing scab.

* * *

After the race for the 2000 guineas, Sir J. Blundell Maple offered the Duke of Westminster the trifle of £30,000 for the winner, Flying Fox, but the Duke would not part with his horse at the figure. If £30,000 would not pay him before his victory in the Derby we wonder what his figure is now.

Messrs Funes, Lagos and Co. sold last Friday at auction, in their mart in the Calle San Martin, 20 pure bred Durham heifers from Sr. Diego Carman's cabaña El Lago. The heifers which were a very ordinary lot taken all round, made the handsome average of \$260. Sr. Toribio Sanchez taking 10 at \$300 each, Sr. Gregorio Villafañe 5 at \$250 each, and Sr. Villate Cano the remaining five, perhaps the best of the lot, at \$190 each.

* * *

In sales of land during the week past, the following are reported:—Messrs. Risso Patron and Co. sold 83 hectares of camp in the partido of Brandzen between Ferrari and Jeppener stations at \$60 the hectarea, the purchaser being Señor Juan A. Viales.

Messrs. Varela and del Valle sold a fraction of camp 549 hectares in extent, distant some 3 leagues from Craig station. F. C. Sud, wire fenced and divided into potreros, at \$69.50 the hectarea, the purchaser being Señor Manuel Egaña.

* * *

Prices for Argentine cattle and sheep have again experienced a fall in the English markets, the supply being considerably in excess of the demand, and the quality of the cattle arriving being poor. At this end, steers are not so much in demand as they were a week or two back, and prices have consequently weakened somewhat. Should the present favourable weather hold steers on the near inside invernadas will improve in condition as there is abundance of grass, and as there are any number of steers on these invernadas which only requiring the finishing touch, there should before long be a plentiful supply, and a consequent fall in the prices, which to say truth have been decidedly higher of late than, either the quality, weight or condition of the animals warranted.

* * *

Señor Luis Elordi has sold from his estancia "Republica" in the partido of General Villegas, 500 Lincoln capones for export at \$3.00 gold each. Another sale of export capones reported, is that of some 3,000 more or less, from the Drysdale estancia "Nueva Escocia" in the partido of Pehuajo, at \$3.00 gold each, the capones to be of a minimum weight of 63 kilos.

The buyers are Messrs, J. Olde and Son.

"The Standard" in its issue of the 17th of the current month, has a letter signed "Pasto Puna," which to our mind is very much to the point in so far as it goes, but what the owners of the southern camps want to know is, how to yet rid of and keep down the "Puna." With cows at their present value, the old system of overstocking is practically out of the question, and making camp with mares is a very poor business, as the class of mares one would use to make camp are practically valueless and give no return.

It seems to us that the only practical way of reclaiming the "Puna" camps, is cropping them for a year or two and then sowing them liberally with good grass seeds. Then when once the new grasses have got a firm hold, the camps must be kept fully, though not, overstocked, with cows. If the value of a camp is as it should be based on its carrying capacity many of the southern camps in question must have depreciated fully 30 per cent.

* * *

Messrs Bater and Williamson have purchased from the Bosch estancia in the partido of Balcarce, 2500 export capones at \$3.25 gold each deliverable on wagons at Bosch station.

The señora viuda de Bordeu has sold from her estancia La Peregrina in the partido of General Pueyrredon 1100 mestiza Durham cows al corte at \$20.00.

* * *

The sale is reported of 421 hectares of camp in the partido of Bragado belonging to Sr. Carabajal at \$26.15 per hectarea, the purchasers being Messrs Etola and Brizuela.

* * *

Messrs Ocampo Bros have sold from their estancia San Miguel in the partido of Pergamino 200 steers for export to Europe at \$35.00 gold each. The buyers are Messrs Bossio and Camuy-rano.

For some little time past the daily papers have had very little to say on the subject of cattle thieving, but unfortunately this is not on account of its having ceased, or even decreased. On all sides one hears of cattle being stolen and killed, and there appears to be no redress, even when the thieves are caught "infraganti." In justice to the police force it should be said that as a general rule they do their duty, and very often catch the thieves, but it is thankless work for them when there is the certainty that, these gentlemen of industry, will in the course of a few days, be again at liberty.

* * *

A few days back we heard of a police sergeant, in a small camp town, who had repeatedly to catch a well-known horse stealer, and take him to head quarters, where he was kept for a few days, or hours as the case might be, and then launched again upon the scene of his labours. Naturally the sergeant got tired of the game after a time, so on again having to captivate the ingenious youth, who by the way was a boy of 16, he took the law into his own hands and kept him a prisoner in a room in his own house for 10 days, after which time we presume he thought he had kept him long enough in idleness, and liberated him.

The biggest thieves are in very many cases the authorities themselves, and were we to enumerate the provincial deputies, who are known to be big operators in the flourishing business, we fear we should have to extend these columns considerably.

So many are there of these gentlemen, that we have grave fears, that some of these fine days, they will have a majority in the chambers, and pass laws to assist this already much protected "industria del pais." It is high time that the first authority in the land, should turn his attention to the stamping out of this scandalous abuse; perhaps, who knows, were this accomplished, the European investor, might be induced to open his pursestrings again and the long looked for loan become "un fait accompli."

* * *

The following cuttings are from the "Live Stock Journal":—

Lily Agnes, the dam of Ormonde, was destroyed at the Eaton Stud last week, as the daughter of Macaroni, foaled in 1871, and bred by Mr Snarry, at Malton, had become very infirm and had borne no foal since 1894, when she bred Orebo by Bend Or. Her first foal was Narcissus by Speculum, and it was not until 1883, by which time she had become the property of the Duke of Westminster, that she threw Ormonde to Bend Or, her two previous foals (Rossington and Farewell, winner of the One Thousand Guineas), having been by Bend Or's sire—Doncaster; after Ormonde had so distinguished himself, she was never put to any other sire than Bend Or, which is perhaps a pity, as she might, with a change of blood, have bred something better than her later produce.

* * *

It is more than a little remarkable that the average value of a mule in the United States is greater than that of a horse, the official return of values on January 1st, 1899, being 44.96 dollars for the former, and 37.40 for the latter. Other comparisons are 29.66 dollars as the average for a milch cow, 22.79 for a head of other cattle, 4.40 for a pig, and 2.75 for a sheep.

* * *

The latest exportations of pedigree Hereford cattle embrace Mr J. R. Hill's two-year-olds Justice, Moonlight, and Starlight, sent to South America; also seven yearling bulls, purchased by Messrs John Thornton and Co., viz., Mr John Price's Reliance, Mr A. P. Turner's Archduke, Mr S. Robinson's Chorister, Mr E. Caddick's Harold, Mr E. W. Caddick's Caradoc Butterfly, Mr J. Tudge's Boss, and Her Majesty the Queen's Premier. They have all been shipped. Mr H. B. Wyatt, Liverpool, has purchased the two year-old bulls Doctor Johnson, bred by Mr W. Tudge, and Gaudy Prince, bred by Lord Coventry, both for South America; Mr Yeld, Endale, has sold to Mr H. H. Kennedy, for shipment to Uruguay, the two-year-old bull Forard On by Lead On out of Royal Dassy, and the yearlings Dorcas 2nd, Luna 2nd, and Wilton Rose.

* * *

As an indication of current values of sheep in New Zealand we give the ranges of prices realized at the recent Waikato Sheep Fair, at which rates showed a slight advance upon previous quotations. Most of the sheep were cross-breeds, and ewes of this breed sold at 2s. 8d. to 8s. 9d. each, wethers at 5s. to 8s. 3d., and lambs at 2s. 8d. to 5s. 10d. Lincoln ewes sold at 3s. 6d. to 14s. 6d., and lambs at 2s. 8d. to 5s. 10d. Fat sheep realised 6s. 6d. to 8s. 7d.

* * *

The hardest breed of horses in the world is probably that on Sable Island, notorious for the number of wrecks which have occurred upon it. Sable Island at the end of the last century was about forty miles long by two miles and a-half at its widest; it has now been worn down to a length of twenty miles and a maximum breadth of one, and consists of two parallel

ridges of loose grey sand, which grows coarse grass and nothing else. It is subject to most violent storms, and the densest of fogs; and, lying about eighty-five miles from the coast of Nova Scotia, it may be imagined the climate is a cold one. The original horse stock is supposed to have been introduced about the year 1733 by the Rev. A. Le Mercier, a Huguenot who obtained leave from the Canadian Government to try and make this wretched spot inhabitable, chiefly with the view of extending aid to shipwrecked persons. The horses, which were of the ordinary New England stock, have now dwindled in size to mere ponies, from 12 hands to 14, the latter height being seldom attained. Big-headed, Roman-nosed, coarse-jowled, and with very heavy coats, they are not very attractive beasts to look at, but they are extremely hardy, and the only shelter they seek from the worst weather is under the lee of a sand dune. If caught and confined they will escape in the roughest weather, caring nothing for shelter. They shun the neighbourhood of man, and are said to be so shy that it is difficult to come within shot of them; but for many years past it has been part of the duty of the men stationed on the island to catch and tame them for export to the mainland. Like all wild horses they go in gangs, each led by a master stallion. When the young horses reach maturity they are expelled from the herd by the leader, and run alone till they can collect a following of mares. Their endeavours to do this often result in fights of extraordinary savageness. More recently an attempt has been made to improve these ponies by turning out imported stallions, but this is only productive of results if the native master stallions are first caught and removed. In the earlier years of the present century, when a superintendent was first established on the island, the men used to shoot the ponies for food, preferring the meat of young stallions to that of the cattle which also ran wild there.

* * *

Our home correspondent writes us that the Prince of Wales had a most successful sale of Hackneys on May 22nd at Wolferton. Some 2000 people were present, and 66 horses sold realised 11,451 guineas, two ponies bringing 160 guineas. Sir Edgar Vincent gave 925 guineas for Coup de Grace, four yrs. 16 hands; by Field Marshal—Lady Grace by Paragon. Lord Iveagh paid 1050 guineas for a pair of bay geldings six yrs. 16 hands: Field Gun by Field Marshal, and Victor by Viator, and Sir Thomas Lipton purchased a bay mare by the former sire for 650 guineas. Sir E. Sassoon bought Sunshade foaled 1892, by Tig Tag, for 400 guineas, and a team of coach horses were sold to Mr. Paxman of Colchester, in pairs, at 340 and 625 guineas.

The Athenry Horse Show was held on May 23rd in charming weather, and brought out some really first-class exhibits:—

Mr H. Lindsay-Fitzpatrick took first for the best 14 stone hunter with The Masher, a powerful six-year-old chesnut, and second in the 13 stone class with Poulbann. Mr Smyth of Coolinry being first with his six-year-old Supple Jack.

In the jumping competitions Mrs J. E. Harrison's Aladdin won in the class for horses six-year-old and upwards, Mr R. K. Digby's, Lord Sroope in four-year-olds, and Mr C. Concannon's, Emma in ponies, Mr. Roarke of Leicester paid Mr C. R. Henry of Crumlin Park £50 for a hunters and Mr Quinn of Kinvara £100 for a four-year-old son of Glenart. A large number of horses were disposed of at good prices.

BUENOS AIRES

HORSES AND HARNESS.

There is a story told of an old Devonshire woman who had a jacket given her for her little boy which was too big for him, she tried it on the youngster, threw up her hands and said "Lud a mussy 'er don't fit 'un, if er's tu small er can piece er, but if er's tu large what ken er du thin!"

No doubt my readers will be wondering what this story of the old woman has to do with horses and harness, but the story always crosses my mind when I see the average Buenos Aires groom harnessing anything like a big horse with harness which has not been used for the same horse before. The chances are quite ten to one that the collar will be forced over the animal's head without the slightest reference to it's size, and unless it fairly chokes him is pronounced "alright." Then the bridle will be somehow got on, even if it be one or two holes too short and lengthened afterwards. It never seems to occur to the operator that by giving plenty of length, holding the bridle in the right hand, and opening the mouth with the left the bit can be slipped easily between the teeth, the ears and forelock cleared, and the fit regulated afterwards, with ease, quickness and comfort to the horse.

I have seen men supposed to be grooms and coachmen take a bridle off a small-headed horse and deliberately try to put it on one with a head like a coffin. Some days ago I was passing through one of the yards and stopped to see a very big animal harnessed and driven. There were a coachman and two peons. The harness was new and stiff, the horse was big and young, though very quiet; the performance of putting the collar on I missed, but I believe it had occupied some ten minutes, I was, however, in time for the remainder. Three times the bridle was forced on and tumbled off, owing to its being too short whilst the pad was put on, cruppers first and left loose across the loins whilst the bridle was being seen to, with the result that it was only just saved from slipping bodily off at the last moment. Then the crupper was lengthened, and then lengthened again.

I could not help suggesting that I thought they had better line a "quadrilla" of peons, as there did not seem to be enough for the job. A bystander remarked "El animal es muy crudo" "y tambien el cochero" said I. "O, no el cochero es hombre de muchos años de practica." This, of course, was unanswerable, so I walked away. The performance occupied I should say from fifteen to twenty minutes and simply because, like the old woman, they wanted to "piece" and could not apparently understand "taking in." Of course there are many good coachmen and grooms in Buenos Aires who thoroughly understand their work, but I must say the majority of those one sees appear more fitted to look after pigs than horses. The scene I have depicted is by no means an uncommon one, and though amusing to the spectators must be anything but so to the unfortunate subject of the manoeuvres described. To me it often appears wonderful that horses should put up with the petty and unnecessary annoyances to which they are so often subjected by their ignorant and awkward tormentors, for tormentors they are, and it certainly reflects great credit on their dispositions, which if not too much tried are in ninety-nine cases out of a hundred good.

What a pleasure, on the other hand, it is to watch the thoroughly experienced man harness his horses! Unless quite sure of the fit he will put his gear on loose, and with the billets free from the loops, and quietly without fuss or hurry adjust afterwards, always taking care to free the forelock and the hairs of the tail from bridle head and crupper. I am confident that more accidents occur through harness being improperly put on than from any other cause, and for that reason, if for no other, too much attention cannot be paid to its proper adjustment.—H.

RACING.

BELGRANO—JUNE 14.

This meeting, organised for the benefit of two Charitable Societies, the Nueva Pompeya and Damas de Beneficencia, was not blessed with the best of weather, the west wind which prevailed all day being cold and bringing plenty of clouds with it, so the glimpses of the sun were very welcome. Of course, this had a discouraging effect on the concourse, which was slim, two whole military bands only attracting some two dozen ladies, and discoursing very respectable music to a moderate crowd of spectators.

The programme was scanty, the only good race being the Classic, in which Euskaro was set the formidable task with 64 kilos on his back, which included 3 kilos extra for his last win, of conceding 8 kilos to Don Pepe, and 9 kilos to Salto, and good as he is he was not quite equal to the occasion, arriving half a length behind Salto, who was the same distance behind the winner.

Damieta, a half sister to Tanger and Alejandria, scored a good win the Maiden, coming from behind at the stand and going through his field in fine style.

Evangelina was too much for a moderate lot in the Selling Plate, leaving Siria as she pleased at the finish.

Union ran away with the Gentlemen Riders, well ridden by Mr A. Brown, who seemed to be the only one aware that the race was 1700 metres and made such good use of his horse's speed that no one could get near him at the end, Soliman going great guns at the finish, but only depriving Salteador of second place.

Vivaracho only just struggled in by a head from Ascot in the young one's handicap the latter coming too late.

Plátano and Lunfardo had a good set-to for the Consolation, the former getting the best of it in the last 20 metres.

The following are the details:—

PREMIO SOCORRO, for horses of three years and more that have been a year in the country and have not won more than \$4000. Weight 55 kilos, 3 kilos extra for every win. \$1300 to 1st, 100 to 2nd, 1600 metres.

Ecurie Sans Peur's Judith, by Stiletto—Glorification, 3 y, 59 k.....R. Garrido 1
Ecurie Indecis' Ubajay, 3 y, 55 k.....I. Diaz 2
Ecurie Semper Paratus' Kosir, 4 y, 55 k.....M. Valdez 3
Dividend—Judith \$4.05 win.

PREMIO CARIDAD, for two-years-olds that have not won. Weight 54 and 52 kilos. \$1400 to 1st, 100 to 2nd, 1000 metres.
Ecurie Pergamino's Damieta, by Stiletto—Smirna, 52 k

R. Gomez 1
Ecurie Royal's Cepeda, 52 k.....R. Bastiani 2
Ecurie Belgrano's Sinfonia, 52 k.....S. Urrutia 3
Also ran—Pájaro, Nene, Piquart, Motin, Modista, and Binchuca.

Dividends—Damieta \$32.65 win and 7.55 place, Cepeda 3.20 place, Sinfonia 14.20 place.

PREMIO REMATE, for horses of three years and more that have been a year in the country and have not won a Premio Remate. Weight for age. The winner to be sold for \$3000. Those entered to be sold for less to be allowed 3 kilos for each \$500 reduction. \$1400 to 1st, 1300 metres.

Stud Necochea's Evangelina, by St. Honorat—Elena, 3 y, 51 k.....G. Morales 1
Ecurie Belgrano's Siria, 3 y, 47 k.....J. Olmos 2
Stud Las Armas' Espingarda, 4 y, 43½ k.....J. Feliú 3
Also ran—Olavarría, Ayacucho, Hircania, and Aquilon.
Dividends—Evangelina \$18.35 win and 5.20 place, Siria 3.10 place.

PREMIO NUEVA POMPEYA, handicap for horses of three years and more, limited between 62 and 50 kilos. \$3000 to 1st, 2000 metres.

Stud Oriel's Don Pepe, by Orbit—Brunette, 4 y, 56 k
R. Garrido 1
Stud Sanducero's Salto, 3 y, 55 k.....J. Sarthou 2
Stud Gordon's Euskaro, 3 y, 64 k.....F. Perez 3
Also ran—Austerlitz, Dante, Espina, and Primero.
Dividends—Don Pepe \$11 win and 4.50 place, Salte 3.25 place.

PREMIO GENTLEMEN RIDERS, for horses of three years and more. Weight three years 68 kilos, 4 years 72 kilos, five years and more 75 kilos. \$1000 to 1st and a gold medal to the rider, 1700 metres.

Stud Semper Paratus' Union, 72 k.....Sr. A. Brown 1
Stud Junin's Soliman, 74 k.....Alferez Rojo 2
Stud El Derby's Salteador, 75 k.....Sr. C. Luro 3
Also ran—Marat, Whipper In II., Extra, and Santa Jacinta.
Dividends—Union \$12.05 win and 5.60 place, Soliman 5.25 place.

PREMIO DAMAS DE MISERICORDIA, for two-year-olds that have run more than twice. \$1800 to 1st, 1200 metres.

Petite Ecurie's Vivaracho, by Progreso—Vanda, 55 k
R. Garrido 1
Ecurie Tapalqué's Ascot, 53 k.....C. Cardoso 2
Stud Las Piedras' Mein Herr, 50 k.....G. Morales 3
Also ran—Douglas and Larrea.

Dividends—Vivaracho \$3.90 win and 2.55 place, Ascot 2.65 place.

PREMIO BENEFICENCIA, handicap for all horses that have not won more than \$15,000. \$1600 to 1st, 1700 metres.

Stud Floresta's Plátano, by Paysandú—Folie, 3 y, 46 k
J. Olmos 1
Ecurie Titan's Lunfardo, 3 y, 51 k.....R. Gomez 2
Ecurie Guerrillero's Victoriosa, 3 y, 44 k.....J. Feliú 3
Also ran—Bal Masqué, Frigate, and Zambra.

Dividends—Plátano \$9.55 win and 3.30 place, Lunfardo 2.80 place.

BELGRANO—JUNE 17.

This race meeting which was put off on Thursday on account of the mud, came off duly in beautiful weather, and notwithstanding its being Saturday, and with a card for the next day at Palermo, was better attended than one would be led to expect. The fields were large although there were some desertions, there being places in all six events. The finishes were good all through, there being no runaway win and no win from start to finish. The dividends were worthy of the Belgrano course, no favourite arriving first and hardly any in the first three.

Our Oriental friends were well to the fore in the semi-Classic mile, the three horses they had in the race coming in 1, 2, 3.

This they followed up by a dead-heat in the 1200 metres, so they cannot complain that their usual good luck in this course failed them.

Kaolin, after many vicissitudes, at last broke his "duck" in the opening 1300 metres, he and Bambola smothering Le Destrier in a fine rush at the finish.

Douglas was again unable to struggle when overhauled by Sinfonia and Leopardo in the Maiden, and though fast, seems an incorrigible coward.

The final saw another La Confianza veteran in front, the hunchback for once riding a waiting race on Regalona, who followed Reserva's footsteps and scored a win after many failures.

The following are the details:—

PREMIO CHANTERELLE, for horses of three years and more that have been a year in the country and have not won more than \$5000. Weight, three years 50 kilos, four years and more 52 kilos, 3 kilos extra for every win, 2 kilos allowed to losers. \$1200 to 1st, 100 to 2nd, 1300 metres.

Ecurie Pergamino's Kaolin, by Saumur—Kate, 3 y, 48 k
H. Trejo 1
Stud Monfi's Bambola, 3 y, 51 k.....J. Insaurralde 2
Stud America's Le Destrier, 4 y, 58 k.....R. Garrido 3
Also ran—Porthos, Empréstito, Moltke, Santiaguito, Oxianta, Llama, and Alianza.

Dividends—Kaolin \$23.30 win and 4.65 place, Bambola 3.75 place, Le Destrier 3.10 place.

PREMIO REMATE, for all horses. The winner to be sold for \$3000. Those entered to be sold for less to be allowed 3 kilos for each \$500 reduction, 3 kilos extra for every win in a Premio Remate. Weight, three years 57 kilos, four years and more 60 kilos. \$1300 to 1st, 100 to 2nd, 1600 metres.

Ecurie Golondrina's Florin, by Neapolis—Fossette, 4 y, 51 k.....G. Palacios 1
Ecurie Ceres' Tapera, 3 y, 43 k.....C. Liceri 2
Stud Cuaró's Cuaró, 3 y, 51 k.....F. Perez 3
Also ran—Don Carlos, Whipper In II., Kosir, Mirto, Pólvara, and Jeannette.

Dividends—Florin \$17.95 win and 6.05 place, Tapera 3.10 place, Cuaró 3.85 place.

PREMIO DAWN, for two-year-olds that have not won. Weight 54 and 52 kilos. \$1400 to 1st, 100 to 2nd, 1000 metres.

Ecurie Belgrano's Sinfonia, by Acheron—Scottish Belle, 52 k.....S. Urrutia 1
Stud La Confianza's Leopardo, 54 k.....I. Diaz 2
Mr Mantón's Douglas, 54 k.....R. Bastiani 3
Also ran—Guerrilla, Motin, Selim, Douglas, Incognito, Coracero, Valcheta, Diana, and Solita.

Dividends—Sinfonia \$15.30 win and 4.25 place, Leopardo 4.15 place, Douglas 3.10 place.

PREMIO REVERIE, handicap for all horses limited between 63 and 48 kilos. \$2000 to 1st, 100 to 2nd, 1600 metres.

Stud Charrua's Liberal, by Oriental—Cruz del Sud, 3 y, 48 k.....P. Garcia 2
Ecurie Colon's Gauchito, 4 y, 50 k.....I. Diaz 2

Ecurie Ceres' Araujo, 3 y, 52 k.....F. Perez 3
 Also ran—Atalaya, Diuero, Rossignol, Yapayú, and Santa Jacinta.

Dividends—Liberal \$12 win and 4.20 place, Gauchito 6.65 place, Araujo 3.35 place.

PREMIO TWIN, handicap for all horses. \$1500 to 1st, 100 to 2nd, 1200 metres.

Stud Ituzaingo's Offembach, by Offenheit—Glenshee, 3 y, 55 k.....F. Perez †1

Ecurie Júpiter's Tucapel, by Júpiter—Cantinerá, 4 y, 45 k.....Z. Lacruz †1

Ecurie Tapalque's Travieso, 3 y, 54 k.....C. Cardoso 3
 Also ran—Orleaus, Eclairé, Chingolo, Pólvara, Ameliana, and Siria.

Dividends—Offembach \$7.25 win and 6.10 place, Tucapel 29.20 win and 16.25 place, Travieso 5.10 place.

PREMIO TESORERA, handicap for all horses. 1700 to 1st, 100 to 2nd 1900 metres.

Stud La Confianza's Regalona, by Havre—Suri, 5 y, 53 k
 I. Diaz 1

Stud Hirondele's Lanza Seca, 4 y, 55 k.....F. Olivera 2
 Stud Temerario's Santa Jacinta, 4 y, 43 k.....S. Lamadrid 3
 Also ran—Olimpico, Galette, Rosalvina, Casuarina, Abrojo, Reduccion, and Sentinel.

Dividends—Regalona \$9.75 win and 3.45 place, Lanza Seca 3 place, Santa Jacinta 7.85 place.

PALERMO—JUNE 18.

The great interest felt in the principal event of the day, aided by the perfect weather, brought out a larger crowd than usual to this meeting. In strong contrast to the results at Belgrano, four of the favourites won, and no upset of importance came to ruffle the equanimity of backers.

The Classic quite fulfilled expectations in producing an interesting race, though it has had the apparent effect of leaving only two candidates for the big races later on. The easy victory of Dictador in excellent time, has done completely away with the idea that his previous win was due to the heavy going and though Bonaparte was only two lengths away at the post the winner was leaving him without effort while the son of Gay Hermit had done about all he knew. The favourite, Argentina, after making the pace, was run out by Bonaparte at the paddock, and came in third six lengths behind, while the recently formidable Etolo was outpaced from the start, and arrived four lengths from Argentina.

The first race brought out a very poor lot of which Aluminio turned out the best.

The Selling Plate, for two-year-olds, was a good race between the heavy weights Vulcano and Mein Herr, and the judge could not separate them.

The Mile was a match between Fortunio and Oribe, the former being just able to concede the five kilos, and won by half a length.

The long distance was another close affair, Flageolet getting in by a head.

Emir walked away with the 1300 metres in his usual way, and is very hard to beat in short distances.

Modesta finished the day by a good win in 1700 metres Eclat, who was second, is evidently coming on.

The following are the details:—

PREMIO TORPEDO, for horses of three years and more that have been a year in the country and have not won more than one race. Weight 57 kilos, 3 kilos extra to winners, 3 kilos allowed to jockeys who have never won. 1600 to 1st, 100 to 2nd, 1400 metres.

Ecurie Belgrano's Aluminio, by Acheron—Rosy Cheeks, 3 y, 54 k.....C. Zalazar 1

Ecurie Royal's Royal, 3 y, 54 k.....J. Sarthou 2
 Stud Paris' Púcara, 3 y, 57 k.....R. Garrido 3
 Also ran—Porthos, Eco, and Despachante.

Dividends—Aluminio \$13.40 win and 6.65 place, Royal 6 place.

PREMIO REMATE, for two-year-olds. Weight 55 and 53 kilos. The winner to be sold for \$4000. Those entered to be sold for less to be allowed 2 kilos for every \$500 reduction. \$2000 to 1st, 200 to 2nd, 1000 metres.

A. Lincoln's Vulcano, by Ojo de Agua—Venus, 51 k
 A. Ruiz †1

Stud Las Piedras' Mein Herr, by Orville—My Maud, 51 k
 F. Perez †1

Ecurie Royal's Dalila, 45 k.....F. Licere 3
 Also ran—Africano, California, Tulumaya, La Gocarde, Warnes, Peasamiento, Coracero, and Binchuca.

Dividends—Vulcano \$2.75 win and 2.80 place, Mein Herr 4.05 win and 3.65 place, Dalila 10 place.

PREMIO DICTADOR, for horses of three years and more that have been a year in the country and have not won more than

\$15,000. Weight three years 52 kilos, four years and more 54 kilos, 2 kilos extra to winners of \$3 to 5000, 5 kilos to those of \$5 to 10,000, and 7 kilos of more that \$10,000, 2 kilos allowed to those who have not won. \$2000 to 1st, 200 to 2nd, 1600 metres

Stud La Alianza's Fortunio, by Exmoor—Twin, 3 y, 59 k
 I. Diaz 1

Stud Oriel's Oribe, 3 y, 54 k.....R. Garrido 2
 Ecurie Prisionero's Donovan, 3 y, 54 k.....J. Paez 3
 Also ran—Sentinel.

Dividend—Fortunio \$3.15 win.

PREMIO PRODUCCION NACIONAL, for colts and fillies born in the country since the 1st August, 1896. Weight 56 and 54 kilos. \$7000 to 1st, 500 to 2nd, and 3rd saves stakes, 1400 metres.

Ecurie Dollar's Dictador, by Neapolis—Dabriada, 56 k
 C. Cardoso 1

Peite Ecurie's Bonaparte, 56 k.....I. Diaz 2
 Ecurie Argentina's Argentina, 54 k.....R. Garrido 3
 Also ran—Caprichoso, Tres Arroyos, Etolo, Federowna, Longfellow, Azul, and Special.

Dividends—Dictador \$8.45 win and 2.70 place, Bonaparte 2.55 place, Argentina 2.40 place.

PREMIO RESERVA, handicap for all horses. \$2200 to 1st, 200 to 2nd, 2200 metres.

Stud Oriel's Flageolet, by Gloriation—Fulgor, 4 y, 59 k
 R. Garrido 1

Ecurie Tapalque's Abeto, 4 y, 52 k.....C. Cardoso 2
 Ecurie Azul's Brandzen, 6 y, 53 k.....G. Morales 3
 Also ran—Reserva, Rayon d'Or, and 9 de Julio.

Dividends—Flageolet \$7.80 win and 4.15 place, Abeto 3.10 place.

PREMIO BALCARCE, handicap for all horses. \$1800 to 1st, 100 to 2nd, 1300 metres.

Stud Revolucion's Emir, by El Amigo—Empress, 4 y, 56 k.....P. Aguilera 1

Ecurie Prisionero's Patriota, 3 y, 41 k.....V. Dedia 2
 Ecurie Prisionero's Daza, 5 y, 57 k.....J. Paez 3
 Also ran—Cacique, Radamés, Ayacucho, Yanguetrú, and Siria.

Dividends—Emir \$6.05 win and 3.55 place, Daza and Patriota 4 place.

PREMIO DONOVAN, handicap for horses of three years and more \$2000 to 1st, 100 to 2nd, 1700 metres.

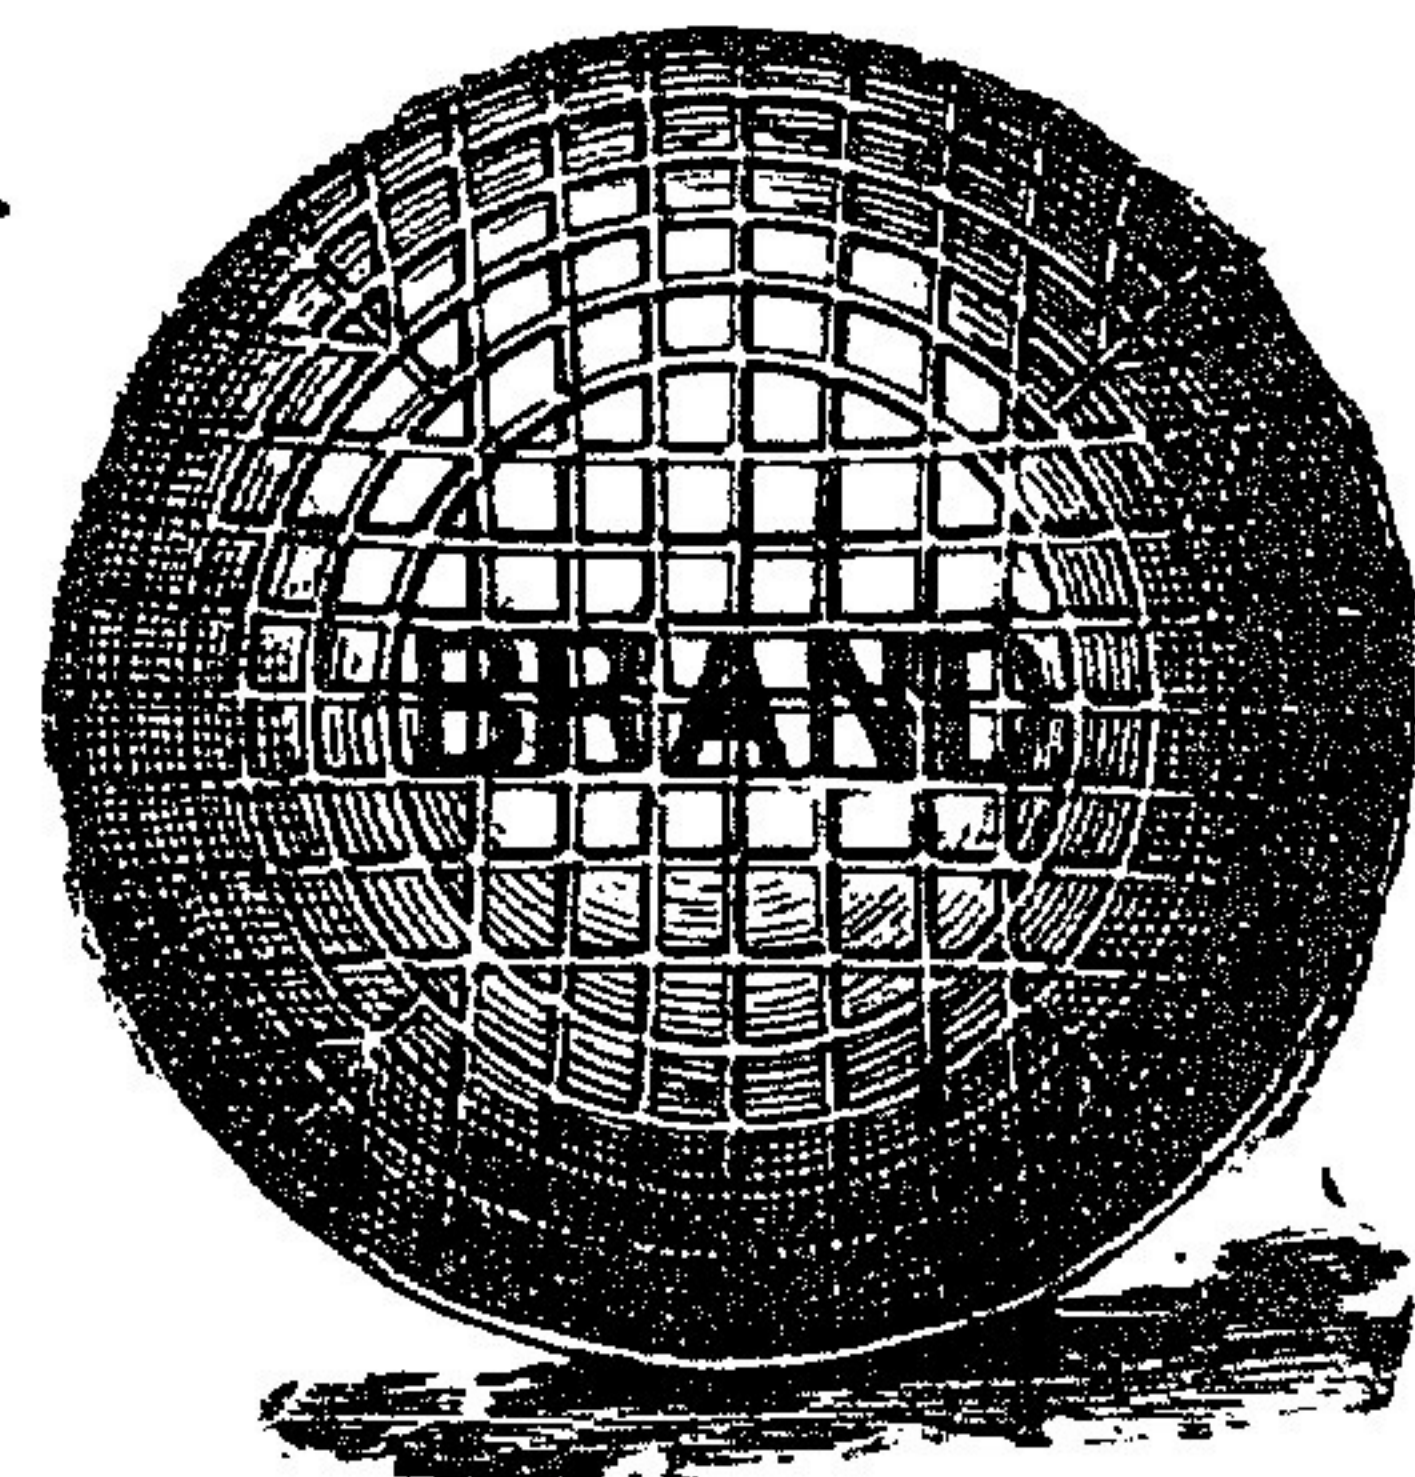

Stud Modesta's Modesta, by Amazon—Mendiga, 3 y, 51 k
 J. Olmos 1

Stud Don Gonzalo's Eclat, 3 y, 52 k.....F. Perez 2
 Ecurie Tapalque's Doblete, 4 y, 52 k.....C. Cardoso 3
 Also ran—Liberal, Nobleza, Fagotin, Marea, Normandia, Profesor, and Retraité.

Dividends—Modesta \$12.40 win and 4.70 place, Eclat 4.35 place, Doblete 5.90 place.

WEDNESDAY, JUNE 21, 1899.

NOTES.

We have received from the Hon. Secretary of the Sport Club, Tucuman, a neat copy of the Polo Rules translated into Spanish. As our correspondent points out these may be very useful to some of our camp clubs, who have Spanish speaking members, and for this reason we propose to reproduce them in our next issue, and trust they will prove of use to our native Polo playing friends.

* * *

The Hurlingham authorities, at a very short notice, have postponed the racemeeting fixed for next Sunday till the 29th inst. This has necessitated a change of programme for the Polo week, and the Championship Polo Tournament will now commence on Saturday the 24th, and the Pony Show will be held on Sunday, the 25th. The finals of the Championship will probably be played on Wednesday the 28th, and those of the Handicap Tournament on the morning of the 29th, or on Friday the 30th.

* * *

Only six teams have been entered for the tournament, and of these three come from Hurlingham. The camp clubs will be represented by Media Luna, The Locusts and San Carlos. Of these Media Luna are the favourites, and we expect them to win the tournament right out, as they are very well mounted, are in good practice, and have easily won all the matches they have lately played.

* * *

At the moment of writing we do not know of whom the Locusts' team consist, but the San Carlos men are Baron Peers, Messrs Duncan Traill, Woods, and Roque Fredes. Media Luna will send up Messrs C. J. Tetley, F. Leared, R. Leared and J. R. Kirkham. One of the team tells us their attack is very strong, and against a weaker team they score very easily, as indeed they have shown in the last few matches we have reported. The Hurlingham teams will be found under Polo in another column.

* * *

The first team are playing in a very disappointing way, and curiously enough their weak point lately has been in their hitting, but we hope they will improve in this respect before next Saturday. On the whole the team is not so well mounted as they should be and though perhaps we may be wrong, we cannot help thinking that one or two of the ponies they are playing are not nearly handy enough in some cases, nor bold enough in others, to warrant their being played in first-class Polo.

The programme of the Pony Show we have published in another part of this paper. Entries will be received up to the day before the Show, but the Secretary has asked us to say that he hopes as many as possible will be sent in to him before then, in order that they may appear in the programme which will be printed of the week's events. As this is the first Show of this kind ever held here, it will be a most interesting and instructive affair, and we hope will become an annual event.

* * *

The neighbourhood of Palermo, on Sunday, was perhaps as gay as it can ever be seen. The National Guards were out in great force, and as there were also cavalry and artillery in motion bright colours were visible everywhere. The racecourse was also extensively patronised on account of the interest felt in the Premio Produccion Nacional, and the weather brought crowds out into the Park, and into the Zoo, which is a very poor specimen as yet. We walked back from the stand to town in company this time with many others, and witnessed the rush of carriages from the races and the drive, which when amalgamated make a show which in point of numbers would be difficult to beat anywhere, the only drawback being the great predominance of victorias, which must amount to three-quarters of the total, and makes the display somewhat monotonous.

* * *

The great expectations formed by the public in the Classic were hardly borne out by the result. The first four horses were certainly spotted in the betting, but the race itself was practically reduced to two competitors. Argentina, who was favourite, made the pace hot as usual, but was clean run down at the paddock by Bonaparte, one of the best looking sons of Gay Hermit that has appeared on our courses. From here Dictador rapidly gained on the leader and once alongside of the stand had the race won, as he came in quite fresh and full of running, while the Petite Ecurie champion was doing all he knew. Argentina was seven or eight lengths behind at the finish and Etolo three or four away still, and as these two have beaten all the other young ones, it is evident that Dictador should have the big prize at his mercy if he keep sound, unless Bonaparte can improve considerably. It is not at all likely that any formidable competitors are still to come out this year.

* * *

The free style of running of Dictador coupled with the fact of his coming in so easily, although the last eleven hundred metres of the race were timed at one minute seven seconds, which is something out of the common among youngsters, is enough to stamp him as of extraordinary promise, and for the third year in succession a son of Neapolis may be at the top of the tree. We hope to see Ovacion out this week, as his name is in the list of entries for Sunday and if he turn out fit and well the number of classic horses will be augmented. Next month the season will begin to warm up and the outlook this year is very promising, Pillito's last victories over Gonin and Filou not having been obtained so easily as to make his position unassailable.

* * *

The club we mentioned last week as about to be formed for the purpose of improving the breed of sporting dogs here, and of enforcing the existing game laws, has been started under the title of "Club de Casadores." The committee has now been definitely chosen and is composed of the following:—President, Dr. Cullen; Vice-presidents, Messrs. G. Mallison, A. Cambaceres; Hon. Sec., Sr. B. Milhas, 25 de Mayo 20; Hon. Treasurer, Sr. J. Gomez; and Messrs. M. Dumais, R. Castro, Juarez, and A. Mirey. All inquiries and communications should be addressed to the Hon. Secretary at the above-mentioned address.

* * *

The Australians, when our last mails left, had played five matches, of which they had won two, lost one, and drawn two. In these matches "Cricket" points out that the captain, Darling, only won the toss once and lost it.

four times. The match against an eleven of England, the scores of which may be found in another column, was sadly interfered with by the weather, so that as a test of the relative strength of the teams it proved nothing at all.

* * *

Other interesting events which have occurred in the cricket fields in England since we last had news, are the two innings played respectively by Messrs G. L. Jessop, the Cambridge captain, and V. F. S. Crawford. The former playing for his 'Varsity against Yorkshire scored 171 out of a total of 246, and carried his bat. It took him less than two hours and was a great display. Crawford playing for Surrey against Gloucestershire twice exceeded fifty without giving a chance, and treated the spectators to some fine driving. A notable incident in this match was the stand made for the last wicket by the two Gloucestershire professionals, Wrathall and Board, who put on 106 runs. Three years ago the same pair in the same match put on 145 runs in about the same time.

* * *

The name of Dewar is fairly well-known to most of us, but Mr. Thomas R. Dewar, J.P., ex-sheriff of London, is evidently determined to make it even better known, especially among the sportsmen in the River Plate, for he has sent out a magnificent silver cup, of the value of fifty guineas, to be competed for annually for whatever sporting event his representatives here may decide upon.

* * *

Owing to the courtesy of the agents here, Messrs. Arthur Holland and Co., we have been able to see and admire the Cup ourselves, and it is indeed a very fine work of art. It is so good that there is considerable difficulty in deciding on some event for which it may be competed for annually. For this reason we should be grateful for any suggestions from our readers as to what form of sport it would make a suitable Challenge Cup for.

* * *

The Cricket Championship was done away with last season, but we fancy the results of this act will induce those interested to insist on its resuscitation, and if successful in their endeavours, the Cup might well be used as a Championship Cricket Cup. Another idea, however, which has been suggested, and which is sure to prove a popular one, is that the Cup should be held annually by the best all-round athlete in the River Plate, or of any club to which Mr. Dewar's representatives care to present it.

* * *

It would be no easy matter to arrange a series of competitions for the purpose of ascertaining who is the best all-round athlete of any club, but with careful organisation it might be done. Bat fives, Golf, Racquets, and such like games would, of course, take time, but other events might be decided in one day. Some such competition as this would undoubtedly prove very popular and a great attraction, and at a club like Hurlingham could be managed all right. Meanwhile we shall hope to receive some suggestions for the disposal of this handsome cup.

* * *

On Sunday next, the 25th inst., the Buenos Aires Golf Club will hold a Bogie Competition, under handicap, eighteen holes, on their links at Rivadavia. Mr. T. S. Boadle has kindly presented a handsome prize for the winner, and the entrance fees (one dollar each) will be devoted to purchasing a second prize. Play will commence at ten o'clock and no competitor will be allowed to start after one.

* * *

The return Rugby football match in the Championship series, between the Belgrano and Flores clubs, played last Sunday at Belgrano, resulted, as was anticipated, in a victory for the former by seventeen points to three. At half-time, so good a game had the Flores men played, that it seemed anybody's game indeed many thought that the visitors would register their first victory, but it was not to be and the superior weight of the Belgrano front division told in the second half with the above mentioned result.

A pleasing feature of this match was the large number of spectators present, which we hope augurs well for the future of Rugby football in this country. Our friend "Spectator" has again called attention to two bad faults which were very noticeable in the play of either side, and we trust his remarks, especially concerning the talking, will take effect. On Saturday next the B.A.F.C. and Flores A.C. play their return match, and the result is by no means assured, as the Flores team is certainly showing better form each time it turns out.

* * *

We have been asked to express our opinion as to whether a player who has represented a club in the first division of the Association League is eligible to now play in the second division matches. The ruling to us seems quite plain and straightforward. If said player has left a club for whose first team he used to play, which is the case in this instance, he has every right to play for his new club in the second division, always allowing that the Secretary of the Argentine Association has received the specified notice, which we understand, was duly sent.

* * *

We have received a note signed "Constant Reader" complaining that in our last issue there was no mention of a second division Association League match which had been played. We ourselves, a short time ago, attended one of these matches for the purpose of reporting same, but the play we witnessed certainly did not warrant a report. At the same time should "Constant Reader" or any other care to forward us a report of any match we shall always be pleased to try and find space for same, although we must naturally give the preference to sporting news of more general interest.

FOOTBALL.

RUGBY.

BELGRANO A. C. v. FLORES A. C.

The above teams met in the Rugby Championship on Sunday last at Belgrano to play off their return match. There was a capital attendance of spectators which points to the increasing popularity of the Rugby game. According to form the Belgrano team started favourites and the ultimate result a victory for the home team by seventeen points to three proved these anticipations to be correct, while on the other hand, those who expected to see Flores make a good fight of it, were by no means disappointed in the first half, for they had quite as much, if not more, of the game than their opponents. In the second portion the home forwards seemed to get possession of the ball in nearly every scrummage formed and heeling well kept their outsides busy. Belgrano having won the toss Neild kicked off for Flores at 3.14, play settling down in the Belgrano half. Some good play among the home outsides soon transferred play to the Flores lines from where relief was brought by a punt down the field, which being fumbled by the Belgrano back, allowed Elliot to get possession and this player making the most of his pace got over, but unfortunately lost the ball, a slice of luck for Belgrano. From the kick out play ensued in the Flores half, where the ball was soon let out to the home outsides, and Fothergill passing well enabled Webster to open the scoring, a quarter of an hour from the start. Fothergill took the kick but failed to convert. From the kick out play again settled in the Flores half, but the visiting forwards working well together broke away nicely and carried the ball into the Belgrano quarters. A kick by one of the three-quarters brought relief, but from the ensuing "scrum" G. Elliot got possession and after a characteristic run, scored well in. The same player took the kick, an easy one, but failed. For the next twelve minutes play was of a very even nature and neither side could claim any advantage when the whistle sounded for half-time, each team being credited with three points.

After the usual interval Fothergill set the ball in motion for Belgrano and four minutes after, this player romped in. The kick was not an easy one by any means but Fothergill safely negotiated it and placed Belgrano five points to the good. From the kick-off play remained for a short time in neutral territory, but gradually the home players were forced back, until right on their own lines, when Carter got over, but this time Fothergill failed with the kick. This second reverse seemed to knock all heart out of the visitors, who, from this point on were clearly a beaten team. After half-an-hour's play in Thurn registered a fourth try, but again Fothergill failed to add the major points.

Four minutes later Tully scored but again Fothergill was unable to improve. Directly after this the whistle sounded for time and Belgrano were left victorious by one goal and four tries (seventeen points) to one try (three points).

For the winners Fothergill was the pick of the outsiders, although Vernon shone in his new position and Tapper was all there. Forward im Thurn and Brodie, well backed up by Williams were the pick.

For the losers Goddard and King played a good losing game at half-back, G. F. Elliot worked very hard but was well matched, and J. Elliot, after one bad mistake, tackled in good style. Of the forwards Hampson showed up conspicuously and marked well throughout.

The place-kicking was very poor except for the one kick already referred to by Fothergill.

Mr L. Corry Smith kindly undertook the duties of referee in his usual efficient manner.

The following were the teams:—

Belgrano—

Full-back—C. Nixon.

Three-quarter-backs—F. W. Fothergill, J. H. Webster, C. Tully, C. J. N. Carter.

Half-backs—A. Vernon, J. H. Tapper.

Forwards—A. im Thurn, A. C. Williams, C. Evde, N. M. Whitworth, J. Lyon, A. Addecott, A. Brodie and F. P. Bouwer.

Flores—

Back—L. Ponce de Leon.

Three-quarter-backs—F. Leitch, G. F. Elliot, J. Negron, J. H. Elliot.

Half-backs—D. King, W. H. Goddard.

Forwards—F. N. Neild, C. Thunder, H. Hampson, C. C. Mackenzie, L. Holt, B. Gwyn, B. Campbell, and A. O. Jones.

RIVER PLATE RUGBY UNION CHAMPIONSHIP. FIXTURES, 1899.

Sun. 16 or 23—Rosario v. "Runners Up," for the Cup.
Sun. 30—Final, for the Cup.

ASSOCIATION.

LOMAS 2ND. v. BANFIELD A.C.

This second division championship match was played on Sunday last at Lomas in the presence of a fair number of spectators and resulted in an easy win for the visitors.

Lomas winning the toss elected to play with the wind, leaving Potter to start for the visitors, which he did with a fine run down the field but the home backs cleared well. For a considerable time the game was very fast and evenly contested; the visitors line of forwards managed to get away and D. Morgan opened the score from a fine centre from the right wing. The homesters played well together and play continued very even until the brothers. Hunter took possession and using their pace got away, W. Hunter equalizing matters after considerable trouble from Wilson and Grindrod who played a very hard game.

After the usual interval Hunter started the ball which was at once rushed into the home territory where Maffott put in a pretty shot which landed in the net, this feat he again repeated shortly after. Banfield now had the game very much to themselves and kept up a constant attack; Moffatt again taking possession centred right across the goal D. Morgan heading it in, in fine style.

Thus when time sounded the scores were: Lomas 1 goal Banfield 4 goals.

Mr Wm. Stirling acted as referee to the satisfaction of all.

Some surprise was caused by the non reciprocation of the three cheers awarded by Banfield.

For Lomas, the brothers Hunter, Cowes and Gibson played well whilst for the visitors Munroe, Moffatt, Morgan and Harriman were the pick.

LOBOS v. LANUS.

The above clubs played a friendly match last Sunday at Lanus, but as both teams were short, and neither of them representative, but little importance can be attached to the result, a victory for Lobos by two goals to one. The game was of an uninteresting description, none of the players appearing to really care what the final result was, the play suffering in consequence.

ROSARIO.

ASSOCIATION.

CENTRAL ARGENTINE Ry. A.C. v. H.M.S SWALLOW.

Taking advantage of the presence of H.M.S. "Swallow" in the port, the Railway Club arranged a match with the football players attached to the ship, which took place on the ground of the former on Saturday afternoon last. The weather was most favourable except for a slight cross wind, and a good number of spectators turned up. The game was a very fast one throughout and it was soon to be seen that the teams were very well matched. The first half was got through without any score by either side although both goals were in frequent danger. In the second half the ship were the first to open their account by the aid of Fallows, who played a good game throughout. The Railway shortly afterwards retaliated Kean sending in a shot which it was almost impossible to stop. No further points were gained by either side and the game ended in a draw of one goal each. The ship team possesses some splendid defensive players in Donaldson and Boswell, whilst Fallows, Stock and Robinson forward, and Thomas in goal are all very good at the game. The Railway forwards played well together, but their back division was somewhat weak.

The return match will be arranged for an early date.
The following were the teams:—

H.M.S. Swallow—

Goal—R. H. Thomas (Capt.)
Backs—Boswell, Donaldson.
Half-backs—Farr, Collins, Aires.
Forwards—Page, Nyl, Fallows, Stock, Robinson.

Central Argentine Railway A.C.—

Goal—J. Hollis.
Backs—B. Carman, W. Gayleard.
Half-backs—F. Martin, J. Porte, W. S. Harris.
Forwards—P. Harrison, J. Kean, H. Hopper, M. Green, E. Wortley.
Mr. W. S. Penman kindly officiated as referee.

ROSARIO A.C. v. H.M.S. SWALLOW.

On Sunday last, the 18th inst., the return match between the Rosario Athletic Club and H.M.S. Swallow team took place at Plaza Jewell, and resulted in a win for Rosario by two goals to one, all of which points were secured in the first half, the Swallow scoring first goal within five minutes of the start. They were unfortunately without their captain (Hallowes), who was away on a shooting expedition, and who played such a fine game as centre forward the previous Sunday, his place being taken by Charlesworth.

Great interest was taken in the match by the large number of spectators assembled, and they were treated to one of the best games of the season. From start to finish play was kept up with great vigour, and although Rosario Club, which had got together one of its best teams, won, the players did not have it all their own way, as the ball travelled from end to end with great rapidity, and the sailors on one or two occasions were unfortunate when within an ace of scoring. The latter, however, played a gallant game, and every credit is due to them.

During the afternoon tea was provided on the ground, which was much appreciated by the players and their friends, and a most enjoyable time was spent.

The following were the teams:—

H.M.S. Swallow—

Goal—R. Thomas.

Backs—Boswell, Donaldson.

Half-backs—Robinson, Charlesworth, Collins.

Forwards—Leggatt, Stock, Fallows, Page, Galeb.

Rosario A.C.—

Goal—J. Hollis.

Backs—W. S. Penman, W. S. Shimield.

Half-backs—H. Middleton, L. Jacobs, S. Angel.

Forwards—E. Wortley, A. W. Topping, C. Newell, R. Dorn-
ing, A. Le Bas.

Mr F. Martin kindly acted as referee.

RUGBY FOOTBALL NOTES.

(By "SPECTATOR.")

THE CHAMPIONSHIP.

	Matches played.	Won.	Lost.	Drawn.	Points.
B.A.F.C.	4	3	1	0	6
Lomas A.C.	3	2	1	0	4
Belgrano A.C.	3	2	1	0	4
Flores A.C.	4	0	4	0	0

The Flores team nearly gave us the surprise I predicted in my notes last week, as on Sunday last, at Belgrano, they made a fine fight of it during the first half, but were unable to last, with the natural consequence that they had to put up with a defeat.

One or two faults I have already pointed out in these notes were more in evidence in this game than ever before. I allude, firstly, to the tremendous amount of talking which was carried on almost entirely throughout the game. If the captain is a forward it is all very well for one of the outsides to give a word or two of advice to the back division now and again, if the captain wishes it, but for the forwards and backs to keep up an incessant stream of shouting and arguing is, to say the least of it, very bad form, and quite spoils the play from a spectator's point of view. The difference between a first-class game at home and a game like that of Sunday last, with all its noise and confusion, is very marked, and I hope the players here will try and improve in this respect.

Secondly, the tackling of both sets of forwards, with one or two notable exceptions, was very weak nearly all going for their men high. I have tried to point out the utter absurdity of these tactics more than once. No experienced or first class player would allow himself to be tackled round the neck, and yet last Sunday I noticed man after man trying to collar his man high. Let the forwards keep on going for their men low, even if they do miss occasionally, for they stand a far better chance of at all events baulking their man than they would do jumping at his neck.

The first half was very evenly contested, as I have said, and the Flores men deserve great praise for the way they stuck to their work and kept their heavier opponents going every second of the first thirty-five minutes. Unfortunately the first half took too much out of them and their opponents got the ball whenever they liked in the second half.

Next Sunday the losers play the Buenos Aires F. C. who, if rumour is correct, will not be up to their full-strength, so we may see a closer game than I at one time anticipated. I shall hope to see more and better tackling, and to hear less talking both in and out of the scrummages.

GOLF.

HURLINGHAM—SECOND MONTHLY MEETING.

Fourteen members turned out for the monthly handicap on the 11th inst., and the best of a lot of very poor cards was handed in by Mr F. Henderson, 52 + 52 = 104 - 8 = 96. There was no apparent reason for the high scoring as there was no wind, and with one or two exceptions the greens played fairly true.

The following returned cards:—

	First Round.	Second Round.	Gross.	Handicap.	Nett.
F. Henderson	52	52	104	-8	96
F. D. Robertson	53	58	111	-12	99
M. G. Fortune	50	53	103	scr.	103
F. J. Coombs	56	55	111	-8	103
A. G. Gumpert	58	54	112	-9	103
W. Higgins	49	51	100	+4	104
R. A. Sumner	53	55	108	-4	104
J. Grant Dalton	61	51	112	-6	106
V. G. G. Scroggie	52	54	106	+1	107
J. P. Clarke	58	57	115	-8	107
R. Paton	55	55	110	scr.	110
C. Hope	63	67	130	-12	118

In the afternoon the following foursomes were reported to us:—Messrs Higgins and Boadle beat Messrs Gumpert and Dickinson, seven up and six to play.

Messrs Coombs and Robertson just managed to beat Messrs Paton and Mackinnon by one hole. The latter showed great form for a beginner, and we hope to see him playing regularly in future.

Messrs Dalton and Fortune beat Messrs J. P. Clarke and Sumner by seven up and six to play, the latter, however, halving the bye.

B. A. GOLF CLUB, v. LOMAS A. C.

This match was played last Sunday at Rivadavia and resulted in a victory for the home team by twenty-two holes and five matches. The links were in good order and the play all-round was well up to the average. The following are the details of the score:—

Singles.			
Lomas.	B. A.		
D. Leighton	0	H. Smith	3
R. Smiles	3	W. Higgins	0
M. L. Runciman	4	H. Dickinson	0
C. Alexander	0	A. Williamson	4
A. Mohr Bell	0	R. Paton	3
W. Flint	0	M. G. Fortune	3
C. C. Alexander	0	W. Miller	7
P. L. G. Bridger	0	R. A. Sumner	4
T. S. Boadle	4	L. Walker	0
F. Henderson	0	Dr. Petty	6

 Sun. 27—Lomas v. Hurlingham, at Hurlingham.

SEPTEMBER.

Fri. 8—Lomas and Flores v. Buenos Aires and Hurlingham, at Hurlingham.
 Sept. 8—Mixed Foursomes, at Flores.

A correspondent writing from Windermere to "The Shooting Times" records the following singular incident:—

"In driving to number two in the second round one of the members fozzled his ball, which landed him in difficulties, and going for his second stroke found his ball lying immediately behind a bird's nest in which were three eggs. To play the stroke meant destruction to the nest and its contents, so with a tender consideration he played his ball to the side, which landed him in farther trouble, the nest and eggs ultimately cost him five. By an extraordinary coincidence the same player, on driving up the 'Long Valley' to the fourth hole, pulled his ball, and on going for his second found it again lying close to a bird's nest which contained three eggs, and to save that nest and its contents cost him two."

P O L O .

THE CHAMPIONSHIP TOURNAMENT.

Since our last issue, the Hurlingham Racing Committee have postponed the race meeting advertised for the 24th, to Thursday the 29th, so that the tournament will now commence at Hurlingham on Saturday next, the 24th. Six teams only have entered, and three of these are from Hurlingham itself, so there will be two byes.

The competing teams are composed as follows:—

Media Luna	Hurlingham A
1. F. H. Leared	1. F. J. Balfour
2. R. Leared	2. J. Ravenscroft
3. J. R. Kirkham	3. T. S. Robson
C. J. Tetley (back)	H. S. Robson (back)
Hurlingham B	Hurlingham C
1. H. Schwind	1. F. Daniell
2. P. Sidebottom	2. A. S. Willes
3. R. W. Anderson	3. R. S. Moncrieff
J. M. Mullaly (back)	W. J. Grant (back)
San Carlos	La Langosta
1. R. D. Traill	1.
2. Roque Fredes	2. Names of the players
3. E. Wood	3. not yet to hand
Baron Peers (back)	

The draw will be made this morning in this office at twelve o'clock, when anyone interested is invited to be presented.

The first round will be played on Saturday the 24th, when two matches will be played, the first at 11 o'clock in the morning, and the second at 2.30 in the afternoon, and players are requested to be on the ground sharp to time.

On Monday the winners of the first round will play the teams that draw byes, and the final will be played on Wednesday afternoon.

The handicap tournament will be played on Sunday, Tuesday, and the final on Thursday morning or Friday afternoon.

Any alteration in the above arrangements and the day's programme will be published in "The Standard" each morning.

HURLINGHAM.

There was an unusually good muster of players on Sunday no less than eleven men turning up ready for the fray. The ball was opened by a meeting of the first and second teams during which we were treated to a considerably better exhibition of polo than it has been our lot to witness at Hurlingham of late. The teams were.—

First.—

1. F. J. Balfour,
 2. J. Ravenscroft.
 3. T. S. Robson.
 H. S. Robson (back).

Second.—

1. H. Schwind.
 2. R. P. Sidebottom.
 3. J. Mullaly.
 R. W. Anderson (back).

From the start the senior team attacked strongly, but though they had a variety of what appeared easy shots at goal, it was not until five minutes had been played that Ravenscroft scored the first goal. Up to this point there had been a good deal of harum-scarum riding, crosses and off-sides being much too frequent, the No. 1 team being the principal offenders. On the ball being thrown in again H. Robson scored almost immediately, this was followed by a brilliant run by Mullaly from which Schwind hit the first goal for his side. There was now plenty of hard galloping, hard hitting, and just on time Mullaly equalised the score.

The second chucker was remarkable for hard though undoubtedly wild galloping on the part of almost all the players, off-sides and crosses again being much too frequently seen. About the middle of this chucker the senior team settled down in front of their opponents' goal, but although each individual member of the team had shots, none were successful, and time was called with the score as before 2 all.

The second team now played "The Rest" who were represented by

1. Willes, 2. Balfour, 3. Woodhouse, and 4. Moncrieff.

After a good deal of sticky play in the middle of the field "The Rest" attacked strongly, Balfour and Woodhouse each having shots at goal and then Willes scored. After the throw-in "The Rest" continued to press their opponents but although Moncrieff and Woodhouse both tried their little best no further score was made. One goal to love in favor of "The Rest." In the fourth chucker the above sides met again, and as before the ball stuck in the centre of the field for some time. Schwind then took possession and by a good run up the ground enabled Sidebottom to score. From the throw-in the last mentioned player followed up his success by what was almost brilliant play and scored a second goal. Immediately after Mullaly hit a good goal for his side, some of the players appearing to think that the ball had gone out of play at the pavilion, as a matter of fact it was stopped about an inch on the right side of the line. Sidebottom continued to play in real good form, but no further goals were scored, these two chucks ending in favor of the second team by three goals to one.

In the fifth chucker the first team played:—

1. Willes' 2. Anderson, 3. Woodhouse, and 4. Moncrieff.

One minute from the start Tom Robson hit a good goal, immediately afterwards just missing scoring again. The first team continued to press, but five minutes elapsed before Ravenscroft notched the second goal. Balfour then had two rather good shots, though both were unsuccessful and Anderson relieved the pressure, taking the ball right up the ground without, however, scoring, and time was called with the score two goals to love in favor of the seniors.

The same sides met in the sixth chucker, with the difference that Schwind took Anderson's place. No sooner had the ball been thrown in than Willes cleared out with it, leaving an easy shot for Schwind to score from. Tom Robson retaliated without loss of time. Ravenscroft now put in some very pretty work just failing to score, but after a good deal of galloping he tried again this time not in vain, and with a good shot scored the second goal for his side and the last of the chucker, the score being left 4 to 1 in favour of the first team. During the first-half of this ten H. Robson was out of the game, being engaged in changing his pony.

The first and second teams now met once more, and the game was commenced by a brilliant hit by T. Robson, Anderson was, however, all there and saved his goal by a very well judged shot, nevertheless Robson was not to be denied and scored almost immediately after. The first team pressed hard from this onwards, and had numerous shots at goal, but Anderson played a very sure game and saved repeatedly, H. Robson just managing to score before time was called, score two to love in favour of no 1 team.

The 8th chucker began rather stickily but after two minutes play Balfour scored. The first team pressed continuously, undoubtedly having the upper hand all through this chucker. We were inclined to think that some of the second team ponies were tired, and for the matter of that some of the men too. We heard one member of the junior team give as his reason for not riding his man that he was "resting"! A minute after the first goal was scored, Ravenscroft put the ball between the posts, and immediately after scored again, this time somewhat luckily, the ball cannoning off the post. Tom Robson just missed scoring from

what would have been a very good shot, then Balfour, who was playing in something like his old form, scored a very pretty goal, following it up by another, leaving the score at the call of time seven goals to love in favour of the senior team.

A ninth chucker was played in which the first team met 1. Moncrieff, 2. Schwind, 3. Sidebottom, and 4. Mullaly.

Soon after starting Sidebottom hit a goal for his side, then the first team settled down to attack their opponents stronghold, and after several attempts had been made by various members of his team H. Robson hit a good goal. This was followed by a lot of promiscuous galloping and by repeated shots at goal by the senior team, but it was not until the end of the chucker that Ravenscroft managed to score from a rather pretty shot. This, the last chucker, was notable for the lack of combination in either team.

WESTERN POLO CLUB.

On Sunday the 18th inst. we had the pleasure of seeing a game played on the ground of this club at the estancia El Mirador, where in the absence of the owner Mr Woodroffe, the players and guests were right royally welcomed by the acting Hon. Sec. Mr W. B. Fitz Hugh.

The ground was in capital order and the players well mounted, although it struck us that the ponies were too small to be able to hold their own at Hurlingham for instance.

The presence of Mrs Oylar and Miss Enright, who are making a round of visits in the neighbourhood, and of Miss Ivens and the Misses Campbell doubtless had its natural effect on the players, as even the keenest players are the better for a gallery.

The sides were:—

<p>Ins.—</p> <p>1. Hale.</p> <p>2. Clemensha.</p> <p>3. Wells.</p> <p>W. Fitz Hugh (back)</p>	<p>Outs.—</p> <p>1. Deras.</p> <p>2. Hawes.</p> <p>3. Gomez.</p> <p>V. Fitz Hugh (back)</p>
---	---

Right away at the beginning V. Fitz Hugh, in trying to save by hitting behind, unfortunately scored a goal for the Ins. Shortly afterwards W. Fitz Hugh scored, but the players and ponies were cold and the play was sticky with a good deal of missing and standing over the ball.

During the second chucker the ball began to travel a bit faster, but the Ins had the best of the game, keeping the ball well in their opponents end of the ground, where the Outs saved themselves more than once by hitting behind.

The third chucker was commenced with more dash, the Outs playing up well and nearly scoring, but the opposing back saved his side with a fine back-hander, just as the ball was on the verge of passing through. Score still 2 to 0.

In the fourth chucker the Ins improved their score after a good run by W. Fitz Hugh, and during this ten minutes the ball was kept travelling up and down the field at a great pace.

In the next chucker the Outs seemed to lose heart a bit and two goals were added to the opposing score, one by Hale and the other by W. Fitz Hugh. When play commenced again, however, the Outs had much the better of the game, and although only scoring once, should have added more points to their score, had advantage been taken of their opportunities.

The game ended with the score five goals to one in favour of the Ins. For the winners W. Fitz Hugh played polo and Hale played up, but Wells was suffering from a hurt wrist and Clemensha is only a promising beginner. For the Outs Gomez played well, although often off side, but they lacked combination and a back with a command of strong language to keep them in their places.

SAN CARLOS.

The following teams had a practice game at San Carlos on Sunday 11th:—

<p>1. Peon (a)</p> <p>2. Peon (b)</p> <p>3. Mr R. G. Duncan Traill</p> <p>Roque Fredes (back)</p>	<p>1. Baron Dornes</p> <p>2. Peon (A)</p> <p>3. Peon (B)</p> <p>Baron Peers (back)</p>
---	--

In the first quarter, Mr Duncan-Traill scored two goals, which score was unaltered until the third quarter, when Baron Peers' side scored one.

In the fourth chucker, Peon (a) put another point on, but the Baron hit a goal soon after, and Peon (A) following his example the score stood at three all.

In the fifth quarter, Peon (B) added another point, which Mr Duncan-Traill equalised, so that at the commencement of the sixth quarter the scores were level. However, Mr Duncan-Traill scored again, which was not improved upon by either side.

The ground was good and the game fast, but owing to a multitude of beginners, there was a good deal of crossing. Score, 5 to 4 in favour of Fredes' side.

BELL VILLE P.C. v. SOUTH BELL VILLE P.C.

On Sunday, 11th inst., the Bell Ville P.C. played their return match with the South Bell Ville, at La Barrancosa, where Mr A. Penfold, with his usual hospitality, provided the best of entertainment for man and beast.

The match resulted in a win for the Bell Ville by five goals to nil, a score, however, which by no means represents the game, which was fast and well contested throughout; the South B.V. frequently pressing their opponents hotly, but being unfortunate in their endeavours to score. Their team was somewhat disorganised by the absence of one of their usual players, and Bell Ville also played a substitute (R. Pinnell) this being his first appearance on the polo field. Teams:—

<p>Bell Ville</p> <p>1. R. Pinnell</p> <p>2. T. Ramadge</p> <p>3. J. H. Lawrence</p> <p>A. D. Murray (back)</p> <p>Mr Hume acted as umpire.</p>	<p>South B.V.P.C.</p> <p>1. A. Penfold</p> <p>2. W. Roofor</p> <p>3. L. Land</p> <p>J. C. M. Pinnell (back)</p>
---	---

HUNTING.

On Sunday 11th the San Carlos Drag Hounds had a fast run over the same line as they went when Messrs. Farber, Balfour, and Still were up in March. The going was good and hounds went at a tremendous pace. All went well until jumping into a small Quinta at the back of the town where Baron Dornes had an easy fall and was soon in the saddle again. On laying on hounds after the half way time we crossed through Mr. Stuycks place jumping in and out of the callejon at the back of the house. At the jump out of his pasto fuerte potrero Mr. Duncan Traill's horse ran into the hurdle, giving him a nasty fall, as the horse came down on top of him, but it turned out to be nothing more than a bad shaking and a broken nose (for the third time this season) and he was soon up and going. Mr. Chapon had a narrow escape at the next jump as his horse ran outside the lienzo but fortunately cleared the wire. Hounds ran well, but were awfully wild owing to not having been out for some time, they were laid on a little too soon after the drag which perhaps helped to make them so, but the pace was simply tremendous. Amongst those out we noticed Baron Peers, Mr. R. G. Duncan-Traill, Baron Dornes, Mr. Chapon, Mr. Herrera, etc.

HURLINGHAM JUNE 18th.

When you are mounted on a real good horse, then given an excellent lunch, and afterwards asked to do your host a favour, it is impossible to refuse. This happened to me last Sunday at Hurlingham, and the favour was to write a description of the run with the draghounds on that day. "Don't praise everything as if it were your duty to do so, but let us see ourselves as others see us" were my instructions—so here goes.

The meet was at the club itself, where over twenty people on horse-back assembled. The hounds were immediately taken down to where they were laid on, a trot of a mile or so in the direction away from Buenos Aires. We crossed a small river, and on mounting the hill on the other side entered the field up which the run commenced. Hounds were not long in settling down to their work, and ran very fast for the first mile or two. It was sometime before we met a fence, and when we did I was glad to find it was not altogether wire, but consisted of a hurdle placed against the "alambrado," after the top strand had either been taken down or lowered. After jumping this we turned sharp to our left, jumped another hurdle placed in a gateway leading into a road, then turned sharp to our right and had a long gallop up this said road till we saw the hounds turn left-handed and again get on the grass. The fence we had to cross next was a very nice one, and required jumping, as the hurdle had a ditch on the take-off side. We galloped over some rough ground for half-a-mile or so jumped a fourth hurdle, placed in another gateway, and then had a bit of heavy going down to the river. Turning again left-handed we met a fifth hurdle, the take off and landing to which were rather sticky, and then for the first time saw the hounds at fault. This, I believe, was because the drag-man had had to wait here before he saw the hounds laid on as he was dangerously near to where he had started from. A light coloured bitch set them right, however, and it was good to hear some of the others speak to it as they picked up the scent. After jumping into the road near where we had commenced hounds were stopped for a breather. Here we were joined by the road contingent, who must have seen most of the fun as we had run a complete circle.

Hounds were now taken down the road, across the river and laid on what we should describe as a common. They hunted

up to the mouth of a lane, a good deal to the left of where the necessary hurdle had been placed in the fence, and casting themselves forward ran what I was told was "heel" till they were stopped. This rather spoilt the second part of the run, as it was some minutes before the pack could be brought back, we also lost a nice gallop round by the river.

It was not at all the hounds' fault, I am told, but was caused by the drag-man having gone too much to the left and then turning too sharply when he found out his mistake. Another half mile saw the finish, which was within a few hundred yards of the Club grounds. I can only say that the members of Hurlingham are lucky in being able to have a pack of hounds to follow in a country like this, where at first glance a gallop across country looks an absolute impossibility. All sorts and conditions of horses were out, some men there were who evidently recognize that there is nothing like the feel of a well bred horse under one, others were content with rough little ponies, and it was wonderful to see how some of these latter jumped, though riding them over a fence, even though it were a low hurdle, could not have been in some cases altogether a pleasure. The hounds are a useful looking lot of pure foxhounds, fairly level both in pace and size, and, considering that they have only lately been imported, looking very well and fit. They cast themselves very nicely before the check, and when they ran "heel" after being laid on again they showed they have plenty of drive, so necessary a quality in draghounds, which are useless when they potter about on a scent and are not keen to get forward.

That I may soon have another gallop after the Hurlingham hounds is at present the only wish of
 HUC HOLLOA.

CRICKET.

We give below the full scores and analysis of the match between the Australian and An England Eleven, played at Eastbourne on May 18th and following days:—

ROUND THE TOWN.

Frank Brown with his new company is doing an excellent business at the San Martin which is crowded every evening. The company is as we have already said a very good one, and some of the turns are excellent, amusing and clever, but we would wish in a very friendly spirit to give Frank a warning. There used to be a popular song which was sung in a burlesque here, which had the refrain of "That's funny without being vulgar" and it is just on this little point which we wish to speak to the circus company. Some of the turns are very funny but they are, at least in one or two cases, just spoilt by a touch or two of vulgarity which could easily be dispensed with without in any way lessening the humour or comicality of the performance. The genial Frank himself does not transgress in this way, but this is hardly enough, he should make sure that none of his people transgress for nothing is gained by even slight vulgarity while much is often lost. A word to the wise.

Last week we mentioned the French Opera Company at the Victoria and at the risk of wearying our readers we must again put in a paragraph concerning them. "La Poupee" as acted and sung at the Victoria is really quite a treat to sit out, the singing is good, the acting, especially of the actress who plays the doll, is excellent and all round the company is one of the best which has ever come here. Another point which this company is better in than many of its predecessors is the mounting of their operas, all of which are good, and in this "La Poupee" does not fall behind the mark. Even with the slightly advanced prices for this opera the charge is not excessive and an evening at the Victoria with the doll and its master is well spent. Another word to the wise.

We have received several publications this week which it is our pleasing duty to acknowledge in due form. The first of these is a copy of the Directory issued by that old established firm Messrs Juan Grant and Sons of Calle Cangallo. That it is a vast improvement on its predecessor we can honestly say and further that it is a very useful publication, in many ways. The addresses of the British and American residents is of course a valuable part of the book, while the Customs Tariff has now assumed a shape and form which makes it easy to find what one requires, instead of looking for a needle in a bottle of hay as it was with the first issue. Another not less valuable part of the book is the well compiled list of the various clubs of the Republic with their officers for the year, their addresses etc., a help which we especially value. The essays and the general information are useful and taken all round the publication is one which the firm have every reason to congratulate themselves on and we look to see the Grants Guide becoming a kind of Whittaker of the River Plate.

The second publication which we have to acknowledge is a copy of "The London Letter" received from Mr Jacobsen of Florida. The "London Letter" is a smartly written journal and appeals more especially to the Britons abroad and in the colonies, etc., of the Mother Country. In addition to a life sketch of "Greater Britons" it contains many bright little articles and snappy paragraphs and should be well worth subscribing to.

The third publication is a copy of "The Uruguay Weekly News" of which the first number was published on Sunday June 11th. The Uruguay Weekly News comes to take the place of the late Uruguay News and will be conducted much on the same lines. It is edited solely by the proprietor—this is about the only way in which a small paper can be made to pay on this side—Mr Henry C. Ayre who was one of the founders of the Uruguay News. The first number is a chatty one and promises well, the local news being eked out by judicious excerpts from other sources. From the first number we note in a criticism of "Alone" the comedy given by the Entertainment Society that the

printer is also occasionally up to his little vagaries in staid Montevideo, for there is a somewhat comic mix up between a notice of the wedding of Mr Henry C. Lichtenberger and Miss Pilar with the before mentioned criticism of the comedy. We wish our new contemporary every success in the present as well as the future.

The Kiddies' Ball or rather the Children's Dance will take place at Prince George's Hall on Saturday next from four to nine of the clock when some hundreds of youngsters assisted by a sprinkling of bigsters will all have a good time, the grown-ups no less than the little 'uns. The ball is now a regular fixture and the success of the past will no doubt be repeated on Saturday afternoon. At the same time it seems almost a pity that the membership or subscribers list is limited as it would be better to have a larger number of subscribers with fewer tickets each than only a dozen or so with about thirty pasteboards to dispose of. This would distribute the children more equally and give them a better chance of having someone of their own to look after them than when they just go in with the ruck. No doubt, however, that the Committee has given this subject more careful consideration than we have and have done the best but we merely remark on what strikes us without any wish to alter the existing state of affairs or be cheeky to anyone.

Why does not the Tramway Company which runs its cars to and from the Plaza Mayo and the Retiro reduce its fare and try what a five cent one would do in the way of attracting passengers? At present the electric car has taken all the passengers as it is quicker at the same price as the horse but perhaps if the horse cars lowered its price it might attract more custom than it gets at present. A saving of ten cents a day is from two fifty to four dollars per month according to the use made of the cars and in these hard times every dollar tells. As it stands at present the fare of ten cents from the Plaza to the Retiro is when compared with other fares simply a robbery and the cars deserve the poor traffic they secure.

Last evening the Boys Orphanage Concert took place at the Operai Italiani when an excellent programme was set before a brilliant audience, those responsible for the sale of the tickets having worked very hard to get a full house and a consequent large return for the deserving charity. The lateness of the hour prevents us from more than noticing this event but as we were once an orphan, a fellow feeling makes us wondrous kind, and we wish the institution every success and a large financial benefit from the kindly efforts of those who helped in the concert.

The St Andrew's Society will hold its Golf Tournament on Saturday—which thanks be, is a holiday—at Rivadavia Links when two or three handsome prizes will be played for. The St. Andrew Society is composed of all the good Scotsmen of the Plate and as all good Scotsmen are good golfers, there should be some good play. Competitors are requested to take notice—that is Scotch—that no player will be allowed to start his rounds after 12 o'clock on the day of the competition, a good rule which will we hope be carefully observed and carried out. The idea that Scotsmen are dour is strongly combated by this same Society of St. Andrew's for in addition to its ordinary meetings when good fellowship prevails, it has each season its Social evening, its dinner, its concert and its golf competition, all helping the cheerful side of life and inducing to better comradeship, while its benevolent society has done quiet but useful work for many a long day. Sandy is a quiet man but he gets his little fun out of this life and more power to his elbow for the same.

The Race Meeting at Hurlingham which was originally advertised for the 24th inst has been postponed to the 29th of this month, as it was found that the Children's Ball would take away many of the regular attendants at these events.

What's in a name after all? At a Southwark inquest last week the coroner's officer, in calling over the names of the jury, discovered that in one instance the surname only was on the papers, and the juror was asked for his full name. He gave it—Simeon Hezekiah Jacob Isaac Noah Abraham Zimmerman. He explained that his father was the seventh son and had therefore given him and his brothers seven names each. It reminds us of the little boy who was asked at Sunday school, "What is your name?" "Nebuchadnezzar Ishmael Jones." Who gave you that name?" blandly continued the curate in charge of the class, "Dunno, sir," replied the boy with the battle gleam in his eye, "but if ever I find aht Lawd 'elp 'im."

THE FEEDING OF DOGS.

Many opinions prevail on the subject of horse-flesh as food for dogs; its qualities being as strenuously supported by some as they are condemned by others.

The proper mode of considering the matter is to regard it as a strong and actively nutritious food, very fit for dogs who undergo great exercise; to such it never proves hurtful; but where it is given to those who have little exercise, it may prove too nutritious, and may probably produce a foul stinking coat and itching skin.

Much diversity of opinion prevails also as to whether it is better to be given raw or dressed. In a state of nature, it is evident that dogs live entirely on raw food and principally on flesh; and there is no doubt that this best fits them for very active exercise, and endues them with the most vigour and durability. The raw flesh of animals appears particularly to increase the courage and ferocity; and where these qualities are requisite, this mode of feeding will undoubtedly tend thereto, and therefore is the best food for hounds; and of the varieties of flesh, that of the horse is best; and it may therefore be considered as proper for sporting dogs greyhounds, foxhounds and harriers, in the height of the season of their employ: for pointers, setters, and spaniels, in very hard and constant work, it is equally good; but with moderate work, mixed food will be found preferable, obedience and sagacity being here more wanted than ferocity. When therefore, raw meat, as horse-flesh, can be procured sweet and fresh, it not only increases the animal ardour but it will go the farthest of any in point of economy, by nourishing most.

When it is at all putrid, dressing considerably restores it; although we have not observed any ill effects follow its being eaten in a putrid state.

Carrots, parsneps, cabbages, and, indeed all vegetable matter, will feed dogs sufficiently well for the purposes of existence; and if either milk or good pot-liquor be added, they will form a nutritious diet. It is, however, prudent here to introduce one very necessary caution, which is—that the broth or liquor in which salted meat has been boiled should never be used for this purpose.

Most dogs who have been confined on ship-board during a long voyage contract an obstinate species of mange, wholly owing to their being fed on salt pot-liquor. This is not sufficiently attended to among sportsmen; and their servants are very apt to give the liquor in which salt pork and bacon have been boiled, with other brine, to the great injury of the animals.

Greaves, or the refuse of the matter from which tallow has been pressed, is with many persons a favourite food, because it is a convenient one; and, when mixed with a sufficient quantity of vegetable matter, it makes a hearty meal for large dogs, or such as live without doors, and are subjected to much exercise. We should, however, never make use of greaves ourselves, when any of the before mentioned articles could be procured. The inhabitants of cities and great towns often find it extremely inconvenient to find food for large dogs, particularly when there are many to feed.

The following plan is peculiarly adopted for such situations; and, by this means a wholesome, nutritious, and cheap food may be conveniently obtained. It consists of the tripe or paunches of sheep, which thoroughly cleaned, are to be boiled half-an-hour, or forty minutes, in a moderate quantity.

When taken from the water, they should be hung up to cool, and the boiling liquor they came out of should be poured on bread raspings: those of French bread being the best.

The quantity of raspings should be so regulated, that, when soaked and cold, the mess may be of the consistence of an ordinary pudding before boiling.

The paunches being also cold, but not before, should be cut into small pieces, and mixed with the soaked raspings: when raspings cannot be procured, meal or biscuit may be substituted. The mixture, it is evident, may be made to contain more or less animal matter, by increasing or lessening the proportion of paunch, or other kinds of meat may be substituted; but we are disposed to think that tripe is at once nutritious and innocent, and tends little to make a dog foul and gross. When likewise it is intended or wished to make the mixture more enticing, the offal or intestines of chickens and other fowl may be obtained from the poulterer's, and boiled with the tripe. Of all substances in general use, except horse-flesh, the entrails of chickens is that most eagerly sought after by dogs; and it is one that fattens them faster than any other. For the convenience of persons resident in London, it may be mentioned, that the vendors of ready dressed sheep heads sell the trimmings as dog's food, and they form an excellent one.

Sportsmen in the country who are averse to flesh-feeding, or cannot always procure it, use various articles for the purpose: it is likewise very often, in retired situations a difficult matter to find proper substances for this purpose. In some ken-

nels a mixture of meal and milk is used, and dogs will thrive on it during the season they do not hunt; but when they are strongly exercised and hunt several days in the week, this food is not sufficiently nutritious. All the meals of wheat, barley, oats, and rye, are used for dog-food; but it is no difficult matter at once to decid, that wheat-meal when it can be procured, is to be preferred; for it is much less likely to produce mange and a heated skin than the others. Biscuits are in very common use. the damaged sea-biscuit is often employed, but of late various specially prepared biscuits have taken the lead with many sportsmen, and are good, being known to be a compound of the different meals

Barleymeal and oatmeal are very commonly used, and either is sufficiently nutritious when mixed with milk or broth; but they have certainly some tendency to produce a red itching skin when constantly used; for which reason a portion of potatoes should be mixed with them. Potatoes even without meal will be found to form a good food for dogs which are not wanted for very active exertion; they are cooling and, when mixed with milk or buttermilk, are sufficiently nutritious for all common purposes, and form in this way an economical and wholesome food. If they are not relished alone, a small proportion of greaves or other fatty matter, may be added, which will make them palatable. When circumstances render it absolutely necessary to feed principally either on barley or oatmeal, the heating effects may be also greatly obviated by mixing it with buttermilk. In all cases likewise of eruptive affection, as mange, canker etc: buttermilk will be found to possess something of a curative as well as preventive quality.

(To be continued).

MASONIC INTELLIGENCE.

The Lodge of St. John's will hold its annual banquet at the Hotel "Las Delicias," Adrogué, on Saturday, June 24th, at 7.15 p.m.
