We are now prepared to purchase "novillos" & "caponos" at current rates. To neutralise the effect of the heavy fall in gold we will make special terms with owners to ship their live stock either on joint account or on commission, making liberal advances against same.

Arrangements can also be made subject to the amount advanced to indemnify the owner against any claim after the animals are sold, in the event of them meeting bad markets and realising low prices.

All particulars can be had on application.

## ESTANCIA AND COLONY.

The sale is reported of a league of camp in the partido of General Lamadrid, for \$85,000.00 m/n, the parties to the contract being Messrs. Charles F. Goad seller and Senor Juan Mazini purchaser.

Estancieros in the west and south-west of the province, are experiencing heavy losses in the flocks from "lombriz," in some places we hear that whole flocks have been annihilated by the disease. We fear that the losses from this in sheep will be considerable over the greater part of the south and south-west of the province on account of the excessive rain-fall and the consequent superabundance of slushy rank grasses. As a general rule we have noticed that a wet mild winter, means a bad sheep year, and from the look of things the coming season will be no exception.

Scab is also causing a lot of trouble, as not only does the mild moist weather help the disease to spread but, it is impossible to cure properly, with "corrales" under water, and if one dips a flock the odds are that the effects will be counteracted by a heavy shower of rain.

There is an active demand for steers of export quality to fatten, and good prices are the order of the day. If the scarcity of three year old steers to fatten is anything to go on, invernadores who have export animals ready by the end of the year should be able to command good prices.

The s.s. "Lombardy" has brought out the following Live Stock:—

Consigned to señor Angel T. de A'Vear, one Durham bull. To Messrs. P. & G. Hughes, six Durham bulls, one Durham cow, and one calf.

To Mr. T. D. Robertson, five Durham bulls.

Mr. C. Anderson of Concordia, Entre Rios, has sold 3,000 head of cattle "al corte" at \$7.50 gold.

Messrs. Bossio and Camuyrano, have purchased from Messrs. Brié and Sausot, 800 capones for export at \$3.00 gold deliverable on waggons at Azul.

Wool buyers are busy all over the country, buying up any fine parcels that are to be had, the prices ranging from \$6.50 on the estancias.

For coarse wools there is absolutely no demand at present. In the Central market a parcel of 150,000 kilos of coarse wool of the last clip, was sold at something under \$6.00, but we have been unable to get at the actual price.

As a natural consequence to the great demand for fine wools, there is a good demand for Rambouillet sheep, and a corresponding fall in the value of Lincolns.

Let not the breeders of Lincolns, however be dismayed as the turn of the coarse wools must come round again, and even with wool at \$5.00 or \$4.50, the Lincoln is still well in it. Moreover it should be borne in mind that the Rambouillet will not thrive on many of our southern camps. We do not hold with those breeders who on account of the temporary depression in prices of coarse wools, are undoing the labour of years by crossing back with the Rambouillet.

Señor Francisco Nocetti has sold from his estancia in Santa Fé, 1,500 cows "al corte" at \$19.50 each. The buyer is señor Carlos Gonzalez Delgado.

Messrs. P. and G. Hughes, have sold from their "invernada" in Navarro, 100 export novillos, corn fed, at \$40.00 gold each. Buyers Messrs. Parker and Fraser.

The señora Mercedes C. de Anchorena has rented the estancia "San Martin" her property in Tandil, at \$8,000 per league per annum. The camp which is fenced, and divided into potreros, is three square leagues in extent.

Señor Casimiro Gomez, the well-known estanciero of the south of Cordoba, has sold from his Washington estancia, 1,000 fat cows and 500 fat steers, to Messrs. Sastre, Premoli, and Alvarado. The price is kept in reserve.

Last week Messrs A. Bullrich and Co. sold at auction the following racing stock:—

1 mare, Alliance, \$2,300; 1 mare, \$1,600; 1 mare, Montague, \$650; 1 mare, Lovely, \$1,500; 1 mare, Boukourmme, \$1,000; 1 mare, Mirabelle, \$600.

Buyers Messrs Agustin Zemborain, José Soler, Mathiason, Castello, and Legris.

The sale is reported of 8,000 Rambouillet capones from an estancia in the north of the Province, at \$6.50 each. The animals which are bought for freezing have to give an average weight of 60 kilos.

Messrs Funes Lastra and Co. have sold to Messrs Parker and Fraser, 100 export steers at \$36 gold placed in the embarcaderos.

The same export firm have purchased from Messrs Bernamiche and Arrieta of Marcos Paz, 450 export steers at \$92 paper each.

Last week Messrs A. Bullrich and Co. sold at auction the two imported French bulls, Ruy Blas Walnut and Lovely for \$1,600 and \$1,500 respectively, the purchasers being Messrs Castello and Legris.

An important business in live stock is the sale by Messrs Fihista and Menta, invernadores of Ezeiza, F.C.S., to the Las Palmas Produce Company of 800 steers for freezing and export, the prices paid being \$38 gold for the export animals and \$35 gold for those destined for freezing.

The mention of freezing companies, reminds us that at present these companies are actually paying better prices for capones than the exporters of the live animals do, whilst for novillos they are running the exporters very close in the prices.

Another business in novillos for freezing is the purchase by the Sansinena Co. of 112 novillos at \$34 gold, from Messrs J. Olde and Son, whilst the same Company has purchased from Sr Leonardo Pereyra from his estancia San Juan in Quilmes 300 novillos at reserve price supposed to be \$50 gold.

On Thursday last Messrs A. Bullrich and Co. sold at auction the following imported Rambouillet rams:—

Rams	Buyer
1 from the Cabafia Ranzin	\$1000 W. Bertram
1 " " "	1000 J. L. Ocampo
1 " " "	1100 Lucio Ballester
1 " " Baselitz	950 Roman Otamendi
1 " " "	750 Alberto Bracht
1 " " Narkan	2000 S. B. Hall and Co.
1 " " "	3200 S. B. Hall and Co.
1 " " "	500 Chimondegui
1 " " Ottorowo	850 L. Pereyra
1 " " Dromsdorff	550 R. Otamendi
1 " " "	550 Chimondegui
1 " " Ramsdorff	900 W. Bertram
1 " " "	800 Alfonsin
1 " " "	1050 L. Ballester

Total of the sale \$15,200, average \$1,085.70.

Sr José Maria Altolaguirre has sold from his estancia in the partido of Arenales, 50 pure Durham cows at \$100 each to Sr Jurado of Tandil.

Messrs Funes Lagos and Co. sold on Friday last three Durham bulls imported by Messrs Soiza and Smith, the Pittvie Bull Chamberlain bred by Mr Robert Taylor making \$3,350 or say £315. The other two bulls sold made \$1,700 and 1,300 respectively. The Lincoln rams, the property of the same importers, offered, were not sold.

Sr Pedro Apathé of Chascomus has sold to Sr Manuel Antonio Arrotea 750 novillos of export quality, two and half years and up, for iuvernada at \$45 each.

On Saturday the 29th July, Messrs Collet and Llambi sold at auction, by order of the judge, the estancia in the partido of Arrecifes, known as La Merced de Urioste. The estancia is situate some 20 squares from Capitan Sarmiento, station on the Central Argentine Railway and surrounded by the properties of Messrs Ramon Urioste, M. R. de Maldonado, M. Gonzalez, Juan Duggan and Balbura Ramos de Urioste, comprises some 2075 hectareas and was sold for \$85 the hectarea or a total of \$176,450. Buyer Mr John Duggan.

It is reported that the Las Palmas freezing Co. has paid as high as \$8.60 for capones, for freezing. This is equivalent to \$4.00 gold, and at least 50 gold cents better than the best price for export capones.

Messrs P. and G. Hughes, have at present on show at Messrs Funes, Lagos and Co's. mart, and to be sold at auction on the 16th inst. a lot of 10 imported bulls, 9 Durhams and 1 Hereford. The bulls taken all round are perhaps the best lot ever offered for sale here, and we recommend, estancieros to drop in and inspect the bunch.

We take the following notes from the "Live Stock Journal":—  
The trade in pedigree Hereford cattle has been exceptionally quiet for several weeks, and now, after the "Royal," is just making a stir. The first purchase of any note for exportation is from the herd of Mr Allen E. Hughes, of Wintercott, near Leominster. It is the two-year-old prize-winning bull Nonpareil 19614, which has been bought by Mr R. Chatterton, Stenigot, Lincoln, for shipment to South America, where it is believed he will continue his showyard career. Nonpareil is a very big bull for his age with great back and thighs, wide in the chine, and shaped from end to end like a brick, possessing a capital head, and being full of quality. He boasts of not fewer than five or six "Royal" winners in his genealogy. Nonpareil was first last year at the Shropshire, Ludlow, Leominster, and Newport, and this year first at Dxeter and champion at Stourbridge. The Queen's two-year-old Windsor-bred Hereford bull Dictator, first at the last Royal Show, has been purchased by Mr D. MacLennan for exportation across the Atlantic. He is a compact level son of the renowned Ladas. Recent exportations include Mr L. L. Moore's Cherbury Excellence, and Mr E. Yeld's Luna 3rd, Dorcas 2nd, Wilton 2nd, and Forard On, to Uruguay; Mr J. Jones's Zealous Brompton, to France, the Queen's President, to Montevideo; Mr J. Price's Success, and Mr E. Wythe's Copped Hall Premier, to South America.

Mr Robert Taylor, Pitlvia, has sold five very good Shorthorn bulls—Sir Wilfrid Laurier, Prince Royal, Chamberlain, Kitchener, and Cyril—to an extensive South American buyer. Two of these bulls are sired by the champion bull Brilliant, which was sold last year by Mr Taylor at the handsome price of 500 gs. for exportation to Argentine.

Some experiments have been carried out by the Agricultural Department of Aberdeen University as to the use of tuberculin. The investigation is being continued, but it is stated that so far the conclusions arrived at are: (1) That fresh tuberculin when used with care and under proper conditions, although not infallible is a reliable diagnostic; (2) that old or even a mixture of new and old tuberculin, is not reliable.

BELGRANO—JULY 27.

It seems to be a settled thing now that it shall rain on  
 Tuesdays and leave a somewhat heavy course for the week day  
 meetings thereby assisting to sustain the reputation of Belgrano  
 for big dividends which this meeting did not fail to keep up.

A field of seventeen turned out for the 1200 metres, of which  
 a good half dozen were left out of the race by an unfortunate  
 start, Paz making strong running, but succumbing to Esparta at  
 the paddock, but when the mare seemed to have the race in hand  
 she was challenged by Ocaso, and the brother to Orange, who,  
 after running for a year and a half, at last managed to divide a  
 prize with a third class animal and in receipt of three kilos!

The Selling Plate went to our Oriental friends, who seem  
 always on the job on this course, and were first and second with  
 Tucapel and Araujo, the first named being supposed to be a light  
 weight horse and paying well in consequence with 54 kilos.

A new performer in Corinto took the Maiden giving the sur-  
 prise of the day and leaving the unlucky Pensamiento in his eter-  
 nal second place.

The limited handicap was the Classic of the day and gave a  
 good finish between Cyrano and the veteran Oriol, who ran in  
 improved style and may again be useful, Hidalga being close up.

The 1200 metres was a close thing between Tapera and  
 Miraflores, but the best finish was in the final, Sentinel and  
 Araujo making a dead-heat, with Florida only a head behind  
 them.

Altogether, the day's sport was first rate and gave rise to  
 much animation and should prove satisfactory and augur success  
 in the future.

The following are the details:—

**PREMIO OVACION**, for horses of three years and more that have  
 been a year in the country and have not won more than

PALERMO—JULY 30.

An attractive programme, a large attendance, a fine day, at least in the latter part when the somewhat uncomfortable wind abated, good going, and plenty of animation, were the characteristics of this meeting, satisfactory in every respect to amateurs, but by no means so to the talent, as a glance at the dividends will shew numbers much more adapted to the other course than to Palermo.

The only drawback in the card was the Classic, in which only five competitors appeared, but which was interesting through the performance of Le Sancy, who has recently shewn signs of improvement, and was one of the two favourites who justified their backer's confidence during the day, and it is comforting to see another good horse getting into form before the big races come on.

The other favourite was Argentina, a half sister to the grey, who was let in too cheaply in the semi Classic, so that products of Neapolis took the two best prizes.

Aluminio took the opening mile easily, the favourite, Púcara, only getting third.

Binchuca upset backers in a still more marked manner in the Selling Plate for youngsters.

The 1800 metres was a good race and Cacique astonished everyone by passing Emir on the post in a late rush, a new and unexpected proceeding on his part.

Friolera repeated this manœuvre with Austerlitz and Coquimbo, in the 1400 metres, to the great satisfaction of her few followers, and Liberal clenched the unwonted set of finishes by carrying off the final from Filou and Fagotin, the former making a good shew with his heavy weight.

The following are the details:—

PREMIO TRONADORA, for horses of three years and more that have been a year in the country and have not won more than twice. Weight 54 kilos, 3 kilos extra for every win. \$1700 to 1st, 100 to 2nd; 1600 metres.

Dividends—Aluminio \$15.05 win and 3.65 place, Punilla 4.40 place, Púcara 2.95 place.

## HOME NEWS.

RACING.

(FROM OUR OWN CORRESPONDENT).

The opening day of the First July Meeting at Newmarket, was notable chiefly for the vile display made by Diamond Jubilee, own brother to Persimmon, in the July Stakes. He was saddled outside the paddock, and then proceeded to disgrace himself in every possible way. First he got rid of his jockey and galloped half-a-mile by himself. Then he was caught and remounted, and in the race made repeated efforts to bolt, not worrying himself as to whether the rails were in his way or not. He finished last, and in consequence of his temper it was decided to add him to the list. Later it was discovered that nature had made it unnecessary. His mother, Perdita II, died the previous day. A most unfortunate horse!

Sloan rode three winners, Sir J. Miller's Korosko in the Trial Plate, Mr. Cooper's Ednée in the Visitors' Plate, and Lord Wm. Beresford's Doric II in the Bottisham Plate. The Prince of Wales got some slight compensation for Diamond Jubilee's failure when Muscovado won the Two Year Old Plate, beating a big field.

At the Curragh Mr. Plunkett's Oppressor, who had been rather fancied at Epsom, easily won the Irish Derby with one of seven to four laid on him, beating Lord Fermoy's Monmo and Mr. C. J. Blake's Elena. On Saturday at Hurst Park, was unable to give 15lb. and 10lb. respectively to Lord Berkeley's Flambard and captain Laing's Footpad II, to whom finished third in the Duchess of York Stakes.

The Stud Produce Stakes at Newmarket, on the second were won by Mr. Cunliff's Crerlin with Mr. Wallace Johnston Minicoy and Mr. Dobell's Blantyre second and third. The Argentine jockey Malerba rode two thirds, Mr. Alvarez' Caro filly in the Plantation Stakes. and Mr. Kincaid's Orecana in one mile and two furlongs Plate of 150 sovs., the former falling to Mr. Lambert's Bourne Ridge, and the latter to Huggin's Jolly Tar. O. Madden won the Sobam' Plate on Duke of Devonshire's Vara, with Sir M. Fitzgerald's Sister Gela (S. Loates) and Mr. H. Barnato's Le Buff (M. Cannon) second and third.

The Princess of Wales Stakes on Thursday, were won by Flying Fox (M. Cannon) in the easiest fashion by three lengths from Lord Alinton's Royal Emblem (O. Madden) Prince Sokoff's Ninus (C. Wood) and six others. The Selling Plate was won by the Duke of Portland's Latheronwheel (Allsopp). The Exeter Stakes by Mr. H. McCalmont's Jenness Dorée (M. Cannon). The July Cup by Mr. Fairie's Eager (M. Cannon). The Maiden Two Year Old Plate, by Mr. J. Lewis' Joubert (M. Cannon) and the Ladies' Stand Hcap, by Mr. J. B. Leigh's The Wyvern (Madden). At Worcester, the same day—Gen. Magenis' Pat McCa (Finlay) won the Welter Hcap—Mr. J. F. Hallicks' Sun Bonnet (Robinson) the Midsummer Two Year Old Plate, Mr. R. A. Haver's Mack (Robinson) the Severn Plate, Mr. F. S. Barnard's Flying Fox (Finlay) the Worcestershire Stakes, Mr. J. Wadlow's Kettleholder (Rogers) the Parkfield Welter, and Mr. W. B. Puffoy's Lady Buckingham (Hearne) the Dudley Plate.

Malerba, the Argentine jockey, won the Princess's Cup on Mr Alvarez on Friday on the Carolina filly, followed home by M. Cannon on Mr J. Porter's Mercenary and Sloan on Lord Beresford's Yumbeo, with L. Reiff fourth on Mr Croker's Sali the finish presenting the unusual spectacle of an Argentine jockey first with Americans third and fourth. The other races were won by:—

Match 100 sovs, Capt. Lawson's Feafight (Rickaby), Allsopp's Selling Plate Mr Inglis' Szanto filly (Wetherell), Fulbourn Stakes Mr Wallace Johnston's Paigle (T. Loates), Ellesmere Stakes, Mr Douglas Baird's Helianthus (O. Madden), Waterbea Welter Hcap, Lord Ellesmere's Pheon (S. Loates), Welter Hcap 200 sovs, Capt. Baird's Orviepano (S. Loates). On the same day at Worcester, Mr Bate's Pastmaster (Wagan) won the city Welter Handicap, Mr Jersey's Blue Bodice colt (Robinson) the Elm Plate, Mr W. Knee's Kaboodle (Pratt) the Pitcroft Handicap, Mr W. S. Steven's Queen of the East colt (Finlay) the Hind Maiden and Mr R. J. Basset's Hampton Light (Robinson) the Stanton Plate.

Sloan broke a long spell of bad luck by winning the Flying Fox Plate at Hurst Park on Lord W. Beresford's Democrat, Lord Wolverton's Ugly (Watts) won the July Handicap, Mr J. Cannon's King of Greece (K. Cannon) the Hurst Selling Plate, Lord J. Sherwood's Sea Flower (T. Loates) The Mole Selling Plate, Mr Butcher's Hilaria filly (Rickaby) The Ferry Plate and Lord Roseberry's Sybaris (Sloan) the Durham Regulation Plate. There has been a great deal too much made in the papers of the bot episode in which Sloan was concerned at Ascot.

It is now understood that he has paid to the aggrieved "mozo" a solatium of £200 and it is to be hoped we have heard the last of the matter.

## CRICKET.

OXFORD v CAMBRIDGE.

In the above match, played on July 3rd. and following day there was every reason to anticipate an exciting struggle, both teams had shown ability to make runs under favourable conditions. Appearances were somewhat in favour of Oxford who had the better record and possessed two bowlers of repute in Stocks and Bosanquet, while their rivals were palpably weak in this department. There were six old Blues on the one side and five on the other, the new men being Pilkington Knox, Hollins, Collins, Montmorency, Martyn, Moon, Penn, Daniell, Wilson, and Day. It was not until the last moment that Hind was chosen by the Light Blue captain in preference to another old Blue, Fernie, the question being left open until it was seen that a dead wicket might be expected. As it turned out, the selection was fortunate, as Hind rendered excellent service to his side, but chiefly with the bat. The wicket had some influence on the game, and this was in Oxford's favour. By winning the toss they were able to bat on soft turf, which

was kept little more than the second time and Hind and cautious innings took place, the worst, with Pilkington the end of the day for both under the men did not hand, the against confirm was in a table. They were a deal of the least Full score

was kept easy by rain, and to bowl when it was drying and a little more difficult. The change was so uniform and gradual that the pitch had completely recovered when they went in a second time; but owing to the magnificent performance of Day and Hind, they were now in arrears, and they batted so steadily and cautiously that they were at last only able to close their innings too late to have much chance of victory. Day's innings, played at a critical time and with the wicket at its worst, was the finest performance of the match. Subsequently Pilkington made the highest score, batting brilliantly towards the end of his effort, while Knox kept up his wicket stubbornly for hours. Montmorency showed still better style, but it was under easier circumstances, and on the whole the Oxford batsmen did no more than had been expected of them. On the other hand, their rivals batted much more freely and confidently against better bowling, for though Stocks pitched too short to confirm his reputation and was quite ineffective, Bosanquet was in capital form and the change bowling was quite respectable. The fielding and wicket-keeping on the Oxford side were admirable, but the Cambridge men did not cover a great deal of ground. On the whole, the game must rank as one of the least exciting of the series, of which it was the sixty-fifth. Full score and analysis:—

## NOTES.

The final match of the River Plate Rugby Union Championship, which had been looked forward to with great interest by all our footballers, took place last Sunday at Flores. As most of our readers are aware, the Championship Committee decided to make this match a "Charity" one, in aid of the funds of the British Hospital. We are delighted to be able to report that the result of this step is that the committee will be able to hand exactly five hundred dollars to the Hospital committee.

These "Charity" matches require a very great deal of organizing, and a tremendous amount of work is attached to the necessary preparations. While congratulating the Championship Committee on the perfect arrangements made for this match, we must mention especially Messrs Taylor, Baikie and Leitch. To Mr J. W. Taylor everybody's thanks are due, for he was here, there and every where, and practically was responsible for all the arrangements made. He worked exceedingly hard during the short time at his disposal, and his efforts were much appreciated.

Mr. W. R. S. Baikie also worked very hard in the good cause, and actually got up from a bed of sickness so as to be present at the match and look after the tickets, etc. Mr. Leitch attended to the preparation of the ground, and the excellent arrangements for the large crowd reflect great credit on the care and judgment he exercised in carrying out his part of the work. The Flores ladies very kindly provided tea and cakes, and the thanks of all are due to Mrs. Pilgrim, Mrs. Mackintosh, Mrs. Taylor, Mrs. R. Agar, Mrs. J. Agar, Mrs. Corry-Smith, Mrs. Wigg, Miss Wigg, and Mrs. Leitch.

Both the Lomas and Rosario teams were known to be of more or less even strength, and opinions as to the ultimate result were fairly divided. From start to finish there was nothing to choose between the two sides, and it was beginning to look as though neither team *could* score, when Lomas were awarded a free kick, and their captain, Mr. F. H. Jacobs, landing a magnificent goal, gave his side the victory by three points to nothing. Rosario nearly equalised, but the player in possession of the ball unfortunately went into "touch in goal."

As we have implied, a closer game could not be wished for, nor a more fitting finish to the first year of

the newly established Rugby Championship. At the same time, the game was by no means a pretty one to watch, play being almost entirely confined to the forwards, and the three-quarter lines were neglected far too much. As our friend "Spectator" says, had the Rosario half-backs thought a little more of the men behind them the result might have been different.

A feature of the match, however, was the splendid tackling, and in this respect the winners excelled themselves, all going for their men hard and low. The kicking was fair only, although there were some good punts made. The running and general play of the outsides, in the few chances they got, was disappointing, and they were all too slow, while the passing at times was very erratic and reckless. It was, however, an exciting struggle, and we can only hope that the Championship may be as well fought out in future years.

Before leaving the subject of this match, we would like to say a word in praise of Mr J. W. Boardman. It is almost entirely due to the efforts and energy of Mr Boardman that the Rosario Club has a Rugby Football team in the field at all. He has worked well and truly to this end, and has been well backed up by his men, and he deserves all the praise that can be bestowed on him for the excellent team he has got together. May we see the Rosario team in the final again next year, they may be sure of a hearty welcome.

Now that we have a sufficient number of players, of each branch of sport, why should only the cricketers have a North and South match? Golf, we have already proposed, and now why not football? We feel sure that a North and South match of both Rugby and Association Football would prove very attractive, and would provide close contests too, while an Athletic contest between two teams of athletes, selected respectively from the North and South, would be a very pleasant addition to our athletic programmes.

In another column may be found the programme of the race-meeting to be held at Cañada de Gomez on the 30th of this month. In all there are seven events, for two of which, Nos. 2 and 6, there must be at least four entries to fill, if not two other events will be substituted, a stick and ball race, and a twelve hundred metres race for polo ponies.

The race meeting will be preceded by a polo tournament which will be held on August 27 and following days. The entries for this must be sent, accompanied by the entrance fee of twenty dollars, on or before the 20th inst, on the evening of which date the draw will take place. There will be a dance on the evening of Wednesday, August 30th, and those wishing to attend are requested to send in their names and those of their friends on as early a date as possible to Mr. C. Ianes Taylor, La Administracion, Cañada de Gomez.

Variety has been introduced into the game of polo in Paris. The pastime is now indulged in by boat. A light floating ball is thrown on the water, and the players, who are furnished with a kind of racquet with a long handle, endeavour to reach it and to send it forth according to the ordinary regulations of the game. The players are seated in sailing boats, and in order to distinguish between the opposing sides the boats have sails of different colours. Sailing polo is played on Sundays, and attracts large numbers of Parisians on the banks of the Seine and the Marne.

The La Colina Polo Club will hold a tournament on the 13th, 14th, and 15th of this month at La Colina. A cup, kindly presented to the club by Mr. Charles Krabbé, will be competed for, the winning club to hold it for a year. To become the absolute property of any club it must be won three times by the same one.

We understand that it has been almost definitely decided to give the Dewar Cup, as a challenge cup for the winner of most events at the Annual Gymkhana meeting at Hurlingham. We are unable or yet to give a list of the events, but we hear the cup will be given for the winner of seven or eight of the more serious competitions on the Gymkhana programme.

\* \* \*

We would again remind those interested, that the entries for the next race-meeting at Hurlingham on the 15th inst., close on Tuesday next the 8th inst. The new jumps are now in course of preparation, and something like eleven entries are already anticipated for the Argentine Grand National, which will, of course, be the event of the meeting.

The races at Belgrano last Thursday, and at Palermo on Sunday, were favoured by the weather, and consequently the going was good though slightly heavy on the former course. Both meetings were productive of a series of upsets the public judgment being altogether out. At Palermo the racing was of an interesting character as a good number of Class horses were out. The feature of the meeting was the running of Le Sancy, who carried off the Classic 2,200 m. with great ease, and being apparently back in form, at once becomes a prominent candidate for the big races. The card for Sunday 6th includes a 2,500 m. race in which are the names of Salto, Gonin, Euskaro, Atalaya, Le Sancy, Yerba Amarga, Pillito and Pas-si-béte. It all of this select lot should take part it would indeed be a treat. The meeting between Euskaro and this class for the first time this year, the rivalry between Le Sancy and Pillito, and the always formidable Yerba Amarga, also to be counted with, tot up a total that would be extremely attractive.

\* \* \*

The Classic for the 6th is the Gran Polla de Potrancas, 1600 metres, for fillies, the interest in which is considerably reduced on account of forfeits, and the prize, which will run up to over \$10,000, will be left to be competed for by a moderate lot, the best known of which are Parva, Cecilia, Sinfonia, Carina, Hortensia, and Aurora, one of whom should be the winner, the others, who have maintained their entry being either "dark ones," in whom we have no confidence at this time of the year, or fillies that have run so far without shewing any promise. The colts will have their turn in a similar race the week following, and will probably give us an interesting struggle. It is a pity that the first big race in the active season should not prove more exciting, and under the circumstances it is to be hoped that the Premio Good Luck will bring out the splendid lot coloured, and give animation to the rest of a good programme.

The Prince of Wales has sustained a very severe loss by the death of his famous brood mare Perdita II., this daughter of Hampton, who had bred to St. Simon Persimmon, Florizel II., Sandringham, and Diamond Jubilee, having succumbed at the Sandringham stud to an internal complaint, from which she had been suffering for the previous fortnight. Perdita II., who was eighteen years old, had done well on the Turf before being sent to the stud, and she would long be remembered as the dam of Persimmon, even if none of her other produce had done well. But Persimmon's eldest brother Florizel II. had already shown himself to be a rare stayer, by his victories at Ascot, Manchester, and Goodwood, and his first stock are said to be very promising. Diamond Jubilee, the brother to Persimmon and Florizel II., was very highly bred, but he has not, so far, borne out this character.

Lord Roberts has recently lost his famous grey Arab charger Vololol, which he rode in the Jubilee procession two years ago, and which has just died at the Carragh, aged nine-and-twenty. Vololol had attained a distinction which no horse had enjoyed since a Roman Emperor had raised his to the rank of Consul, for Vololol wore, by special permission of Her Majesty, the Cabul medal with

four clasps and the Cabul-Candahar star, decorated with which he carried his master through the Metropolis in June, 1897.

The famous Flying Scud, the champion donkey of "Coster London," died the other day at Upper Clapton, aged twelve years, owing to the accidental twisting of the intestines. Flying Scud was the property of Mr James Spencer of Southwold Road, Upper Clapton, and had been champion trotter since September 6th, 1892. Flying Scud was matched against Crooked Tail Bill, the property of Mr Robert Mornton, of Manchester, for £100 and the championship. The race took place at Loughborough, over a mile course, which Flying Scud covered in 3 minutes 18 seconds, and won. Flying Scud was a great prize winner, and was well known in the East End. She was also a valuable animal, as Mr Spencer quite recently refused £100 for her.

Members of the Hurlingham Club are again reminded that the postponed annual general meeting will be held to-morrow at 4.30 p.m. at the Club offices, 513 Piedad, when the various sub-committees will be elected for the ensuing year. As this is a postponed meeting, all necessary business will be transacted whatever the attendance of members may be.

What with the Mixed Foursomes' Competition at Hurlingham last Wednesday, the Ladies' Competition at Rivadavia last Saturday, and the Monthly Shield Competition at Rivadavia on Sunday last, our golfing community has had quite a busy week of it. Next Sunday the Flores and Buenos Aires Clubs will try conclusions at Flores, where the best greens in the country are to be found, while at Lomas the usual Monthly Medal Competition will be played.

The Golf Committee of the Lomas Club, announce the Annual Competition for the President's Cup and Championship of the Lomas Club for Wednesday the 30th inst. The course at Lomas has now been altered again to the original "Bunker" course, which, under the rest it has been allowed, has quite recovered, and will once more be found to be in good order.

## FOOTBALL.

RUGBY.

LOMAS A.C. v. ROSARIO A.C.

The above match, the final of the Rugby Championship of 1899, was played on Sunday last at Flores, the ground having

been kindly lent for the occasion by the committee of the Flores Athletic Club. Every preparation had been made for a big crowd, and when the game commenced there must have been close on fifteen hundred people present. The result of this is that the Championship Committee are able to hand over the handsome sum of five hundred dollars to the British Hospital.

A large number of ladies were present, and the field presented a very animated and a very pretty appearance.

Both teams were up to full strength, and a close fight was confidently anticipated. Rosario had only one change from the team which had defeated the B.A.F.C. the previous week at Rosario, viz, Sykes for Glover. Lomas played practically the same team they have relied on throughout the series of matches.

Before starting, the two captains decided to play an extra twenty minutes, ten minutes each way, in case of a draw resulting.

Jacobs won the toss and decided to defend the pavilion goal. At 3.15 Beaumont kicked off for Rosario, and the usual exchanges between the backs left play in the Lomas twenty-five. From here the ball came out to H. Dorning, who at once made one of the few runs of the match. Dodging cleverly right through the midst of his opponents he got quite clear and looked like scoring when well tackled by A. Anderson only five yards from the line. A series of exciting scrummages now ensued, of which the Lomas forwards, displaying superior foot-work, got the best, and gradually forced their weightier opponents back to the twenty-five line. From here play was taken to half-way where it remained for some little time, neither side securing any advantage. At last the Rosario forwards heeled and what looked like a good opening for the three-quarters was spoilt by faulty passing. Lomas next heeled smartly, and Cowes got off, but was pulled up in the Rosario lines. From here Rosario worked their way back to mid-field, and again heeling, Colson got nicely away and was making good way until put into touch by A. Anderson.

At the end of the first fifteen minutes play, the ball was once again at the half-way line where both sets of forwards tried hard to get possession and heel, the half-backs all putting in some very smart play. At length im Thurn broke away and with a nice dribble down the touch line took play into the Lomas twenty-five. Letting the ball out it was sent out to the three-quarters, Pixton making a good run right through his opponents, but was tackled in time, and passing wildly, and the Lomas forwards backing up well, were on to the ball at once and again took play to half-way. Here the ball came out to the Lomas three-quarters, who passed well, and H. Anderson put in a well-directed kick, which gained some ten or twelve yards more. From here the ball was quickly sent over to the other side of the field, still in the Rosario twenty-five, and MacMorran obtaining kicked and followed up, getting right away, but Smythies stopped him with a good tackle and the ball was kicked over the goal line by an over-anxious Lomas forward. The kick out left play at half-way again, but good footwork by the Lomas forwards again took play into Rosario territory, but it was for short duration, as the Rosarios, working like demons, forced the Lomas men back to half-way. From a "scrum" here Miller broke through and picking up gave to Jacobs who, but for Smythies, would have got through, but the full-back was safe and the chance was lost.

Play was then again taken to half-way and soon after the whistle sounded for half-time.

Just after four o'clock Jacobs restarted the game and very even play ensued for several minutes. The whole pace of the game now increased and play became very fast, the forwards and half-backs getting on to the ball very smartly. From some loose forward play, almost in mid-field, Lomas were penalised for keeping on the ball, and Rosario awarded a free kick which gained them ground and Pixton was soon after again prominent with a good run. From the succeeding "scrum" Sykes dashed off, but was splendidly tackled by A. Anderson before becoming dangerous. Rosario were certainly having the best of matters now and this was the time when their half-backs should have whipped the ball out to the three-quarters. The forwards were in no way to blame for they heeled time after time, but the half-backs would not pass, trying to do everything by themselves, and certainly Dorning did gain ground at times, but it was not the game. Liversidge and MacMorran, were next prominent and the ball was carried well into the Rosario lines. From here it was gradually forced back to the centre and eventually was kicked over the Lomas goal-line. From the kick out Lomas forced their way into their opponent's territory and a well judged kick by A. Anderson sent the ball into touch well in the Rosario twenty-five. From the throw in a scrum was formed, and one of the Rosario men lifting his foot before the ball was in, the referee had no choice but to award a free kick to Lomas. There seemed to be little danger for Rosario even then, as the kick was a long one and at an awkward angle. A. Anderson placed the ball and Jacobs took the kick, which was a perfect one, and amidst a thunder of applause the ball went straight between the posts. With Lomas thus leading by three points Rosario strove very hard to get on terms and play became very fast indeed.

Nothing further of note occurred, however, and when the final whistle sounded Lomas still retained their lead of three points, having won a very close and exciting struggle by a penalty goal to nothing.

Undoubtedly the combination of the winners had much to do with their success. They have played together so often, a point that is bound to tell, and have got to know one another's play so well that they were able to claim an advantage over Rosario from the start. S. Mohr Bell, at full-back, kicked very well his tackling is not quite certain, however, and he must look to this.

Of the three-quarters A. Anderson kicked and tackled well, indeed his tackling was quite a feature of the match. The forwards who, to a man, played up splendidly, were magnificently led by their captain, Jacobs, who played a fine game throughout. The half-backs were better than we have seen them yet, but were well marked.

For the losers the forwards were a fine lot but were out-mancœuvred and one could see that they would make a very different show after a few more matches together. L. Jacobs, im Thurn, Sykes, and Jewell were always to the fore, although when all played so hard it is scarcely fair to mention any names.

The half-backs were very smart but undeniably selfish and now and again were inclined to get off-side.

The three-quarters were neglected, but H. Dorning and Pixton showed up well.

Smythies did not field quite so well as we have seen him, but his tackling was good and he was very safe.

Mr L. Curry Smith kindly acted as referee to the satisfaction of all concerned and Messrs F. Leitch and A. Brodie looked after the lines.

The following were the teams:—

Lomas—

Back—S. Mohr Bell.

Three-quarter backs—H. A. Cowes, A. J. MacMorran, A. Anderson, H. B. Anderson.

Half-backs—H. Mohr Bell, C. W. Romer.

RUGBY FOOTBALL NOTES.

(By "SPECTATOR.")

I was very sorry that owing to a business engagement up country I missed both the matches in the semi-final for the cup, although I must say I was not very surprised at the results.

On Sunday I had the pleasure of watching one of the closest games I have ever seen in this or any country for that matter. Lomas and Rosario are to be congratulated on the hard game they both played.

Taking everything into consideration there is no doubt Rosario had hard luck in not pulling it off, but they have only their halves to blame for this. Even after Lomas had scored their penalty goal Rosario had a splendid chance of equalizing, as they were right on the Lomas lines, but as so often happens they lost their chance through the overkeenness of their halves.

Again and again the Rosario half on the left got the ball, and instead of going to the right and giving his three-quarters a chance, simply plunged into touch. Of course it is almost impossible to score in this way, although I have seen a very clever half-back do it, but it is only men like Grant Asher or Don Wauchope, two ideal halves, who can risk such a game.

Taken all round the game was not a very open one, there ought to have been better passing and more of it. There are very few centre three-quarters out here evidently, who attempt to make openings for their wings.

The scrums were well packed and there was plenty of shoving, and as I heard one or two old footer players on the field say, it took one back to the old days when scrums were fought out for 15 minutes almost at a time, and were regarded as quite a feature of the game.

I should say both teams were very even, Lomas having it perhaps in combination, and this I am not surprised at, as I notice they have played almost the same team right through the season and there is nothing like this for getting combination.

At the same time I have a great opinion of the Rosario team. Individually they have some excellent material and with more practice I don't think there is another team in the country could beat them. I speak of the Cup teams of course.

The kick by Jacobs that won the match was really splendid, and he deserves the greatest praise for pulling it off. There are very few men anywhere who could have done it at such a critical moment.

The free kick was given for foot up in the scrum, and I hope it will be a lesson to all our forwards here. It needs great discretion to lift the leg at the right moment and get the ball back into your possession, but there is no necessity for the glaring infringements that occur at almost every match.

I have been discussing Rugger generally with our Editor and it has occurred to us that the players for the Cup would like some sort of resumé of the season, and our ideas on the different teams that have taken part in the Championship.

If the different captains will send in the names and positions of their picked teams, I shall be very pleased to give their characters after consultation with one or two other old Rugger players here, who have watched most of the games this season.

POLO.

HURLINGHAM.

As most of the inhabitants of Hurlingham wished to see the final for the Rugby Championship at Flores in the afternoon, it was decided to play the usual game of polo at the club in the morning at nine o'clock. Only six players turned up, Messrs Sheehan, T. Robson, Balfour, Sidebottom, Mullaly, and Lacey, the meet of the hounds at eleven o'clock preventing one or two more from joining in. These six had four ten minutes, Messrs Sheehan, Robson, and Lacey beating the other three by a small margin of goals.

We have not yet heard what team is likely to represent Hurlingham either at Cañada de Gomez or La Colina, and we are afraid that these two tournaments, coming so close together, will make it difficult, if at all possible, for the club to compete at both.

HUNTING.

HURLINGHAM.

The Hurlingham drag-hounds met at Mr Howard's place last Sunday, when a large field were most hospitably entertained by Mr and Mrs Howard. At the meet we noticed Mrs Heriot, Mrs Howard, Mrs Ravenscroft, Mrs Balfour and Miss Huxtable, Messrs Owen, Thursby, Preston, Howard, Ravenscroft, T. Robson, Clunie, Ripley (2), Murray, Moncrieff, Bedford, Balfour, Sheehan, and two officers from H. M. S. Pegasus.

A trot of half a mile took us to where the line was commenced in the direction of the river. After jumping out of the common, hounds led us parallel with the river almost straight for Sr. Leloir's estancia, where they checked. This first part of the run was fast, and hounds ran well across a nice lot of country. Mrs Bedford had a fall at the fifth fence, but we are glad to hear she got no more than a slight shaking and appeared at the finish looking none the worse. The second part of the run brought us back towards home, the finish being close to the Moron road near La Estanzuela. The weather was of a good hunting sort, and the country rode well.

CORRESPONDENCE.

FOOTBALL.

Buenos Aires, 31st July, 1899.

To the Editor of the *River Plate Sport and Pastime*.

Dear Sir,

As one who has watched nearly all the Cup matches this year, and who has noticed the wonderful evenness of all the teams that have taken part, it has occurred to me that it would be interesting to take the general opinion of the followers of the game out here as to which would be the most representative fifteen we could choose from amongst the teams we have in this country.

Personally, this is the team I should choose:—

Back—G. Smythies.

Three-quarter backs—J. O. Anderson, G. F. Elliot, A. Mac-Morran, H. Dorning.

Half-backs—E. L. Rumboll, R. Dorning.

Forwards—F. H. Jacobs, M. F. Gilderdale, J. C. Bellamy, L. Jacobs, A. Anderson, A. C. Williams, T. Gebbie, W. D. Campbell.

Yours faithfully,

OLD BLUE.

GOLF

HURLINGHAM.

A very enjoyable afternoon was spent on the above club's links on Wednesday last, when a Mixed Foursomes' Competition was held. The first prize, an extremely pretty pair of silver-mounted scent bottles, was won by Miss E. Smiles, who with Mr. W. Agar, accomplished two very good rounds. The scores returned were somewhat high, but the course was by no means easy, the heavy rain of the previous night having affected them to a great extent.

The following are the details of the cards returned:—

	First Round.	Second Round.	Gross.	Handicap.	Nett Total.
Miss E. Smiles & W. Agar.	64	60	124	scr.	124

##### LADIES' COMPETITION.

A Ladies' competition was played on the above links on Saturday afternoon, which resulted in a win for Miss L. Alexander with a nett score of 131, Miss Mackern and Miss Smiles being equal second.

Although some of the scores returned were rather high, a very pleasant afternoon was spent.

The following are the details of the score:—

	First Round.	Second Round.	Gross Total.	Handicap.	Nett Total.
Miss L. Alexander..	68	67	135	- 4	131

#### LOMAS GOLF LINKS.

On Sunday next, the 6th inst., the Monthly Medal Competition will take place over the Bunker course, which is now in good order again. Entries will be received at the Pavilion up to ten o'clock on Sunday morning.

On Wednesday, the 30th inst., the annual competition for the President's Cup and Championship of the Lomas Club will be held, particulars of which will appear later.

#### AMATEUR GOLF CHAMPIONSHIP OF THE RIVER PLATE.

In accordance with a resolution passed at a meeting held in Buenos Aires on the 17th July, the competition to decide the Championship will take place on the Buenos Aires Golf Club's links at Rivadavia on Sunday, 13th, Monday, 14th, and Tuesday, 15th August.

The competition is open to members of all recognized clubs who are "Bona fide" residents in the River Plate, a residence of three months being necessary to qualify anyone to compete.

The competition will be decided by match play, 18 holes—the final, 36 holes—under the by-laws of the Buenos Aires Club. Competitors must send in their names, accompanied by

entrance fee of \$10 m/n, on or before 10th August to H. Hume Hon. Secretary.

With regard to the great match between Vardon and Park "Niblick," on the eve of the match, writes:—

Last words have now to be written in regard to what I think may be safely termed the greatest golf match of all time. In spite of the fact that Vardon's work at Sandwich compared most favourably with that of Park, the supporters of the latter seem by no means to have lost heart. They argue, and doubtless argue rightly, that Park did not do himself justice at Sandwich, and that when left face to face with a single opponent in match play he will give a very different display. With all my strong predilection for Vardon, I am quite willing to admit that Park was by no means himself during the championship week. I managed to see a good deal of his game, and was greatly disappointed, as even his putting—his strongest point—was by no means up to the standard we have been accustomed to. I hear that Park has been studying the North Berwick greens with the greatest care, and it has been no unusual thing for him to make twenty puts on a green from every conceivable point. Park, too, has been taking the greatest care of himself and will turn out at North Berwick fit to play for any amount. Of the pair, Park, when at his best, is perhaps the better putter, but I decline to believe there is so much in it as many people assert. With the exception of three or four holes, Vardon seemed to me to be putting at Sandwich in irreproachable fashion, and in match play he is not likely to be often short of the hole. Of course, Vardon has not had Park's experience of the North Berwick course, but his genius for the game will, I fancy, enable him to overcome any difficulty in this direction. In the first and second shots the Champion will. I fancy, have the advantage, and the peculiar deadliness of his second will tell greatly in his favour. I am very glad that the Champion declined at the last moment to play his match with Willie Fernie at Troon. Heavy fighting as he would in all probability have had to go through, is certainly to be avoided on the eve of such a big match. I am glad to learn that the Ganton man is—as indeed is always the case—as fit as the proverbial fiddle, and I expect to see him win both at North Berwick and at Ganton, though I am certain we shall see a very different Park to the one who was playing in the Championship. Both men possess iron nerve and pluck, and they will have full need of both qualities ere the thirty-six holes are finished off, I notice that Vardon is a very hot favourite at 3 to 1, though I should have thought that 2 to 1 would have been a fairer quotation.

**ROUND THE TOWN.**

The Bachelors' dance at Lomas on Friday evening last was a thorough success from every point of view. The floor was perfect and the music and general arrangements were all that could be wished for. We have attended other dances at Lomas, but the one last Friday was quite the most enjoyable of all. It is impossible to give a complete list of all those present, but among others we noticed were: Mesdames Hopkins, Hinds, Mohr Bell, Marjoribanks, Smiles, Stokes, A. Goodfellow, Leighton, Mills, Cassels, Bassett Smith, Dolphin, Mackern, Withington, A. Mohr Bill, etc., etc.

Misses Smiles (2), Colson (2), Mackern (2), Jacobs (2), Knaudts (2), Hinds, Kidd, Taylor, Mohr Bell, MacPherson, Anderson, Grant, Gardom, Gould, Alexander (2), Cassels (2), etc., etc.

Messrs. H. P. Wright, A. Mac Morran, Hopkins, Trillia, A. Goodfellow, R. Goodfellow, Mills, A. Mohr Bell, S. Mohr Bell, H. Schwind, Sidebottom, J. O. Anderson, J. C. Bellamy, A. Anderson, E. Robson, Mason, P. Grant, C. Comber, J. Walker, Boutell, Gould, Chambers, Draper, Cotman, Horrocks, Flint, Cassels (2), S. Gibson, Abbott, Leighton, Murray Wilson, D. J. Stokes, Marjoribanks, Rev. Lyall Wilson, Rev. E. Hodgkinson, etc., etc.

We have to acknowledge with thanks a very neat sample box containing inks, gum and a bottle of "Skeevit," from the well-known ink manufacturers Messrs. Stephens, 191 Aldersgate street, London, E. C. It is claimed for the preparation known as "Skeevit" that it will prevent the bites of insects, so that those who are troubled here with mosquitoes, during the summer months, might do worse than give it a trial.

Phew! let us breathe once more. The great match between Lomas and Rosario, is over and the fate of the Rugby Foot-

ball Championship Cup, has been settled for this year of grace. The match was a splendid one with hardly a moment's breathing space either for the players or the onlookers, hence the exclamation at the commencement of these lines. Both teams worked like Trojans, and the ball was kept travelling from one territory to the other in a rapid and exciting manner, while every now and then it seemed as if one or the other side must score, but tussle as they would nothing came of it for the first half, despite some really brilliant efforts on both sides. The second half was a repetition of the first, that is the ball travelling up and down, scoring seeming imminent and never quite getting there, till almost at the close when the Lomas men got home and won as well contested a match as one would ever wish to see. Rosario seemed to have a wee bit the worst of the luck, although the deciding piece of play on Mr. F. Jacobs's part was highly commendable.

Not only from the play and the occasion was the match notable, but also from the attendance which was certainly the largest we have seen on any ground here to witness a football match. The people present were variously estimated at from 700 to 1500, but we should imagine that something under the thousand would be nearer the mark. A very goodly proportion of this number was of the fair sex, and some of the toilettes were almost ravishing, almost pretty enough indeed to take the attention away from the match itself, so those who were not there can imagine that some of the dresses must have been beautiful. The tea table was kept going nearly all the afternoon and mountains of cake and bread and butter, and gallons of hot tea disappeared like snow on the mountains, or paper money the day after pay day. The ladies who attended to the tea tables, Mrs R. Agar, Mrs E. Graham Pilgrim, Mrs J. T. Leitch, Mrs Corry-Smith, and Mrs Taylor, deserve the thanks of both clubs and the public, for the hard work which they got through and the kind way all were received. The British Hospital will be some hundreds of dollars the richer for this match, so long life to football and may we all see many more matches of a similar nature.

On the same day there was a large crowd at the Retiro, to see the match between the Port Works team and a team from H.M.S. Pegasus, in which some good play was seen. On the other side of the water no less than nine-thousand people were present at the match between Lobos and the Albion, so that there seems to be a growing desire to watch manly sports. Now that the Orientales have taken to attending football matches there may be a chance that the brutal sport of bull fighting will take a back seat and in such a case the Gringos will have done the country of their adoption another of the many good turns which they have already been guilty of perpetrating both in the Argentine and the Oriental Republics.

We are feeling a little *triste* this week, as we are, we regret to say, unable truthfully to give the announcements of any more engagements in the British Colony. However, we live in hopes, and from certain little observations which we have made we fancy we shall not be long in attaining our wish.

This Wednesday evening as ever was, the English Literary Society will hold its grand entertainment in Prince George's Hall, as announced in large bills all over the town. The programme is certainly almost "sorpreniente," so varied and excellent is it, including songs, violin and other solos, instrumental quartettes, vocal quartettes, the dance of the Cachuca from "The Gondoliers," and some views from the Cinematograph. All this entertainment can be obtained for the small sum of two dollars, and we can honestly advise any of our readers who may want to spend a merry evening to pay their "due pesi" and pass in.

We are pleased to see that the dates for the performance of "She Stoops to Conquer" are fixed, and that this dear old comedy will be given on Wednesday 9th, and Saturday 12th, at the Teatro Argentino. The choice of theatre is a good one, as was proved by the excellent show of "Our Flat" which was given there, the size being just right, the acoustic properties good, and generally the house a nice one. Perhaps from a spectator's point of view the stalls are a little narrow and the boxes are not quite equal to those of the Opera House, but then we cannot expect everything in this world, or if we do it is very foolish. The caste of the characters is a very good one, and includes such names as Mrs E. Graham Pilgrim, Mrs Mackintosh, Mrs Leitch, and Messrs E. Danvers, R. H. Morgan and others, so that we may look forward to a smart show. We have been permitted just a peep at some of the dresses, and all we have to say is "wait." Given a good night "She Stoops" should be one of the successes of the Dramatic Club. We are asked to notify all that the performance

will commence at 8.30 *prompt* as, owing to the length of the comedy, this will be absolutely necessary, and the audience are therefore begged to be seated in time.

With reference to this performance the following circular has been addressed to the members of the Buenos Aires Amateur Dramatic Club:—

"I have the pleasure to inform you that Oliver Goldsmith's well-known comedy "She Stoops to Conquer" will be produced at the Teatro Argentino, on the 9th and 12th August.

"The whole of the tickets for the first performance will be offered to the public, as in previous cases, so as to secure the expenses incurred in the production, reserving for each member, up to the evening of the 3rd prox., a free seat in any part of the Theatre (except the boxes), for the night of the second performance. With regard to the boxes for the second performance, members will be entitled to prior selection of these also, upon payment of the difference between the value of the stalls to which they may be entitled and the price of such box or boxes as they may select. The whole house for the second performance is, indeed placed at the disposal of the members.

"Members may select their seats and obtain their tickets for the second performance on Friday, the 4th prox., from 10 a. m. to 4 p. m., at the office of the Club, 513 Calle Piedad, on production of the receipt for the current year's subscription.

"After that date the seats remaining unappropriated for the second performance will be offered for sale to the public in the usual way, but any member who may have omitted to take his or her ticket on the 4th prox., will still be entitled to obtain it without charge (on presenting the current subscription receipt at the Libreria of Messrs. R. Grant and Co's., 542 Cangallo,) so long as any tickets remain available for that performance, yours truly, Ernesto Danvers, Hon. Secretary.

The links at Rivadavia presented a very pretty and cheerful sight on Saturday afternoon last, when a ladies competition was in play. The opportunity presented by the Buenos Aires Club was accepted by quite a number of the fair exponents of the game, and many a caddie's little heart was fluttering at having to bear the burden of the clubs of some pretty player. The example of Hurlingham was a good one, and it is more than pleasing to see that the other clubs are following it.

The performance which was spoken of some time ago for the Buenos Aires Cricket Club—by-the-way we are getting every day nearer to the time for that noble game—which is to consist of "Our Boys" is, we understand, practically on the stocks and will be given as soon as circumstances permit. "Our Boys" in one of the very best comedies ever written and as some of the best of our amateurs have promised to assist for so useful an object, another pleasant evening in the dramatic line is to be looked forward to.

Do not forget, ye who are lucky enough to possess racing ponies, that the time for the entries for the forthcoming race meeting at Hurlingham is up to the evening of the 8th of August. The programme is a very fair one and will, we trust, attract a strong list of names. The Argentine Grand National will be the leading feature of the day.

## ENGLISH CYCLING.

London, July 7th, 1899.

That the free wheel is rapidly gaining in popularity is evidenced by the number of machines, both ladies' and gentlemen's, seen on the road. Practical unanimity on the question of free wheels appears now to prevail among the principal firms who are all fitting the device in one form or another. Provided with a thoroughly reliable emergency brake, (a rimb brake seems to be the most favoured,) there is no reason why the most nervous woman should not coast in comfort on that gear. The popular belief is that a free wheel is less easily controlled than one which has not the clutch action, but it is being proved a mistaken one, and it is no unusual thing to see riders of the free wheel coasting down Holborn Hill on the way to business in the morning, without any of that facial evidence of anxiety sometimes displayed by those who ride in traffic.

At last juries seem to be waking up to the fact that cyclists have rights the same as other members of the community, and some sharp lessons have recently been read to those unmannerly and inconsiderate drivers of vehicles who view the cyclist as an impotent personality whom they may harras and scout at pleasure. Only recently those exalted personages the Prince and Princess Dolgorowki were mulcted in £250 damages because their coachman drove round the corner on the wrong side and injured a cyclist. Another fruitful cause of accidents is the habit of certain sporting men driving fast trotting cobs on narrow country roads in the neighbourhood of London, who, chafing at the restraint of having to follow a slower vehicle, often try to cut through on their off-side, despite the fact that a cyclist may be passing on his near side. Many a cyclist has been driven into a ditch this way.

One of the most popular long distance club runs of the year is the London to York journey which for nine years in succession has been religiously carried out by the ardent members of that well known band of road riders known as the North Road Club. On the occasion of the last run held on the 24th of June no less than thirty-one faced the long stretch Northwards. Among the number were six tricyclists, two tandem safety pairs, and twenty-one single safety riders. The party left the G. P.O. London, at 12 o'clock midnight, Friday and at 9 o'clock the following evening reached York. The spectacle of 31 men riding along in the early morning was one which quite amazed some of the early rising villagers, and in fact all along the road considerable interest was shown in the party. The distance by road between London and York is just over 197 miles, and this was covered in 21 hours. The object of the ride is for the whole body of men to ride through together, "scorching" and competitive riding of any kind being strictly tabooed. Thirteen miles an hour is the maximum average pace attained, and the distance between stoppages are carefully planned. The ride is one which increases in popularity every year, and the number who took part on the last occasion constitutes a record.

Some excellent motor racing was witnessed at the Crystal Palace Track last Saturday afternoon, 1st July, when such well-known exponents of the new sport as S. F. Edge, C. Jarrott, C. G. Wridgway, J. W. Stocks, etc., figured in the various contests. Over 2000 spectators lined the rails of the famous Sydenham track and were unstinting in their applause to the various competitors. In order to promote the motor racing sport, the management at the Crystal Palace offered a challenge cup value 100 guineas to be competed for on the "Brassard" principle and judging by the support accorded, in this, the first race, the venture should be a success. The race was of one hour's duration, the winner being S. F. Edge, who covered the distance of 34 miles 540 yards in the hour, his nearest opponent being a mile and a half behind. After the first two races, viz., a mile handicap and a five miles scratch race had been decided, both of which were won by Edge, it was soon very apparent that he had the measure of his opponents, his motor running without a hitch and he driving in fine style. The following is a list of Mr. Edge's successes during the afternoon, he having accounted for every event:—One mile handicap from scratch, time 1 min. 50 secs., five miles scratch race for the Wellington Cup time, 8 mins. 55 2/5 secs; 2 miles handicap from scratch, time 3mins. 28 2/5 secs; one hour race for Brassard Cup covering 34 miles 540 yards, and one mile motor tandem match with C. Jarrott as partner, time 1 min-43 4/5secs.

On Saturday last the thirteenth annual Catford Hillclimbing contest took place on Toy's Hill near Brasted, Kent. There were nineteen entrants and fourteen starters,—twelve riders reaching the summit. The contest afforded little comfort to long crank enthusiasts for their only representative, who had 9 inch cranks, brought up the rear in both the level event and the handicap. There was nothing unusual about the machine used by Williamson, the winner, it being geared to 67 1/2 inches fitted with 6 3/4 inch cranks, and weighing 25 lbs. The hill is a mile in length and the average gradient is 1 to 7.9. The following are the first three riders in the contest proper:—1. W. Williamson, Anglo-Irish, 6min. 6 1.5secs.; 2. E. Gardner, Brighton, 6mins. 47 secs.; 3. Neil McColl, Barking, 6mins. 47 1.5secs. The Sealed handicap worked out thus:—1. W. Williamson, Anglo-Irish, scratch, 6mins, 6 1.5secs; 2. Neil McColl, Barking, 35secs., 6mins. 12 1.5 secs.; 3. E. Gardner, Brighton, 24 secs., 6mins. 23secs. Mr. Williamson has gained a name for himself as a good hill climber, he having won last year's contest.

An important exhibition of motor and motor-cycles is being held at the Agricultural Hall, Islington, this week. For practical purposes the choice of motive power seems to lie between petrol and electricity. Among the exhibits are a handsome cab on four

wheels made in Germany, and a smart Victoria worked by petrol, to seat three, which comes from Berlin. It would seem as though electricity as a motive power does not compare favourably with petroleum. Although very handy for city use, the electric-charged motor is not so useful for the country, as an ordinary carriage will not travel more than 52 miles without requiring a fresh current. Consequently, until the facilities for recharging batteries have been considerably augmented the petroleum impelled car will have preference.

In some respects, however, electricity distinctly scores over petroleum as the motive power for autocars,—it meets with the approval of Her Majesty's Office of Works. This fact was sharply brought home to Mr J. Scott Montague, M.P., who had a novel experience whilst driving on an autocar to the House of Commons recently. When he arrived at the gate in Palace Yard the policeman on duty distinctly declined to admit his motor. The Hon. gentleman pleaded that he was only following the example of some of Her Majesty's ministers, who have dispensed with horse power as a means of traction, and who are in the habit of driving their horseless vehicles down to "the house." The policeman pointed out that autocars impelled by electricity are allowed to enter the precincts of Palace Yard but those propelled by petrol are not. This is the fiat of the Office of Works. The Hon. member, by no means satisfied with this explanation, threatened to bring the matter before the house on a question of "privilege."

At Sheen House the home of aristocratic cycling, there has been a series of interesting competitions between Oxford University and the United Hospitals, resulting in the latter winning by thirty-eight points to thirty. The one mile was won by Isidore McWilliam Bourke, the St. George's Hospital crack, who also won the three miles and the ten miles events, F. A. K. Stuart, also a distinguished disciple of Aesculapius, running second in the one and ten miles, and making a dead heat of it in the three miles with the Oxford University representative. It is said that McWilliam Bourke will not be seen again this season in open amateur events, as his medical studies will not allow of his devoting sufficient time to train. This will be a loss to amateur cycling as there is no more sterling rider than the St. George's Hospital man.

Whilst a lady was crossing a crowded thoroughfare in the vicinity of the city recently, she was accidentally knocked down by a cyclist. The police were quickly on the spot and a summons for riding a bicycle to the common danger of the public quickly followed. When the case came on for hearing, the lady in her evidence, emphatically stated that the cyclist was in no way to be blamed and she regarded the affair as a pure accident, in fact, it was greatly against her wish that a summons had been taken out. One would have thought that a dismissal would have followed but no, the delinquent was a cyclist, and as it appears to be the unwritten law that cyclists should be mulcted, whatever the evidence, he was accordingly fined two shillings and costs.

It is not a matter for surprise that the recent wonderful performance of the American rider, Murphy, who, with the assistance of a locomotive as pace-maker, rode a mile in 57 seconds should be quickly followed by the announcement that another racing crack is willing to attempt the performance under similar conditions. J. Platt-Betts has stated that he is prepared to "have a shot at the mile a minute record, if any English Railway Company will lay down the necessary track." No one doubts the little Oatfordian's pluck, or the genuine nature of his offer, but it is fairly safe to say that he never so anxious to try to ride, he will not find a Railway Company in England ready to meet him. English Railways have rather more to do with earning dividends for their shareholders than laying down tracks on which cyclists may attempt to beat speed records.
